

GOV. HARMON RE-ELECTED

Carries State of Ohio by a Majority of 69,000.

LONGWORTH IS RE-ELECTED

Ohio Republicans Go Down to Defeat After a Most Strenuous Campaign.

President Taft's County Gives Harmon 15,000 Majority, While Cuyahoga Places 10,000 to Democrat's Credit—Harmon a Strong Democratic Possibility For President In 1912.

Cleveland, Nov. 9.—Governor Harmon has been re-elected governor of Ohio by about 69,000 majority.

One of the most bitter campaigns in the history of the Buckeye state closed last night. The Republicans put forth their most strenuous efforts to land their ticket on top, for the reason that a victory meant an endorsement of President Taft's administration and a defeat a slap at his policies which would be felt in this state far more than any other part of the country.

But victory perched on the banner of the Democrats and Governor Harmon is one of the strongest possibilities in the Democratic ranks at the present time for the nomination for president in 1912.

Hamilton county, the home county of President Taft, gave Harmon 15,000 majority, and Cuyahoga county, not to be outdone, handed the chief executive 10,000 majority.

Election reports had not been received but a short time before it could be discerned that in the strongest Republican counties the Democrats were making abnormal gains and when Hamilton county reported 15,000 more votes for Harmon than Harding received the Republican leaders gave up all hope and became reconciled to defeat.

Governor Harmon received numerous telegrams of congratulation, the majority of them hailing him as the next president of the United States.

The Republicans lay their defeat to factional strife, while the Democrats claim victory because of the tariff and the governor's popularity with the masses of the people.

In consequence of the Democrats controlling the Ohio legislature a Democratic successor will be chosen to replace Senator Dick.

The Harmon landslide in Cuyahoga will probably defeat Congressmen Cassidy and Howland.

Nick Longworth, Roosevelt's son-in-law, has been returned to congress.

DRAPER CONCEDES DEFEAT

Congressman Foss Elected Governor of Massachusetts by 32,987 Plurality.

Boston, Nov. 9.—Governor Draper, in conceding his defeat by Congressman Foss, said: "It looks as if they had made me the target. I trust that they have confined it to the head of the ticket."

Governor-elect Foss said: "From the latest reports thus far received I think my plurality will reach 32,987. I believe Cassidy (Dem.) has been elected lieutenant governor and that we have carried seven congress districts in the state."

Lease Elected in South Carolina.

Charleston, S. C., Nov. 9.—Slight interest was manifested in the election in the state of South Carolina, the vote from reports received being about as usual. South Carolina always polls a light vote in general elections, as all Democratic nominations in primaries are equivalent to election. The state ticket led by Colonel E. B. Lease was practically unopposed. Socialists having put out a gubernatorial candidate who received a few scattering votes.

Both Claim Victory in Nebraska.

Lincoln, Neb. Nov. 9.—Fine weather and a heavy vote. The liquor issue as represented by the county option fight caused thousands to scratch the ballot. A heavy vote in the Western half of the state makes it look good for Aldrich (Rep.) for governor. Republicans claim his election by a large majority.

The Democrats are equally sanguine as to Dahlman. The indications are that Burkett (Rep.) is being beaten by Hitchcock (Dem.) for the United States senate.

South Carolina Solidly Democratic.

Columbia, S. C., Nov. 9.—South Carolina as usual went solidly Democratic, electing the full Democratic congressional ticket and the entire Democratic state ticket. Both tickets were named in the primary of two months ago.

Colonel L. B. Lease of Newberry is elected governor. The only opposition was that of a Socialist candidate who received merely a nominal vote.

Garry Herrmann Loses His District.

Cincinnati, Nov. 9.—Judson Harmon Democratic candidate for governor, carried precinct A of the Tenth ward by 24. This is the home of Garry Herrmann, Boss Cox's most noted lieutenant.

Democratic tickets by usual majorities. Louisiana and Mississippi elected congressmen and minor state officials. Texas named entire state ticket with bigger Democratic majorities than Campbell got two years ago. Louisiana ratified ten million bond issue part payment world's Panama exposition.

Republicans Gain in Michigan.

Detroit, Nov. 9.—The state ticket shows a Republican gain. Charles E. S. Osborn is elected governor by 60,000 nearly 50,000 more than Warner had had two years ago. All Republican candidates for congress are elected, with the possible exception of Dieckema in the Fifth and Denby in the First.

Georgia Returns 11 Democrats.

Atlanta, Ga., Nov. 9.—Early returns indicate that Georgia returned 11 Democrats to congress yesterday. In eight districts the Democratic candidates were unopposed.

Only congressmen were elected yesterday, Governor, statehouse officers and legislature having been chosen in October.

Republicans Sweep Rhode Island.

Providence, Nov. 9.—The reelection of Republican congressmen, Republican governor and state ticket and Republican mayor of Providence is indicated by returns from 355 districts. These districts comprise the small country towns which are always strongly Republican.

Stimson Congratulates Dix.

New York, Nov. 9.—Henry L. Stimson has sent the following telegram to John A. Dix: "The present returns indicate your election. I congratulate you and send you my good wishes for the success of your administration."

Democrats Carry Asbury Park.

New York, Nov. 9.—For the first time in history the Democrats have carried Asbury Park, the great Methodist resort on the New Jersey coast.

TENER ELECTED BY 20,000 PLURALITY

Representative Dalzell's Return to Congress Assured.

Pittsburg, Nov. 9. — Pennsylvania, the bulwark for years of Republicanism, held her own and elected a Republican governor, returned a legislature overwhelmingly Republican and will also send to congress a great majority of Republicans.

It is estimated that the plurality of John E. Tener, Republican candidate for governor, will reach 20,000, a substantial one over Berry (Keystone); an increase over the majority of Governor Stuart, the present incumbent. Grim, the Democratic candidate, is hopelessly lost.

The reelection of Hon. John Dalzell (Rep.) to congress from the 39th district is assured. This was one of the most important fights in the state next to that of governor. Even Vice President Sherman of the United States came into the Pittsburg district to speak for Dalzell.

Anti-Prohibitionists Win in Florida.

Jacksonville, Fla., Nov. 9.—Interest in the election in Florida centered on the statewide prohibition contest. A constitutional amendment prohibiting the manufacture and sale of all liquors in the state was voted upon. Both sides claim victory and as many precincts are miles from telegraph or telephone, the result will not be definitely known for two days at least and even then the official canvass will be required to settle it. The indications are that the anti-Prohibitionists have carried the election by about 2,000 majority but this is by no means certain.

The Republicans had no ticket in the field for congress or for state offices.

Republicans Sweep Wisconsin. Milwaukee, Wis., Nov. 9.—A Republican state headquarters a sweeping Republican victory is claimed. P. E. McGovern, Republican candidate for governor, has an estimated plurality of 50,000 and LaFollette an even greater plurality for United States senate.

Charles Logue captured a cub bear last week. He found where said cub was digging out a chipmunk and set a trap in the hole with some chestnuts and got him right by the snout.

Bears are getting scarce around here lately, whether it is the poison or trapping that has taken them off, is hard to tell.

Pheasants are getting scarce here this fall, nearly all being drummers that have been killed. The hen pheasants were burned up in the forest fire last spring when they were nesting.

With forest fires, poison and dogs we will not have any game left in the woods in a few years.

Chickens, thieves are getting in their work again this fall. A shot gun would be none too good for such fellows.

Crum Brothers had the long distance telephone open on Tuesday evening and gave out the election news as fast as it came in.

Well, say the eel supper last Saturday night was immense. Messrs. F. S. Burk and Hank Colwell were the cooks and by the way the eels disappeared and the bones accumulated was a caution. Frank Fisk said he could not eat much but tried to keep up with Frank Johnson, but Johnson beat him by about one foot. "Pap" Blough got his fine teeth fast a couple times and called time on Fisk and Johnson but no use.

Well, all had a good time and not an eel left to tell the tale.
