NO. 32.

Congressman Barclay Rapidly Improving.

Our popular and faithful Congressman, Hon. C. F. Barclay, has been spending considerable time in this county within the past month, arranging his business affairs and shipping part of his goods to Washington in order to be prepared for the opening session of Congress. Mr. Barclay's term of office will expire with March 4th, 1911, yet he is just as careful and energetic to comply with the wishes of his constituents as though he had four years to serve.

The Press enjoyed a social call from Mr. Barclay on Wednesday and we are greatly pleased to note how rapidly his health has improved which is indeed very gratifying to his friends. In reply to the false reports that Mr. Barclay would leave Cameron county and permanently locate in Washington we desire to correct the false impression, Mr. Barclay informing us that while his home will be with his sister during his service in Congress, his home is in Cameron county, where it has been for so many years. Of course what the future might tell no one can say.

The Delineator for October.

In the Delineator for October Erman J. Ridgway uses the words, "Mein Freund," spoken by the Kaiser to Mr. Roosevelt, as a text for editorials that reveal the strong personality which is shaping the magazine on broader lines each month.

The leading article of the month is a description of "Woman's Fight Against Draft in San Francisco," by Elizabeth Gerherding, who was one of the leaders of the Women's League of Justice. Mrs. Gerherding's startling story of what happened to the California reformers is really a tale of a modern inquisition in which many an advocate of civic righteousness suffered social and commercial martyrdom. Such a daring and circumstantial arraignment of corrupt government never has been published in any magazine that makes a direct appeal to women.

"The State Fair," by E. W. Randall and William Kirkland is a study of the development of the educational possibilities of the annual events that once meant a combination of vegetable exhibits and horse races. The second installment of Anne Forsythe's experiences while "Seven Times a Servant," sets forth what happened to the college girl when she tried to be a waitress in a New York apartment. Emily Post answers the question, "What Makes a Young Girl Popular?" and Gwendolen Overton writes of "The Exclusive Society of Mexico."

The fiction includes "Each in His Own Tongue" by Louisa M. Montgomery, a tale of rare quality; "The Harnesting of Pegasus," by Grace MacGowan Cooke, one of the author's best short stories, and "Mrs. Bankhurst to Dinner," a charming bit of comedy. "The Unforeseen," a serial by Mary Stewart Cutting, reaches a climax of compelling interest.

"The Man's Magazine" page is, as usual, amusing and original, a clever bit of burlesque that persons of every class will enjoy.

If you want a delicious sundae ask for "Quite the Thing". Something new.

WANTED—An apprentice girl, at Ludlams.

A Pastors' Congress to be Held in Altoona.

A unique feature of the coming State Sabbath School Convention to be held in Altoona, October 12, 13 and 14, will be a Pastors' Congress. The call has gone out to every pastor in the State inviting him to attend this Congress. There are about eight thousand ministers serving churches in Pennsylvania. The Congress in Altoona will bring together ministers representing all denominations. The theme of the Congress will be "Pastoral Leadership in Sunday School Evangelism."

The Sunday School to-day is looked upon as the greatest evangelizing agency in the Church, and greater attention must be given in securing proper conditions under which the Sunday School can do its work. Conservation of effort as well as results is a Sunday School problem of vital interest to all ministers.

W. G. Landes, with headquarters in the Witherspoon Building, Philadelphia, is the General Secretary of the State organization; and Mr. Alexander Findley, of Altoona, has charge of the local arrangements for the Congress.

The Sunday School platform brings all denominations together, and this Congress for pastors will no doubt be largely attended. Prominent clergymen from this State and other States will address the Congress.

Krise—McQuaide.

Miss Sophia Krise, of this place, and Mr. Joseph McQuaide, of Jersey Shore, were quietly married at the residence of Mr. and Mrs. D. W. Donovan on Fourth street, last Sunday, at noon. The Rev. Father T. B. Downey, Rector of St. Mark's Catholic Church, performed the ceremony. Miss Mayme Farrell and Mr. Harry McQuaide, brother of the groom, attended the bridal couple. Only the immediate friends witnessed the ceremony. After a bountiful dinner the happy couple departed on the afternoon train, for Renovo, where they were guests of the groom's parents. After a short honeymoon they will take up their residence at Jersey Shore, where the groom holds a good position. Mr. McQuaide was formerly employed in the tinsmith parlors of Mr. Edward Blinzler and has many friends at this place. Miss Krise, now Mrs. McQuaide, has been a resident of Emporium for some time and is popular with all who know her. We extend congratulations. Mrs. McQuaide, mother of the groom, of Renovo, was in attendance at the wedding.

DEATH'S DOINGS.

INGERSOLL

WALTER INGERSOLL died on Wednesday morning, September 14th, at about eight o'clock, at the home of his daughter, Mrs. Hattie Tyler, at Roulette, Pa. Deceased was born at Dutchess county, N. Y., eighty years ago. Mr. Ingersoll, always followed the occupation of a farmer and since the death of his wife, which took place about thirty years ago, he has made his home with his children, yet never being dependent on them. He worked in the woods until about two weeks previous to his death. About one week prior to his demise he complained of stomach trouble and a physician was called, but he had lived his allotted time and all aid proved to be unavailing and on the above stated time he peacefully passed away. The funeral took place last Friday afternoon from the residence of his daughter, at whose home he died and interment was made at Roulette. He is survived by the following children: Mrs. Hattie Tyler, Roulette; Mrs. Lizzie Waterman, Howard, N. Y.; Messrs. Henry, Fort Wayne, Ind.; Edward, Glenn Hazel, Pa., and Andrew, this place.

WILEY

MARY LOUISE WILEY, the second daughter of Grant S. and Mary A. Wiley, died at the family home at Austin, Pa., Monday morning at three o'clock, after a very short illness of about six hours. The baby was born February 28, 1910, and was therefore six months and 28 days old. The funeral service was held at the home on Wednesday morning and the remains were brought to Emporium, arriving here on the noon train. Interment was made in the Wiley burial plot, in the Newton Cemetery. The Press deeply sympathizes with the bereaved parents.

A Duty to The President.

President Taft's campaign letter makes a good impression and is well received. It recognizes no line of division in the Republican party. It points out what great work has been accomplished since his inauguration and what remains to do. What was done was accomplished because the President was supported by Congress. If the other Republican pledges are to be redeemed it must be done by another Republican Congress. In no other way can progress be made during this administration, as a Democratic House means a deadlock and reaction, says the Phil's Press.

If the Republicans are to present a full record on which to ask the endorsement of the people in 1912 they must elect a Republican House of Representatives in the next Congress. The Senate will continue Republican, but division, unreasoning criticism, and fault-finding among Republicans make the political complexion of the next House a matter of doubt. There should be no doubt. The Republicans have the votes to make the House clearly and strongly Republican. It is only a question of getting together and giving a loyal support to the kindly wise President whom their suffrage placed in responsibility and power.

The election of a Republican House is a duty owed to a Republican President. To leave him without a support in Congress for half of his term and without any cause would not be treating the President right. He has done nothing to forfeit Republican confidence. On the contrary he has done everything that should confirm and strengthen it. A House of Representatives without a clear Republican majority means two years of blocked legislation, of marking time and political speechmaking preparatory to the next Presidential campaign.

President Taft deserves better than this. His admirable straightforward letter of achievement shows what good use he has made of the short opportunity that has been given him to secure results. It is also a powerful argument why the Republicans of the country should sink local differences and unite all their strength to secure a Republican majority in the next House of Representatives.

We Have Our Money Up.

The St. Marys base ball team went to Emporium Friday to play a game of base ball. The game was a friendly one from the start but as it progressed it was plain to see that the team selected by Emporium team to handle the indicator had never seen a base ball game or knew anything about the book of rules, as a result of which our team was defeated by score of 5 to 4. Our boys wish us to announce that if Emporium can get together \$100, and a square umpire they will show them what real base ball is. Here is a chance for Emporium to get one hundred dollars; we have our money up can you raise the same amount?—St. Marys Press.

What say you, boys? Do you care to bother with them.

Miss Mary Blumle, of this place, won the first place, in the Bermuda Island contest given by the Williamsport News. It will be remembered that Miss Blumle won the diamond ring offered by the firm for one week's work. The merry bunch will consist of seven young ladies and they will be guests of the News at New York City and on the Islands, everything will be free of charge to them. New Borough Work.

Street Commissioner Mundy, with Mr. E. Matley as engineer, are preparing to lay an eight inch sewer on Wood street, from Fourth to R. R.

The Borough authorities have authorized a large amount of improvements to be made before cold weather sets in. Numerous new crossings of concrete will be built. With judicious care and substantial material we will soon have completed the finest walks and crossing to be found in any town of our size in the state. We believe Emporium can safely boast of the finest walks of any town in this section of the state.

The Borough Street Committee has completed great improvements on Third street, making it now one of the best in town. When it has become settled, the cinders will make an excellent bottom for vitrified paving.

The County Commissioners have the Bliss Construction Co., laying concrete walks around the public buildings, as well as in front of the square, also a concrete walk on Chestnut street.

All property owners having bad walks should promptly repair or rebuild same at once. The Council has determined to have every piece of walk in good condition before snow flies, even if they have to do the work themselves. Remember that costs more money. Get busy, people.

Keep up municipal improvements. It keeps your town growing and increases the value of real estate. Let Greater Emporium be the Slogan.
