The Lash of a Fiend

would have been about as welcome to A. Cooper, of Oswego, N. Y., as a merciless lung-racking cough that defied all remedies for years. "It was most troublesome at night," he writes, "nothing helped me till I used Dr. King's New Discovery which cured me completely. I never cough at night now." Millions know its matchless merit for stubborn colds, obstinate coughs, sore lungs, haggrippe, asthma, hemorrhage, croup, whooping cough, or hayfever. It relieves quickly and never fails to satisfy. A trial convinces 50c, \$1.00. Trial bottle free. It's positively guaranteed by all druggists.

At Emporium Opera House.
The company possessing capable performers, modern and progressive ideas, a combination of all that is essential in pleasing its patrons is the one sure to gain success. Desirous of providing the class of entertainments demanded by modern theatre goers, the management of Gorton's Minstrels have outdone all previous efforts, not only in strengthening the personal of the company, but also in the matter of new wardrobe, new and novel stage effects, and the presentation of all that pertains to high-class minstrelsy. A Sextette of trained vocalists render the latest ballads and selections. The instrumental music and various specialties fully sustain the reputation of the company, and there is no doubt of their being greeted with crowded houses. The company will appear at the Emporium Opera House, two nights, Sept. 15th and 16th.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause break-downs. You can't over-tax stomach, liver, kidneys, bowels, or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind, take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c, at all druggists.
