

Home Millinery

THE untrimmed hats, turned out by manufacturers ready for the professional or amateur millinery, are so good in themselves, so graceful and becoming that they might be worn without the addition of ornament of any sort, and still be pleasing, although not complete. They are made of many varieties of silk, of velvet or plush, and in all sorts of combinations.

Those shown in the illustration are among the handsomest, made of silk crape in many rich colorings with high luster, and having the brims faced with velvet. Their shapes are all prepared for the addition of trimming, which this season will surely be of feathers. For some reason feathers have come to the fore like an avalanche. There are bands and pom-

mons, quills, wreaths, breasts, sprays, wings and plumes. Perhaps the feathered throng that sail about the sky, or perhaps chandelier has really awakened the world—to the possibilities of feathers. At any rate they are everywhere in endless and bewildering variety.

They have been made up in pieces all ready for the hat, and the way of the amateur milliner is made easy. This is the sort of trimming that is safe for her to undertake. She should buy both the shape and the trimming all ready prepared. Some of the former come already lined, which is a great convenience; for placing the trimming properly is not easy by any means.

JULIA BOTTOMLEY.

GET PLENTY OF FRESH AIR

Importance of Ventilating Rooms. Especially Sleeping Chambers, is Too Often Overlooked.

Nothing is more common than fresh air. Nature has provided it in abundance for all who will take it. There is no one thing so potent to prevent disease, so effective in maintaining a healthy action of the whole body. Bad air spreads disease. Consumption, pneumonia, bronchitis and catarrh are bad-air diseases. Bad air, too, is a cause of colds.

Sewage flowing into pure water pollutes it. So the air we exhale from our lungs pollutes the air in the room. The impure air from the lungs of any number of people in a room mixes with the pure air and makes it dangerous and unfit for breathing. There must be a supply of fresh air constantly coming in to take the place of the foul air, which in all cases should be permitted to escape near the top of the room.

It is a law of nature that air is always in motion, and because this is true one has only to lower the windows a little from the top and to raise them a little from the bottom and the process of ventilation will go on without our thought or care.

It is impossible to estimate the amount of misery and suffering caused by impure air. If you would escape, see to it that you get at all time a plentiful supply of fresh air.

BRAIDED COSTUME.

Braiding seems to have lost none of its popularity, and some stunning costumes are elaborately trimmed in this manner. The cut today suggests a dressy afternoon costume in pale gray satin messaline, the bodice and tunic covered with self-tone silk rat-tail braid in close design. The front and neck of bodice is cream lace and tucked messaline, the former edged with a narrow band of black velvet ribbon and tiny black buttons. The tunic opening on left side is trimmed at bottom with a huge fringed cascade of gray braid. The long trained skirt is finished at bottom with three deep tucks.

WEAK-ANKLED WOMAN'S SHOE

Dressy and High Footwear Now Being Made in a Variety of Styles.

It is an actual hardship to the woman whose ankles are so weak that she cannot wear low shoes or pumps in hot weather. Besides the discomfort from heat in our climate one is conscious of looking heavily shod. Many are tempted for dress occasions to slip into dainty pumps, but for those women who have a wholesome dread of broken bones what is to be done?

Fortunately it is now possible to get "dressy" shoes high. To wear with lingerie frocks there are good looking shoes in white buckskin or suede, some of them embroidered or beaded on the vamp.

High bronze shoes or colored boots to match special frocks can also be had.

For morning or outing use there are well cut high tan shoes or sporting looking white canvas and buckskin with heavy soles. Tennis soles are also to be found on boots that support the ankle.

Reefer Coat Smart Wrap.

There is no smarter wrap for younger women's wear at seaside, lake or mountain than the reefer coat made from a light-weight woollen checked material. Now that the one-piece dresses are so much worn the short, loosely fitting little reefers are just the thing for warmth. A blonde wearing a reefer in a pale-blue and white check, trimmed with white pique collar and cuffs and gilt buttons over her frock of white pique looked charming, and I have in mind a handsome brunette in a pretty gray linen frock with a reefer of white and gray checked goods, the trimmings white suede and gilt buttons.

Smart-Looking Bonnet.

Elderly women who prefer bonnets to hats sometimes find it difficult to find pleasing models. At a store I saw recently some very pretty and smart-looking bonnets. One was of braided net, black, draped softly over the crown, and coronet trimmed with a bunch of dainty white flowers from which rose a black aigrette. The strings were of good ribbon. Another was of white Yedda braid, covered with ebony black net. The left side was trimmed with black silk roses and lilies of the valley. Black roses also held the strings at the back.

Gray Linen.

As the season advances the fashionable woman emerges from exceedingly light colors to just a touch of severity in her garb. A new gown is of gray linen, cut in one piece with an oddly shaped band of linen on the skirt, opening in front to show an inset of heavy lace. Around the band is a narrow hem of linen on the outside. Bands of linen are used for trimmings and little caps go over the sleeves. A collar of finely-tucked India linen can be worn with the costume or dispensed with at pleasure.

The KLAGHEN CABINET

SOME has meat an' canna eat, And some there be that lack it; But we ha'e meat an' we can eat, And may the Lord be thankit.

Seasonable Ideas on Serving.
Dainty desserts that appeal to the appetite need not be hard to prepare. One especially nice and very little work is called

Nut Snow Dessert.
Place marshmallows in the oven until lightly toasted, add chopped nuts and serve with sweetened and flavored whipped cream.

Orange-Banana Cream.
Half fill deep sherbet cups with orange jelly, made strong in both color and flavor by soaking the peel of two oranges in the water before adding to the gelatine. Mash two bananas, add a tablespoonful of lemon juice and a fourth of a cup of sugar. When light and smooth fold in one cupful of whipped cream. Heap this on the jelly and serve.

Casserole of Lamb's Liver.
Lay the liver in slightly salted water an hour to draw out the blood and make it firm. Rinse and wipe dry. Fry slices of salt pork in a pan until crisp; remove the pork and add an onion sliced; when brown remove the onion and add the liver, turn and cook on both sides, then put it into a casserole with two cupfuls of stock and a dozen potato balls and as many small onions. Cover closely and cook until the vegetables are tender, in a moderate oven. Send to the table in the dish in which it was baked and you have a dinner all ready to serve.

A Nice Supper or Luncheon Dish.
Cook a dozen tomatoes until soft, put through a sieve and stand aside. In a frying pan put three tablespoonfuls of butter and half a dozen eggs; stir and cook until smooth, add the strained tomato and three tablespoonfuls of Parmesan cheese and serve with brown bread.

Omelet with Ham is a good breakfast dish. Prepare the omelet as usual and spread with seasoned and chopped ham, place in the oven to finish cooking.

Beet Relish.
Take one quart of cooked beets, chopped, one quart of cabbage, one-half cup of grated horseradish, two cupfuls of sugar and vinegar to moisten. Put in cans and seal for winter use.

CONVERSATION is but care. Give no more to every guest Than he is able to digest; Give him always of the prime, And but little at a time; Give to all but just enough; Let them neither starve nor stuff, And that each may have his due Let your neighbor carve for you. —Scott.

In the Canning Season.
Look up the choice recipes that you were anxious to try, make a list of them, then in the stress of the summer work, important things will not be forgotten. This is the month for "putting up" peaches. One famous cook who was an artist in canning peaches always prepared them the night before and let them stand covered with sugar until morning. They had a richness no other method gave. Can as usual. Here is a recipe which many may like to try while the cucumbers are in their prime:

Cucumber Catsup.
Choose fresh green cucumbers of the size and quality used for slicing. Reject those that are at all bitter, peel and grate them. Put into a bag and drain them, or a sieve may be used. To every quart of pulp add half a cupful of grated horseradish and half a cupful of grated onions, two tablespoonfuls of sugar, one tablespoonful of white pepper and two tablespoonfuls of salt. Add a quart of cold cider vinegar and seal in air tight jars.

Plum Catsup.
Boil the plums with a little water as possible until soft; rub through a colander and to every five pounds of pulp, add two and a half pounds of sugar, a cupful of cider vinegar and a level tablespoonful each of cinnamon and cloves. Cook half an hour, stirring steadily, and seal boiling hot. This is especially fine with beef, veal or ham.

To Pickle Plums.
Gather green plums before they begin to turn; make a pickle of mustard seed and salt with vinegar enough to cover the fruit. Boil and pour over the plums three mornings in succession. They may be used in place of olives.

Grape catsup is prepared the same as plum catsup and is a choice relish to serve with ham, venison or any game.

Minc'd Salt Mackerel.
This is a nice way of using pieces of mackerel left from a previous meal: Free the fish from skin and bones and mince fine. Make a cream sauce of two tablespoonfuls each of flour and butter. When bubbling add a cupful of this cream, cook until smooth and thick, season with a little onion juice and salt if needed. Place the fish in the sauce until heated. Serve in mashed potato nests sprinkled with chopped parsley.

Nellie Maxwell.

Vermont Thrift.
Robert Lincoln O'Brien, editor of the Boston Transcript, is a great admirer of the thrift of the Vermonters, but thinks sometimes they carry it too far.

O'Brien was up in Vermont last summer and went to dinner with a friend who had some political aspirations. As they came in the door he heard the lady of the house say to the hired girl: "I see Mr. Jones has somebody with him for dinner. Take these two big potatoes down to the cellar and bring up three small ones."

Don't Throw That Rug Away.
Just because a rug looks old and worn and the dust has been ground into it so deeply that a day's beating will not take it out, do not throw it away. Make a thick white suds with Easy Task soap, scrub the rug flat on the floor, wipe it dry with a clean cloth, and it will surprise you how beautifully new it is. Easy Task soap is an enemy to dirt and a friend to fabric of all kinds. It is the clean, white laundry soap that halves your washing and doubles your satisfaction.

Social Debts.
"She telephoned me every day."
"What is the reason of that?"
"I owe her a call and she is determined to collect it."

Good for Sore Eyes.
For 100 years PETTIT'S EYE SALVE has positively cured eye diseases everywhere. All druggists or Howard Bros., Buffalo, N.Y.

\$350 Piano FREE

PUT SPOKES IN THE WHEEL

To the person who draws the greatest number of spokes with pen or pencil in the above wheel according to the instructions given below, we will give absolutely free, one A. B. SMITH PIANO in mahogany, worth \$350, with stool and delivery. To all others who send in a reply to this contest, we will give a reduction order on our merchandise for \$25 and a copy of up-to-date sheet music absolutely free. This is an excellent chance for YOU to secure a splendid piano without paying for the same in money. We ask you to pay for it with your skill in drawing.

DIRECTIONS

Take a drawing pen or sharp pointed pencil and start at the black dot in the center marked "A." Use a ruler and draw lines or spokes to the outer rim of the wheel or circumference marked "C." If any two spokes touch at the circle marked "B," then these two spokes will not be counted amongst the number you have drawn. Remember the spokes dare not touch at the inner circle marked "B." This is done to give absolute accuracy in finding who has drawn the greatest number of spokes. All our advertisements containing this wheel have the wheel made from exactly the same cut and there is not a variation of a thousandth of an inch.

WE ARE DETERMINED

to make this contest the fairest and squarrest contest ever given. Remember that if you do not desire to send in a reply drawn on this advertisement you may use a separate sheet of paper, drawing your own wheel and filling in the spokes. It costs you nothing to make an effort to win this piano or to secure a copy of sheet music or a \$25 order on our merchandise.

IN CASE OF A TIE

equal distribution of pianos will be made. Mail all replies to us as quickly as convenient, but not later than SEPTEMBER 24, 1910. Write name and address plainly, and we will reply with a personal letter.

A. B. SMITH PIANO CO.

714 Prospect Av. S. E. Cleveland

For Bilious Attacks

Here is help for you. Your bilious attacks may be both prevented and relieved, but prevention is better than cure. The means are at your hand. When a dull headache, furred tongue, yellow cast to the eyes, inactive bowels, dizziness, or a sick stomach, warn you of a coming bilious attack, resort at once to

BEECHAM'S PILLS

which act almost instantly on the liver and bowels, and quickly regulate the flow of bile. A few doses of Beecham's Pills will correct the stomach, put the blood in order, relieve headache and tone the entire system.

For over sixty years, on land and sea, Beecham's Pills, by their safe and thorough action on the stomach, bile and bowels, have maintained their world-wide reputation as

The Best Bile Medicine

Boxes 10c. and 25c., with full directions.

WESTERN CANADA'S 1910 CROPS

Wheat Yield in Many Districts Will Be From 25 to 35 Bushels Per Acre

Land sales and homestead entries increasing. No cessation in numbers going from United States. Wonderful opportunities remain for those who intend making Canada their home. New districts being opened up for settlement. Many farmers will not, this year, \$10 to \$15 per acre from their wheat crop. All the advantages of old settled countries are there. Good schools, churches, splendid markets, excellent railway facilities. See the grain exhibit at the different State and some of the County fairs.

Letters similar to the following are received every day, testifying to satisfactory conditions; other districts are as favorably spoken of:

THEY SENT FOR THEIR SON.
My brother-in-law, Mr. Frank J. Zimmer, lives there and it was through him that we decided to locate in Canada. Yours truly, Mrs. Richard Henry Binger.

TAKES HIS BROTHER-IN-LAW'S WORD FOR IT.
Taylor Falls, Minn., Aug. 7, 1910. "I shall go to Canada this Fall with my wife and household goods. I got a poor crop here this year and my brother-in-law, Axel Nordstrom in Canada, writes me to come there. He formerly lived in Wilton, North Dakota. I am going to buy or take homestead when I get there. But I do not want to travel three times there, for I take my brother-in-law's word about the country, and want to get your law book." Yours truly, Peter A. Nelson.

WANTS TO RETURN TO CANADA.
Vesta, Minn., July 20, 1910. "I want to 'make a home' in Canada and I have a quarter section of cultivated land and a homestead. My wife and I have never taken up any land yet. I would like to see the country and to get some help to the states on account of my health. Please let me know if you can get me the cheap passage to Canada. Yours truly, Geo. Parkerville, Vesta, Minn."

WILL MAKE HIS HOME IN CANADA.
Bismarck, Minn., Aug. 10, 1910. "I am going to Canada in a week from today and intend to make my home there. My homestead has been there a week and I will proceed with the country. He that has a chance to get a cheap passage to Canada, please let me know. Yours truly, H. A. Wil.".

H. M. WILLIAMS, Law Building, Toledo, Ohio
