### New "Flexible Hats"

nery, taking note of the strong black velvet, the brim lined with points of the oriental turban, and white satin and edged with a heavy seeking for something new, brought forth the new flexible hat of velvet. The queer but charming "ding-a-ling" hat burst upon New York and promptly captivated it. Naturally it has been followed by any number of soft hats and caps of velvet and other materials suitable for winter.

The "ding-a-ling" hat is a pointed cone of velvet with a rolled up rim next the face. It is guiltless of wire except for a single small shirring wire inserted about the brim edge. is lined with silk or satin and interlined with rice-net. The crown is made of four conical pieces sewed together except in cases where a manufactured cone of felt or beaver or velvet is steamed into the proper shape over a block. The original hat was trimmed with a single quill, placed flat against the crown at the The whole affair is chic if extreme, but becoming to only certain types. It is full of snap and crisp style, but impossible for many wear-

For those who cannot wear this jaunty (not to mention somewhat very dark brown furs with cardinal rakish) little bit of new millinery any number of new designs have been and are being invented. One of them

S OME inventive designer of milli- is shown here. It is a crusher hat of nery, taking note of the street by satin-covered wire—the only wire in the hat. Such a hat, with the brim dented against the crown and orna-mented with a smart algrette or stiff, flat, cockade, may be seen at any of the cafes, completing very handsome toilettes.

Odd effects in trimming are sough for these odd hats, and many of them, for the street, are untrimmed. They need a finishing touch, however, but it must be just a touch. A single skeleton plume, in peculiar colorings, or a long feather from the pheasant tail, or a narrow, gold quill, are favorites and illustrate the character of trimming which is appropriate.

with fur buckle, is partly flexible. There are no wires except in the brim, which is very cleverly draped with velvet. This is a sensible hat for midwinter. With the dark fur crowns one sees combined the most vivid and beautiful colors in velvet, mink and coral, black fox and bright green, plush or broadtail, dark mole-skin with cerise or coral velvet and color needed for midwinter.

### HAVE REGULAR MENDING DAY

Surprising Results Will Be Effected if a "System" Is Put Into Operation.

There is nothing on earth like system, and nowhere do you realize this more than in matters of dress. The more than in matters of dress. The tiny hole in your stocking, that you might have mended in two minutes, grows into an undarnable "run;" the rip under the arm in your new blouse extends alarmingly; nothing that must be mended stays "where it is put."

The remedy for all this is a regular mending day-or a regular mending evening, if you are a business woman. As soon as a garment needs mending-if it be only button or a hook that must be replaced—put it aside, unless it is so necessary that you must attend to the trouble at once, and when mending day rolls around do the required sewing. You will be surprised to find out how much lighter your work becomes when you can thus catch rents and tears at their instead of at their disastrous finish.

The other point to remember is alays to have your sewing implements where you can get them and in perfect Do not wait until the very moment for mending to find that you are out of white thread or that your needles are rusty. When a thing needs repairing, repair it; when it needs replacing, replace it. It might even be a good thing to have a regular "preparation day" to antedate the

Soups of Different Nations. There is something characteristic about the dishes of different people, and in none is this more marked than in their soups.

Italian Soup .- Peel and blanch 50 large chestnuts, cover with veal stock, add two tablespoonfuls of bread crumbs, salt, pepper and nutmeg; simmer two hours. Press through a sieve, measure the quantity of soup, and add half the quantity of hot milk. Thick-en with the yolk of egg added to a little of the milk to thin before adding. Serve with croutons.

The Germans have a national reputation for soups of all kinds, the fol-lowing are two culled from a collection of reliable ones:

German Veal Soup.—Put two pounds of the knuckle of veal into three quarts of water (cold), with salt, pepper, a carrot, onion and a clove to sea son. Simmer for four hours, cool, and skim and strain. Reheat six cups of the stock, add half a cup of cold cooked vermicelli, a tablespoonful of chopped parsley, a grating of nutmeg and the yolk of an egg blended with half a cup of milk. Reheat, but do not boil.

German Tomato Soup.—Cut up one pound of the breast of veal, add the bones, one tablespoonful of butter, one onion and carrot cut fine, two cups of tomatoes and a green pepper. Season with pepper, salt and minced parsley; cover with three quarts of cold water, and simmer for three hours, skimming as needed. Skim out the bones, add a teaspoonful of

sugar and one cup of cold boiled rice. French Potato Soup.—Reheat four cupfuls of veal stock. Add ten pota-toes, peeled and cut fine, two sliced onions, two stalks of celery, and a ta-blespoonful of butter. Add four slices of stale bread. Simmer for two hours, rub through a fine sieve, season with salt, pepper and nutmeg, and thicken with a tablespoonful each of flour and butter cooked and mixed with two

Soup Making.

Of the making of soups there is no end, and the variety is legion. Anything may be used in the soup pot from "fish flesh to good red herring." The following are some recipes that are unusual:

Turkey Soup .- Put into a soup kettle the bones and trimmings of a cold roast turkey, with a quarter of a pound of lean ham. Cover with cold water, add a chopped onion, a stalk of celery, a tablespoonful of powdered herbs, and pepper and salt to season. Simmer until the meat is in shreds; strain, reheat, add half a can of corn, and a little of the turkey stuffing.

Ham-Bone Soup.—Cover a ham bone with cold water, add two cupfuls of split speas, and simmer until the peas are thoroughly cooked, adding more water if necessary. Take out the bone, rub through a sieve, reheat, season to taste, and serve with dices of bread,

Beef and Veal Soup .- Cut fine three pounds of lean beef and two pounds of the round of veal. Fry in butter, with a sliced onion, cover with cold water and simmer for three hours. Add one carrot, four cloves, two bay-leaves and a stalk of celery. Simmer an hour longer, strain and reheat. Beat the whites of two eggs with half a cupful of cold water; pour into the soup and serve as soon as hot.

Vegetable Soup.—Cut into dice two

carrots, a quarter of a small cabbage, half a turnip, half an onion, a potato and two stalks of celery. Fry in but-ter; add six cupfuls of water or stock, and salt and pepper to season. Sim-mer for half an hour. Serve very hot with croutons.

Apple Soup.—Cook eight apples soft in as little water as possible. Add sugar to taste and press through a sieve. Flavor with lemon juice and nutmeg, and thicken with a table-spoonful of cornstarch rubbed smooth in a little cold water. When cool, add two cupfuls of cider.

Educational Posters by the Thousand to Be Displayed All Over United States.

During the next three months, the bill boards of the United States will display 20,000 educational posters on tuberculosis, according to an announcement made by the National Association for the Study and Prevention of Tuberculosis.

This will conclude the campaign begun a year ago, when the National Bill Posters' associaation donated free space to the tuberculosis cause the Poster Printers' association offered free printing, and nine paper manufacturers gave the paper for the posters. The combined value of these several donations for this three-month

campaign is nearly \$100,000.

The posters are in six different designs and are all printed in three col-ors. They are seven feet wide and nine feet high. Already nearly 2,500 of these posters have been hung on the bill boards of 46 different cities, and it is planned to distribute 20,000 more before April 1 In over 400 towns and cities. Any anti-tuberculosis so-ciety in the United States may re-ceive free of charge, except for transportation, as many of these posters as can be hung on the boards in its territory. The National association with the tuberculosis committee of the National Billposters and Distributors are conducting the campaign.

The posters show in graphic form how fresh air, good food, and rest cure tuberculosis; how bad air, over-work and closed windows lead to consumption; and how the careless con sumptive menaces the health of his family by spitting on the floor.

### NURSE TELLS OF SKIN CURES

"I have seen the Cuticura Remedies used with best results during the past twenty years. In my work as a nurse, many skin disease cases came under my observation, and in every instance, I always recommended the Cuticura Remedies as they always gave entire satisfaction. One case in particular was that of a lady friend of mine who, when a child, was afflicted with eczema which covered her face and hands entirely, breaking out at intervals with severer torture. She could not go to school as the disfigurement looked terrible. I told her to get at once a set of Cuticura Remedies. After the use of only one set she was perfectly well.

"A grown lady friend was afflicted with salt rheum in one of her thumbs, and she was cured by the Cuticura Remedies. Still another lady had dry salt rheum in both palms of her hands every fall of the year. They used to be so painful she could scarcely wet her hands until she began to use the Cuticura Remedies which cured her. I have also seen them cure children Simmer of ringworm. The children's faces would be all circles and rings around the cheeks, and the neck and after treatment with the Cuticura Soap and Ointment they were completely cured. My husband had rheumatism on his arm and I used the Cuticura Oint-It made his arm as limber and nice, whereas it was quite stiff before

I began to apply the Ointment.
"Last May I had an ingrowing toe nail which was very painful, as the side of the nail was edging right down in the side of my toe. the nail out of the cavity it made, and of course applied the Cuticura Ointit and in less than ten nights it was all healed through constant use of the Ointment. Ten days ago I had my left hand and wrist burned with b ing lard, and Cuticura Ointment has completely cured them. I have just recommended the Cuticura Remedies to another friend, and she is pleased with the results and is recovering nicely. I will gladly furnish the names of the people referred to above if anybody doubts what I say." (Signed) Mrs. Margaret Hederson, 77 Highland Ave., Malden, Mass., Oct. 1, 1910.

The Oldest Klickitat. Jake Hunt, the oldest living Klickitat Indian known, lies at death's door at his home adjoining this town east of here. The old Indian is reputed to be more than 100 years of age. Years ago an Indian village stood

where the Hunt family now carries on a general farming business. All that is left of the old settlement is a little church, a totem pole and numerous mounds where the Klickitats lie who could not reach the century mark. Old Jake says that this was the Indians' paradise before the advent of early white settlers. Jake Hunt is destined not to die a
