FIRST FORK

The snow storms of the last week caught some of the farmers with their corn not all husked, but we expect some good husking weather yet, before the winter sets in, in dead earnest. B. B. Lorschbaugh made a husking bee one day last week and got his corn pretty well out; then in the evening gave a dance to the huskers and neighbors. Dancing was kept up till the "wee sma' hours," when all went home reporting having had a good time. Fred Williams's orchestra furnished the music. James Logue killed a yearling bear the fore part of last week, and Will Logue caught one in his trap on Saturday, and sold him to some hunters. Bert Williams caught one about the middle of the week, up Nelson Run. They are quite scarce about here yet. E. E. Logue quit trapping bear and went up to clerking in Billy Horton's store at Wharton. We understand he is down home now, however, and is going to hunt deer for a few days. As there is plenty of tracking snow on the mountains, some of our "Nimrods" may crowd the season, a day or two by the time it opens on Tuesday. The farmers, some of them, must be expecting an early winter, as they are already butchering their hogs. Mr. and Mrs. Fassington, who have been operators at Lorschbaugh, are moving to Cross Fork Junction, which is considered in line of promotion. A man by the name of Clark is stationed at Lorschbaugh. Uncle Geo. Mahon, one of the oldest settlers on Bennett's Branch, was buried at Hicks Run on election day, I believe. Got no particulars, but must have been crowded the century mark, if not past it. He left a brother, John, in Wharton township, Pa., who wasn't able to attend the funeral. It is reported that Mrs. Elsie Beckner leaves for home, in Laurel, Miss., this week, and will be accompanied by her sister, Clella, as far as DuBois, where she will visit Con and Merle Nelson's family, and other friends for a spell. Mrs. Charlotte Johnson, of Owego, N. Y., who came to attend Mrs. M. J. Logue's funeral, was taken sick but is reported on the gain now. Mrs. Geo. Mahon, of Berge Run, is very low and no hopes are entertained for her recovery. Henry Caldwell, of Sinnamahoning, was up to see his sister, Mrs. Wes. Berfield, who has been sick a long time, but is improving now. The "wind work" is being done for a Grange to be established here soon. This attack comes on periodically, but it looks this time as though it might "Pan Out," as there are enough singers to warrant getting a Charter. There appears to be more hunters than game, though a few more pheasants have been killed. So far no accidents reported among the hunters. Nov. 14th, 1910. NUF SED.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madison, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this watchful medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c. at all druggists.

DRIFTWOOD.

Probably the greatest pleasure experienced by the Driftwood school, as a whole, was, when the teachers and pupils returned from their vacation, a handsome piano was placed in the school. This gift was presented by Father Mo-Avenue. There is no doubt that Father Mo-Avenue takes great interest in the boys and girls of Driftwood. The pupils, teachers, and directors are greatly pleased, and an effort will be made to show their gratification by making the best possible use of the piano. Miss Ethel Winslow, of Reynoldsville, who has been coming here for some time, returned to her home Monday. Mr. Eldred Kreider, who has been in Garrett, Ind., for some time, returned home on Monday. Nov. 7th, to assist his father in the store. After spending some time in Northumberland and Philadelphia he enjoyed a trip through Delaware, Maryland, Virginia, West Virginia, Ohio, Indiana and Illinois, and then returned to Garrett, Ind., for a time. Some of the places of interest which he visited were Washington, D. C., Baltimore and Chicago, where he witnessed one of the National games. Miss Ethel Runyan was in Driftwood on Sunday evening. Miss Gertrude Hackett, who is teaching at Grove Hill, was home over Sunday. Mrs. G. L. Smith spent a few days in DuBois last week. The Ladies Aid Society decided to meet on Thursday afternoon to make arrangements for the Old Fellows' Banquet. Mrs. Dr. Gray was in town on Saturday. The walls and ceilings of the school rooms have been greatly improved by a coat of calumine, and the woodwork by a coat of stain. New curtains have been bought for all of the windows, and some new books have been added to the library. Mr. William Schweikart, of Emporium, was in town on Monday. Mr. Norman Webster, of Renovo, spent Monday evening at the home of S. P. retr. Mr. Roy Kreider, of Northumberland, attended Masonic Lodge on Friday evening. Mr. and Mrs. Roy Gleason, who started on Oct. 15, for a trip through the western States, returned on Monday evening. Some of the places they visited were Chicago, Denver, Colorado Springs, San Francisco, Salt Lake City, Spokane and Bend. Nov. 15th, 1910. x. x.

STERLING RUN.

Mrs. Hugh McDonald, who lived here some years ago, is visiting old friends in town. John Neenan has accepted a position with the Mount Hope Coal Co., as watchman on the engine. Mrs. Wm. Buck, of Ridgway, was a visitor in town Tuesday. Mrs. John Anderson, who has been suffering with inflammation of the eyes, is some better at this writing. Mrs. A. W. Wylie left Monday to visit friends and relatives at Lock Haven and Williamsport. Miss Nellie Whiting, who has been working the last year at Marianna, Pa., came home on Tuesday, on account of the building, in which she was working being recently destroyed by fire. J. H. Darren was a visitor at Emporium Tuesday. Mike Parker, Wilson Berry, Chas. Howlett, went to Mosquito Creek, Monday to hunt for deer. Elmer Whiting is having an addition built to his residence. Mrs. J. A. Dice was a visitor at Emporium and Renovo Saturday. Squid Eddy and C. A. Dice have very valuable dogs. One goes out and catches pheasants and brings them in, while the other goes up the trees after squirrels. L. L. Ebersole, who has been ill with tonsillitis the last few weeks, is able to be out at this writing. Douglas Smith, of Felix, W. Va., is home visiting relatives and friends here. J. A. Dice, Pennsylvania agent, who has had trouble with his eyes for the last three weeks, resumed work Monday. BLUE BELL.

SINNAHONING.

Well, hunting season is on and the woods are full of hunters. Squid Eddy is slow this season. Chas. Pitts brought in a small one last Monday. Will Colwell caught a bear on Saturday in his new-fangled trap, which hangs them up when it catches them, so that he will not have to hunt for them. Jim Batchelder brought in a fine bear on Saturday and on Monday he had another one waiting for him, which was too much for him to get in alone so he called in for help. This is the largest one of the season, weighing 300 lbs. J. Henry Logue is up for guide to lone hunters, who are afraid they might get lonesome. They might get tired but never lonesome if Henry is with them. Chas. Krebs and party of neighbors went out after the big buck on Buck's point. Geo. P. Shaffer is improving his new hotel getting ready for winter. John Logue is located at Oak Hill this fall. He talks of taking a wife from that place soon. Council Brothers are putting in the glass front in their store this week. R. M. Williams, of First Fork, has purchased a Jersey cow of A. J. Leidy. James Mead came in from Potato Creek this week and has gone to work for the Cameron Powder Company. Mrs. Geo. Batchelder visited Driftwood last Monday. Where is John Jordan of Huntley? We have not heard from him yet in regard to bears. Where is that bear that hunted him at Brook's Run last summer. Mr. Gillburg the letter is pretty busy these days. The hunters are taking the bread about as fast as it is baked. J. D. Council started on his annual hunt on Monday. He expects to capture a big one with immense horns this season. John Colwell an old resident and hunter of the First Fork has been killing his 40-70 and using a paraffin and is going to try for a buck again this fall. He has the fever as well as the younger boys. "Pap" Blodgett is putting globe sights on his rifle, getting ready for a bear or deer. He says it makes no difference with him. All the teams around here are busy getting hunting outfits into the woods. There are three parties in Wykoff Run, 30 on Karlsruhe mountain, nine on Temple Hill, in in Cooks Run, one in Arkansas Run, four in Big Run, one in Brun, two in Licks Run, and three in Cooks of hunters and dogs up at First Fork. Deer will have to suffer as most of the hunters have high power guns, that will kill a mile. It is very quiet here to-day, Tuesday, and many are anxious for their friends who are in the woods as some hunters don't know the difference from a man to a deer. There was no skating at the Rink 'ast Saturday night as the Rebekah Lodge had the hall for the evening. John Swartz is handling the ribbons of the Council Brothers team this week. D. W. Dougherty has sold his property to Chas. Erickson. Mr. Dougherty will move to Jamestown, N. Y., this week. Mr. Earl Towery, of Driftwood, was down on Sunday to see his best girl. James Donley left for Hunter's Rest on Monday. He says he wants the old dog to stay away from him this fall as he did not like his boarding place last winter. Chas. Meixel is catching some monster coons this fall. Jim Batchelder says they are bigger than cub bears and he don't see why he cannot catch some of those big ones. Mignon Rebekah Lodge, No. 295 was instituted here by Mrs. Lizzie Stone, Grand Warden of the Rebekah Assembly, assisted by Mrs. Celia Withers and Mrs. President of the county. Forty-one members signed the constitution and the new lodge starts off in good shape. Grace Reber, Degree Master of Renovo, was in charge. She extended the work in an able manner. Logue's Hall had been prepared for the occasion, which gave the degree staff plenty of room and it was surely fine. All was very quiet in the room when the staff formed the emblems of the order, but when the 31 ladies formed the three links they were given a hearty applause. At six P. M., after the lodge was instituted they all went to the P. O. S. of A. hall where a banquet was ready for all, served by a committee of the Rebekahs in charge of Mrs. Sarah Sillis. After the banquet they returned to Logue's hall there to initiate 11 more members who were not on the charter. The degree staff was in charge of Bro. McEnchols, of Renovo. After the work was completed they all went to the P. O. S. of A. Hall again, where refreshments were served and the balance of the time was spent in a social visit until train time and the Renovo people left for their homes. The members of the Rebekahs of the Mignon Rebekahs. Mr. and Mrs. Batchelder have been working for the new lodge for some time and their efforts are crowned with success. The new lodge has a good number of officers and will be a great help to I. O. O. F. DRUSE.

Emporium Social Club.

The members of the Emporium Social Club held a meeting at the rooms of the Republican Club last Monday evening. Important business was transacted and four new members were added to the list, making a total of 56 members. The charter member list was fixed at 60 as the limit, leaving place for four more members to get in on the charter. The club membership was limited at 75. This club is a permanent feature and plans are being made to continue dances all the year round. An organization of this kind has long been needed in Emporium and that one is started let the good work go on, the members all take an interest in it and all put their shoulders to the wheel, help with the work and then the Emporium Social Club will be the success that it is intended to be. A business meeting will be held on the second Monday of each month and all members should make it a point to be present. All of us can remember when the wage-earner lived in what he would now call poverty. The Protective Tariff has, in one short life period, moved him into a comfortable home, put a piano in the house, dressed the family well, educated the children, and paid for some life insurance besides. It will take a lot of sophistry to make him forget this.
