

# Artificial Flowers

LOWERS, more particularly roses, made of ribbon and other fabrics have never been so popular as during the present season. The time it takes to make them has always kept the price of such flowers high. Many of them take so little material that they can be made of scraps of ribbon while others take from a third to a yard and a half to make. Big American Beauty roses made of wide satin ribbon doubled lengthwise and wound about a center of cotton are expensive but so durable that they are favored for many decorative purposes. They have been used, mounted on millinery stems with millinery foliage as favors and dinner souvenirs for a number of seasons, by the best hostesses. Table decorations of ribbon flowers are exquisite, not as substitutes for natural flowers, but used in novel ways and exaggerated sizes. A center piece of roses, or one immense rose makes a fascinating base for the light, and roses from which candles spring are little bits of perfection. Some of the newest ones are made of ribbon which is translucent and the heart of the rose (and this is a touch of real genius) is a tiny bulb glowing with light.

But it is the decoration of millinery that fabric flowers, fashioned in the milliner's own workrooms, have forged to the front in popular favor. People who want them should not complain of high prices. Their recourse is to make them at home—since the time of the milliner is money. Almost every woman owns stems and foliage which may be used with these ribbon flowers, for foliage and stems outlast the millinery flowers as a rule. Leaves are easily smoothed out with a small, slightly warm iron. She who is clever with paints can use them to advantage in freshening foliage.

The roses and flowers are made in such a variety of ways that it is best to select a certain kind and copy it. Those in which the petals are made of short lengths gathered at both ends and along one edge, take less material than those that are wound about a center. Buds are made of little squares of ribbon mounted in a millinery calyx, and take very little material.

Illustrations are given here of several varieties of roses and buds; a little experimenting will develop the flowers satisfactorily.

JULIA BOTTOMLEY.

## IN VELVETEEN AND CASHMERE

Charming Dress That is Made Effective by a Combination of Colors.

This charming dress is a combination of velveteen and very fine cashmere in a rich tone of amethyst. The trained skirt is plain, and then over it is a long tunic of cashmere edged with a narrow border of skunk;

the kimono bodice opens in front over a vest of velveteen with small lace yoke; the edges of bodice and oversleeves are trimmed with fur; the under-sleeves are of lace. A handsome silk girdle is knotted round the waist, the long tasseled ends falling over front of skirt.

Materials required: 10 yards velveteen, 5 yards cashmere.

## STYLES DISPLAY THE SHOES

Prevailing Short Skirts Make Footwear a Highly Important Consideration.

Footwear is made prominent this season by the styles in vogue, the short, scant walking skirt being well calculated to display the feet. The attention thus focussed has brought about some smart results. There is a marked preference for the high buttoned boot with its Cuban heel, which is shown in calfskin and suede and also in velvet, for the tendency of fashion to make much of rich fabrics has extended even to the world of footwear. Black, brown and navy-blue velvet are greatly favored to carry out the fashionable conceit of a one-tone street costume, and these harmonizing boots are really very fascinating with their long lines of tiny smoked-pearl buttons.

Slippers also partake of this general use of rich materials. Black satin is always correct for dressy wear, and this season black velvet is also greatly favored. The deforming rosette is being displaced by the widespread use of buckles for ornamenting slippers. For formal wear the scintillating rhinestones are of course the most effective. Very handsome evening slippers for full dress are sometimes fashioned of cloth of silver or gold, and, again, often of brocade. Of course, the hosiery always matches light-colored slippers, and many beautiful silk stockings are shown having elaborately wrought drawn-work decorations, or else daintily-embroidered floral designs.—The New Idea Woman's Magazine.

**New Petticoats.**  
The prettiest thing I have seen recently in this line is a charming chifon cloth skirt in two colors, a pink under a white, for instance, with knee deep plaited flounces plainly hemmed. Can you imagine anything softer or more utterly feminine than these? The colors are beautiful, too, all the pale shades in combination, besides such striking combinations as black over brilliant green or crimson for more practical wear.—Smart Set.

**Robe Novelties.**  
Among the novelties in robes are those with the upper part of cashmere de sole.  
The bottom of this material is finished with a pine-patterned border in exquisite colorings, while below the border the material is finished with a deep plain band of ratiue in a much darker color than the cashmere

### A Mosque for London.

It is proposed to erect a mosque in the capital of the greatest Mohammedan power in the world, and the only surprising feature of the project is that it has not been executed before. The building is to cost £100,000, to which the Aga Khan has already contributed £5,000. The committee in control of the scheme is presided over by Amir Ali and includes the Turkish and Persian ministers, as well as three members of the council of India.—London Globe.

### That Essential Struggle.

There are men who go through life without ever getting what one would call a throw-down or set-back—they never get to know what it means to face rough or tough weather. They seem to be slicked and paved. They seem to miss the one great essential thing in every success—the struggle; days when everything looks as though one is about done for and ready to cave in.

## BURDENS LIFTED FROM BAD BACKS

Weary is the back that bears the burden of kidney ills. There's no rest or peace for the man or woman who has a bad back. The distress begins in early morning. You feel lame and not refreshed. It's hard to get out of bed. It hurts to stoop to tie your shoes. All day the ache keeps up. Any sudden movement sends sharp twinges through the back. It is torture to stoop and straighten. At night the sufferer retires to toss and twist and groan. Backache is kidney ache—a throbbing, dull aching in the kidneys. Plasters or liniments won't do. You must get at the cause, inside.

## DOAN'S KIDNEY PILLS CURE SICK KIDNEYS

**COMPLETELY PROSTRATED.**

Mrs. Eliza Kirk, S. Main St., Spencer, Ind., says: "I had been prostrated with inflammatory rheumatism. My limbs were swollen, hands drawn out of shape and I was so sensitive to pain I had to be turned in sheets. It was surprising how quickly Doan's Kidney Pills relieved me and how soon I was cured. For three years my cure has been permanent."

**How To Tell When The Kidneys Are Disordered--**

**Painful Symptoms:** Backache, sideache, pains when stooping or lifting, sudden sharp twinges, rheumatic pains, neuralgia, painful, scanty or too frequent urination, dizzy spells, dropsy.

**Urinary Symptoms:** Discolored or cloudy urine. Urine that contains sediment. Urine that stains the linen. Painful passages. Blood or shreds in the urine. Let a bottle of the morning urine stand for 24 hours. If it shows a cloudy or fleecy settling, or a layer of fine grains, like brick dust, the kidneys are probably disordered.

**WEIGHED ONLY 80 POUNDS.**

Byron Bennette, 1018 St. Clair Ave., East Liverpool, O., says: "I was helpless in bed with kidney trouble. I ran down until I weighed but 80 pounds and everyone thought I had consumption. A specialist gave me up and so did my home physician. Surprising as it may seem, I was able to leave my bed after using six boxes of Doan's Kidney Pills and for six years I have remained free from kidney trouble."
