

For the Winter

HANDSOME long coat of plush or fur, finished with shawl collar and deep cuffs of fur, leaves nothing to be desired from the point of style or comfort. It is surmounted by a round turban of satin with a velvet coronet, on which a Persian band, embroidered with gold cord and studded with mock jewels, is mounted about the crown and across the brim. When the latter shows an indentation over the left eye a stiff aigrette is placed. These turbans set down over the head and are worn at a dashing and sometimes a little rakish angle, by the more youthful devotees of fashion.

Equally full of style, more adaptable to individual wearers and the perfection of comfort and convenience, is to be found in the soft velvet hats

and turbans (which might as properly be called hoods) and can only be accurately named as turban-hoods. They are not made over a frame but are supported by an interlining of some sort, warm and soft. They are lined with silk and worn far down on the head. A little fringe of curls about the forehead and neck is about all the hair that is visible with them.

A soft hat and muff of beaver cloth in mustard color, trimmed with dark brown fox fur, is shown in the second figure. The fur is bordered with old gold lace and the turban finished with two standing plumes in brown and green. This set is from the atelier of the renowned Carlier of Paris. By such clever effects the French rightly earn and keep their prestige.

JULIA BOTTOMLEY.

FANCY BLOUSE.

Worn with a serge or cloth skirt of the same color this blouse would look very well. It has a yoke of silk and lace ornamented with fancy buttons and loops of cord; the velveteen is arranged in flat pleats that are carried from yoke to waist; the sleeve to below elbow is of velveteen with cuff of silk, the under-sleeves of lace to match the yoke.

Materials required: 2 1/2 yards velveteen 24 inches wide, 3/4 yard silk, 3/4 yard lace.

Suede and Steel.

A gray suede bag shaped like a fleur-de-lis is most attractive in its unique cut. Its mounting is steel, plain in design, which does not interfere with the outlines of the bag, and the heading differs from that usually seen in that it is done with large instead of small beads.

They measure about an eighth of an inch in diameter and are of fine cut steel. They are used to bring out a pattern on the bag and also to outline its edges, and at the same time to sew the two sides of the bag together.

Life of Underskirts.

When making or buying a petticoat, have it two inches longer than the required length. Put in a one-inch tuck above the hem, which takes up the two inches.

When the bottom ruffle or the hem of the skirt wears, let down the tuck, cut off the ruffle or hem and hem up and you will have a nice clean skirt again, as the bottom always wears first.

BLUE AND BROWN ARE SMART

These Are the Year's Popular Colors, the Latter Especially in its Darker Shades.

Certain colors never go out of fashion and others are doomed to a short life by the very quality that makes them popular. Navy blue is one of the colors whose popularity never seems to fluctuate from season to season, probably because it is so universally becoming. The browns are more variable, but this year they are considered extremely smart, especially in their darker shades—Kaffir, nutmeg, seal and wainut.

In fact, all the new colors are perceptibly darker. Black is the smartest color of the season, but its effect is far from being sober or somber, because it is always relieved by white or by some vivid color. It has had its effect on other colors; the smart blues are almost black, the new greens are the deep shades of teal-leaf and wintergreen; and prune is the most popular shade of purple. Black used to be kept almost entirely for older women, but dressmakers are beginning to appreciate the fact that it is not becoming unless a woman has youth, health and a good color. Even then it has to be broken with blue, green, gold, etc., to give it the life it needs.—Delicentor.

Diet and Beauty.

Diet has much to do with the condition of the pores of the face. If food is not suited to the individual and is too rich, the system may try to throw it off by an exudation of oil through the pores. It is this which causes oily complexion, and the first step, of course, is to change the diet.

Such foods should be adopted as are nutritious, easily digested, and lacking in grease.

The list includes milk, eggs, fish, rare meats, rich spinach, beans and the like.

Thick soups, pastries and elaborate desserts should be banished, and plenty of fruit eaten.

Fresh air and careful washing of the face are, of course, necessary accompaniments of the treatment.

Carry Few Toilet Articles.

Women frequently carry many more toilet accessories than are needed. It is perfectly fair to assume that the hostess will have a dressing table equipped, or that she will possess enough pieces for the wants of her guests. Every woman wishes to carry her own brush and comb, but a hand mirror is heavy, and it is expected that one will be provided.

UNABLE TO MOVE.

Helpless With Kidney Trouble But Cured by Doan's Kidney Pills.

M. C. Walker, 933 Grand Ave., Connersville, Ind., says: "For ten years I suffered from kidney complaint and was on the verge of Bright's disease. I was often so helpless I could not move and neighbors two blocks away heard me scream with pain. I had no control over the kidney secretions and the pain in my back was almost unbearable. After several physicians had failed to help me, I began taking Doan's Kidney Pills and was soon relieved. I have had no return of kidney trouble in five years."

THOUGHT ONLY OF THE GAME

Filial Affection Lost Sight Of by the Small but Enthusiastic Lover of Football.

Among the spectators at a match between the Blackburn Rovers and the Olympic was a little lad about nine years of age. Though the boy's knowledge of the game may have been limited, his notion of correct play was extremely robust.

"Go it, 'Lympic," he yelled. "Rush 'em off their pins. Clatter 'em. Jump on their chests. Bowl 'em over. Good for yer. Mow 'em down. Scatter 'em, 'Lympic."

When his parent neatly "grassed" one of the opposing forwards, the youngster expressed approval by bawling, "Good for yer, owd 'en," adding proudly to the spectators, "Feyther 'ad 'im sweet."

"Yes," said a hearer, "but he'll get killed before the game's finished."

"I don't care a carrot if he does," said the boy.—London Tit-Bits.

PUTS STOMACHS IN ORDER.

No Indigestion, Gas, Sourness or Dyspepsia Five Minutes After Taking a Little Diapepsin.

There should not be a case of indigestion, dyspepsia or gastritis here if readers who are subject to Stomach trouble knew the tremendous antiferment and digestive virtue contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sourest, acid stomach in five minutes, besides overcoming all foul, nauseous odors from the breath.

If your stomach is sour and full of gas, or your food doesn't digest, and your meal don't seem to fit, why not get a 50-cent case of Pape's Diapepsin from any druggist here in town, and make life worth living. Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and besides, one fifty-cent case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Pape's Diapepsin, which will always either at daytime or during night, relieve your sick sour, gassy, upset stomach and digest your meals, is about as handy and valuable a thing as you could have in the house.

Resinol in Three Weeks Does What Other Remedies Failed to Do in Four Months.

My baby's face was like a raw and bleeding piece of meat. I was at my wits' ends what to do. Medicine from three physicians and ointment recommended seemed to make the Eczema worse. Then another mother spoke of Resinol, which I procured at once—remember I had no more faith in it than in all the rest I had tried—but I thought it would be wasting only 50c more. Never did I spend 50c to better advantage, for the first and second days I noticed a remarkable change, and now at the end of the third week I have my pretty blue eyed, rosy cheeked, cooling baby well again. I am safe in saying he is perfectly cured and the cure was surely something remarkable. Your Soap and Ointment did in three weeks what everything else I tried failed to do in four months. My baby was positively disfigured, now his complexion is all right again.

Back to the Wild.

There was a time when all dogs were wild and when what we call wolves were different from other dogs only as a collie now is different from a Newfoundland, for instance. From time to time you will hear of dogs that have returned to the life of their ancestors and have run wild with the wolves of the prairie or of the woods. In the town of Sandy in Oregon a greyhound one night made the acquaintance of a coyote, which is a kind of wolf, and ever since he has lived away from the town, running with the coyotes and approaching human dwelling-places only to steal a hen or two when he has been more than usually hungry.

Little Myra Explains.

Little Myra Lee had been in school but a few days when her mother had occasion to write a note to the teacher, and signed herself Mrs. Kent. Thinking she might have misunderstood the child's name, the teacher asked an explanation.

"Oh," said Myra, with a charmingly confidential air, "you see, my mamma got married again but I didn't."—Lippincott's.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this.

As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Aikey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
