NO. 49.

Special Letter.

WASHINGTON, JAN. 16. The cordial expressions of regard for John K. Tener from his colleagues on both sides of the House upon his retirement from membership in that body must have been extremely gratifying to the new governor. Mr. Tener's resignation went into effect on Monday. On the day of his inauguration many of his friends in the house wired him congratulatory messages in which they predicted that his administration would be such as to receive the commendation of the people. Some of his associates also sent floral pieces to the executive mansion. Mr. Tener's record in Congress has been that of an able, painstaking and public spirited official, who has rendered exceptional service for the constituency which sent him to Washington.

Members of the Pennsylvania delegation in Congress have referred to the fact that in the gratification of the Republicans of Pennsylvania over Mr. Tener's inauguration the campaign of slander last fall was forgotten. The echoes of the abuse and misrepresentation of the discredited political coalition which directed that disgraceful campaign died away with the announcement of another Republican victory in the Keystone State. Since then the methods employed to defeat the Republican candidate have been recalled at intervals only by the confessions of some of his enemies that they had lied about him. Pennsylvania politicians in Washington state that thousands of honest Republicans who were misled by misrepresentation and voted against the Republican ticket in November are now willing to withhold judgement in Governor Tener's case and give him an opportunity to fulfill the pledge he made last fall. It is highly probable that many of these Republicans have reflected upon what would have been the consequences if the campaign of slander had been successful. If so they realize that at Harrisburg on Tuesday the shouting would have come from exultant hosts of the Democracy, Governor Stuart would have retired for a Democrat, eager to exert the power of his administration for the advancement of the Democratic party in Pennsylvania and the nation. And a Democratic legislature would have displaced Senator George T. Oliver with a Democrat, who would join other Democrats in the United States Senate in the enactment of destructive tariff legislation. Considering the Democratic landslide in November and the menace of Democratic tariff revision in the next Congress the inauguration of Governor Tener is peculiarly fortunate from the viewpoint of Pennsylvania.

French Protection.

The revised French Tariff is a protective measure fundamentally and purposely, and it will be kept within protective lines at all hazards. It is the same policy as in Germany and in every other country except England and even there the Tariff is as protective as England can fairly make it, in view of her peculiar condition of having to buy three-quarter of her food supplies from without her own border while her chief industries are manufacturing and marine carriage.—Buffalo News.

Starting Right.

We are in receipt of an order from Dr. Floyd L. VanWert, of Woodlawn, Pa., for a year's subscription for the CAMERON COUNTY PRESS. Dr. VanWert was recently married to one of Emporium's most popular young ladies, Miss Floss Taggart, and they need the Press as one of the essentials of good housekeeping. Dr. VanWert states in his letter that he is nicely located and is getting along very well. We congratulate the young man and he well deserves all the good that may come his way, and with the help made of his choice he is sure to make good.

Basket Ball.

On Saturday last, Emporium went to Weedville and played that fast team to a standstill. At the end of the second period the score was a tie and Weedville refused to play for the extra points necessary to decide the game, the Emporium team was entitled a victory by default, but our boys put up no kick as they did not want to win on a technicality. This was the first game Weedville did not win this year and they say they will have revenge on return game which will be played in Emporium on Feb. 4th.

The Score: 18-18.

Pierotti	Forward	Myers
Extine	Forward	Campbell
Vogt	Centre	Fraser
Farrell	Guard	Carhart
Blumle	Guard	Brown

Goals from field, Extine 4, Pierotti 4, Farrell 1, Meyers 1, Campbell 4, Fraser 1, Brown 1. Goals from Fouls, Campbell 4.

On Saturday Jan. 21st., Emporium will play the strong team from Ridgway, and although Ridgway beat our boys a few weeks ago, it does not seem possible that they can repeat the performance, since our team is greatly strengthened and the team work has improved wonderfully. Pierotti, the star player from Kane is now a resident of this town and will be seen in all games in future.

HIGH SCHOOL TRIP.

The following members of the High School Athletic Association went to Brookville and Clarion last Friday afternoon. Messrs. R. H. Edgar, Eugene Metz, Gordan Vogt, Roy Swanson, William Howard, Jr., and Oscar Foster. During the trip two very interesting games of basket ball were played. Mr. Gordan Vogt was captain of the team. At Brookville, where the first stop was made the game resulted in a victory for Brookville, with a score of 61 to 27. Brookville has the fastest team in that section of the State and have only met with one defeat this present season. They played a very clean game and showed the boys a good time. On Saturday morning the journey was continued to Clarion, arriving there at ten o'clock. During the day they inspected the town and the Normal and in the evening attended the Literary Society and heard a very interesting lecture on Nature study. The game with Clarion Normal was called about nine o'clock Saturday evening and the first half finished with a score of 8 to 7 in favor of Emporium, at the end of the second half the score stood 18 to 13 in favor of Clarion. Although the boys lost both games they fought hard to win them and the teams they visited were stronger than they are. They expect to have return games with both these teams in the near future. The Emporium boys left Clarion on Sunday morning, driving a distance of 18 miles through the mud to Brookville where they took the train for home at 1:05 p. m. arriving here on the afternoon flyer via Driftwood.

All the regular services will be held next Sabbath, and the Revival services will continue next week. A cordial welcome is extended to all. Congregations are large and increasing in size. No services Saturday night.

An exchange asks: "Did you ever stop to reflect that it was one thing to talk about people and another thing to have people talk about you? If those of us who use our tongues a little too freely about our neighbors, would stop and reflect about this matter and know the great evil that comes from too much gossip and tattling, we are sure we would call a halt."

Maccabee Installation.

All members of Emporium Hive are requested to attend the Annual Installation of Officers to take place Friday evening, Jan. 20th, 1911. A Banquet will be held immediately after the ceremonies. Let there be a large attendance.

Organization of Legislature.

The Pennsylvania Legislature commenced its labors on Monday evening. On Tuesday the House voted for United States Senator. Senator Oliver having received 147 votes, Senator J. Henry Cochran, 28, Julian Kennedy, Ind., Rep., 20, also a few scattering votes. Yesterday at noon the two Houses met in joint session with the following result: Oliver, 181, giving him 52 more votes than necessary. The result was received with great applause.

With the election of United States Senator disposed of the House Speaker caused to be read the committee appointments. Hon. Josiah Howard was appointed Chairman of Ways and Means, one of the very best committees, if not the best. In addition, Mr. Howard is a member of Banks and Banking, Congressional Apportionment, Education and Manufactures. This recognition of Little Cameron demonstrates the importance of keeping a good man at Harrisburg. This county was also honored with one appointment, Mr. Walter Morrison being appointed to a place in the poster and folder department.

Immediately after the reading of appointments and committees the House adjourned to meet Monday evening.

The session bids fair to be one of the most important held in many years. Gov. Tener, whose inauguration was the most enthusiastic held in years, buckled down to work at once and cordially received his many visitors from all parts of the State. If we mistake not his administration will be up to that of his popular predecessor. Time will tell.

DEATH'S DOINGS.

MURKOCK.

Mr. Murdock McNeil, aged about 50 years, died at the Ridgway hospital early last Friday a. m. Deceased had not been in good health for the past few months, but on Friday previous to his death he was stricken with appendicitis, and the following Wednesday morning he was removed to the hospital at Ridgway. After a consultation of the doctors it was decided not to operate as his condition would not stand the heavy strain. Undertaker C. W. Rishol accompanied by Frank J. Lewis went to Ridgway on Friday morning and brought the remains to Emporium on the afternoon train and they were taken to the undertaking rooms of Hon. Geo. J. LaBar, where they were prepared for burial, later they were taken to his home at Rich Valley. The funeral was held on Sunday afternoon from his late home, interment was made in the Rich Valley Cemetery. The Press extends its sincere sympathy to the bereaved widow and children.

CARAMILLA.

James Caramilla, died at his home at this place, Wednesday evening about 9:30 o'clock. Mr. Caramilla has been a sufferer from stomach trouble for some time and for the past four months has been failing gradually. Deceased was born in Italy, March 5th, 1852 and would have been 58 years old this coming March had he lived. He came to this country about 40 years ago and four years ago last November came to Emporium and engaged in the fruit and candy business, where with the assistance of his wife and son Charles has worked up a good business. He was a quiet and industrious citizen and paid strict attention to business. He is survived by a widow and six children. The funeral will take place on Saturday morning at nine o'clock and High Mass will be celebrated in St. Mark's Roman Catholic Church, by the Rev. Father T. B. Downey, Rector of the Church. Interment will be made in St. Mark's Cemetery.

Condition Serious.

The condition of Mrs. W. G. Bair has taken a very serious turn and on Wednesday evening and this morning her symptoms are very alarming. Dr. McGranor, of Port Allegany, was called here on Wednesday evening in consultation with the family physicians at this place. We hope that she may fully recover.

Attended Wedding.

"Major" Phillip Coffenberg, dynamite inspector for the government at this place, went to Brooklyn, N. Y., last week, were he attended the wedding of his daughter. The genial "Major" is very proud of the fact that he wore the same necktie on this occasion as he wore on the evening of his own wedding.

DECISION MAY CHANGE OLD CUSTOMS.

Court Holds Commissioners Liable for Own Expenses While Traveling.

Should the higher courts sustain Judge Fanning, of Bradford county, in an opinion handed down in Tonawanda, that no county is liable for the personal expenses of county commissioners in discharge of their public duties, it will make a sweeping change in customs which have prevailed in nearly every county of the State for years.

The decision, while involving only the small amount of \$1.75, affects the entire state. It means, in brief, that, if upheld, when county commissioners are away from home on official business hereafter, they will be personally liable for individual expenses. In other words, on county business, the county is liable for mileage and nothing else, and that food and beds are for the commissioners to pay out of their own pockets.

In common with other counties, Bradford is divided into three poor districts, and each commissioner looks after the indigents in his subterritory. A woman residing in Commissioner Marsh's division was declared insane, and it was incumbent upon him to remove her to an asylum, which he did, rendering a bill of \$1.75 for meals on the trip. The bill was attested by the commissioners' clerk, and drawn on the county treasurer, who refused to honor the order on the ground that the law did not contemplate paying the commissioners' individual expenses.

The case hinges on the construction of the words "traveling expenses necessarily incurred in the discharge of their official duties," which Judge Fanning holds does not include eats. Hereafter, Bradford commissions cannot eat out the county treasury, and must carry full dinner pails en route on county business or take their lunch in a rag.

Whist Party.

On Tuesday afternoon, Mrs. Grant S. Allen entertained a party of lady friends at her pleasant home on West Fourth street, from three to seven o'clock. Whist was played in which Miss Mora McQuay captured first prize and Miss Maude Steek received second prize. A delicious supper was served at six o'clock. Those present were the Mesdames I. K. Hockley, J. D. Lagan, E. D. White, Allen Baldwin, C. J. Goodnough, J. H. Day, Geo. Metzger, Jr., Alton Housler, Alex. MacDougall, C. H. Felt, F. G. Judd, T. F. Mosre, Laura Bryan, Lizzie Hinkle and Misses Jettie Wiley, Maude Steek, Lora McQuay and May Gould. Mrs. Allen is entertaining another party at bridge whist this (Thursday) afternoon.

A Good Concert.

One of the finest treats that the Emporium people have had for some time, was the concert given by the Elma B. Smith Concert Company at the opera house last Tuesday evening, under the auspices of the Christian Endeavors of the Presbyterian and Baptist Churches. This is the second appearance of Miss Smith upon our stage and she was well received. Her reading were delightful and entertaining. The musical numbers on the programme rendered by Miss Smith's company were most excellent.

Substantial Memorial.

Ye editor very recently visited Newton-Wiley cemetery and while a blanket of snow covered the ground, we noticed very many beautiful tokens of affection deposited upon the resting places of dear ones. Beautiful, imposing mausoleums, monuments and headstones dotted all portions of the "Silent City" and while we drove through the avenues we could not but think of the very many departed friends who rested with the dead, where we all soon would be numbered. Would doubt if more beautiful monuments can be seen in any cemetery than one notices there. The latest to be erected is a handsome Barre, Vt., granite monument recently placed on Hon. B. W. Green's lot, in memory of his wife. It stands about six feet and is a very massive, one of the largest in the cemetery; of elegant design and the best of workmanship. The monument weighs over ten tons and required strenuous work to place it in position. The Foley Brothers Company, monument builders, Olean, N. Y., were the designers and contractors.

While writing these few words the situation as to the future comes to our mind very forcibly: We remember when Newton Cemetery was located and deeded by T. L. Messereau and wife to John B. Newton, and by deed from John B. Newton, June 29th, 1881, to the Borough of Emporium. A major portion of the lots had been sold by Mr. Newton yet a large number of unsold yet remained. Long since all of these lots have been disposed of and a large plot of land, owned by the J. S. Wiley Estate added. Naturally the owners of lots in the two cemeteries wonder what will be the future provisions made to care for the cemeteries. It has been suggested that an organization be formed and both cemeteries secured, and a fund deposited as an endowment, the interest to be devoted, exclusively, for the care and improvement of the resting place. Another suggestion has been made that a large plot of land, sufficient to last for many years, be secured if possible near the original Newton Cemetery. Who will move in this matter?

Engagement Announced.

Last Thursday evening, Mr. and Mrs. Bennett Leutze announced the engagement of their daughter, Miss Emma to Mr. Leo Ross, of the place. The announcement party was held at the Pariah House of Emmanuel Church. The wedding is to take place on Wednesday evening, January 25, at eight o'clock and is to be a quiet home wedding, only the members of the families of the contracting parties and the most intimate friends of the bride and groom are to be present. The ceremony will be performed by Rev. M. L. Tate, Rector of Emmanuel Episcopal Church. Another feature of the evening was a farewell party in honor of Mr. Howard Hutchinson, who has been employed as operator at this place, for the past few months. Mr. Hutchinson has been transferred to Ludlow. The evening was spent in playing cards and dancing. Refreshments were served. The prospective bride and groom received the congratulations of their many friends. About 75 people were present and all had a most enjoyable time.

Handsome Present.

Col. Andrew Brady, was recently presented, by a number of his friends, with a very handsome leather Sleepy Hollow chair. Of course the genial gentleman was delighted with the gift. Lime-Sulphur.

The purchase of raw materials for making the Lime-Sulphur sprays now occupies the minds of many orchardists in the State, and in reply for information on this subject by an inquirer from Lehigh county, Prof. H. A. Surface, State Economic Zoologist, Harrisburg, Pa., writes the following letter, which may be found helpful to others: "Limestone is composed of various properties of calcium oxide and magnesium oxide together with other chemical elements which occur as impurities. For making the Lime-Sulphur Solution the essential elements in lime is the calcium. Therefore, lime burned from limestone containing the higher percentage of calcium are called purer lime than those containing considerable magnesium in combination with oxygen, and in selecting your lime for use in boiling the Lime-sulphur Solution you will be getting more for your money by purchasing calcium than magnesium, since it is the calcium which unites with sulphur in forming the calcium sulphide, and this is the active agent in destroying the scale insects in this spray.

"The terms 'Italian' and 'American' when applied to sulphur indicate their origin and not their quality. There are three grades of fine sulphur which can be used in making the Lime-sulphur Solution. The higher priced is the 'sublimed', or 'Flowers' of Sulphur, which is made by evaporating the native sulphur and condensing it in cooled chambers, upon the walls of which it is deposited in fine particles. 'Flour' of Sulphur is ground brimstone, and is as pure as the 'Flowers.' Powdered Commercial Sulphur is made by grinding or milling the native sulphur as it is taken out of the mines, and is not purified, containing, as it does about one per cent. of impurities or insoluble material. All three of these grades of sulphur can be used in making the Lime-sulphur sprays, although the lower priced grades may require a few minutes longer boiling than the more expensive Flowers of Sulphur."
