## What Tonics Are.

When the papers are full of advertisements for this or that great tonic, people are apt to be tempted to try them, but it does not take long to discover that after all there is nothing equal to Sexine Pills for any form of nerve weakness in men or women. We seldom find anybody who can say he or she was cured by this or that wine, extract or liquor, but almost any one can testify to the great nerve and body-building qualities of Sexine Pills are absolutely guaranteed. Each box has a cash coupon in it. They cost \$1 a box, 6 boxes for \$5. Four months' treatment for \$5. Sold at Dodson's Drug Store, Emporium, Pa., where they sell all the principal remedies and do not substitute.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by all dealers.

## Cost of Transporting the Mail

According to statistics just compiled by the Railway Mail Committee from reports submitted on forms prescribed by the post office department by 187 railways, operating 178,710 miles on which there are 2,411 mail routes, the railways of the United States not only receive less compensation for handling the mails than they receive for handling express, but in proportion to the cost incurred by the roads and the value of the service rendered by them the compensation they receive for handling the mails is less than that received for any other service.

For the year ending June 30, 1909 the average earnings per passenger train mile was \$1.27 while the average per freight train mile was \$2.76. The average passenger train is 300 feet long and if it carried mail only in all its cars it would earn only 97 cents per mile. The railways receive less for mail than from either express or passengers. The other service rendered by passenger trains, while the total from the three is less than half of that received from freight. These figures are based on the amount the railways received for hauling one foot of car space one mile in the transportation of passengers, mail and express. In November, 1909, the railways hauled 1,153,110,245 feet of car space one mile in transportation of mail for which they received \$3,721,796; 1,320,108,589 feet one mile in the transportation of express for \$5,075,222.00 and 9,902,370,150 feet one mile in the transportation of passengers for \$43,738,723.00. The average revenue per thousand foot miles, equivalent to hauling a train of twenty 50 feet cars one mile was therefore as follows: mail, \$3.23; express, \$3.86; passengers \$4.42, the roads receiving 19 per cent. more per foot mile for hauling express and 37 per cent. more for hauling passengers than they received for hauling the mails.

This method of comparison was used as the railroads claim it is manifestly unfair to compare the rate per ton on mail and express since under the regulations and orders of the Post Office Department railway postal cars are limited to an average capacity of about three tons while express cars carry from 20 to 30 tons. The Post Office Department requires the railways to haul 22 tons of car for each ton of mail while the express companies comply with the

demands of the railways that express matter shall be economically loaded.

In addition, the railways companies carry the mails between stations and post offices at six-sevenths of the mail stops. This service the Postmaster General has estimated would cost the Department \$4,093,000.00 annually if rendered by it. No such service is rendered the express companies. Postal clerks are carried free while on duty and between the ends of their lines and their homes and the roads furnish annually \$1,000,000.00 of free transportation to various postal officials. All these persons have the legal status of passengers and the railways are required to pay damages in case of injury. The express companies assume all such liability for their employees. The railroads receive pay for every pound of express they haul but under the system of weighing the mails only once in four years, the roads get no compensation for the carriage of the increase during this period, averaging 6 per cent. or about \$3,000,000.00 worth of service per year.

From 1907 to 1910 the expenses of the Post Office Department increased about \$40,000,000.00 but the railroads though they handled 22 per cent more mail, received \$352,760.00 less in 1910 than in 1907.

## Midnight in the Ozarks

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy its the best known remedy, price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by all dealers.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. R. Kendrick, Rasaca, Ga. "It is the best cough remedy on the market for coughs, cold and croup." For sale by all dealers.

## Some Korean Superstitions.

The wildest superstitions are rife among the natives of Korea, says a writer in the Wide World Magazine. Everything is ascribed to the good or evil influences of invisible spirits, whom they strive to propitiate by incessant and petty sacrifices. The serpent is revered as sacred and fed as a domestic pet. Marriage is a question of etiquette and is arranged by the parents. A live goose is given as a betrothal gift, as a symbol of fidelity and long life. Filial piety is cultivated to a remarkable degree, a son considering it his duty to follow his father to prison or exile. Sacrifices of pigs, sheep and goats are offered to the firmament, to which they pray for rain or fair weather and the removal of plague and misfortune.

## America Claims the Bean.

Until 1883 the bean was believed to have originated in Asia. Researches among the flora of ancient Peruvian sepulchres show that it was known in antiquity in Peru. No fewer than 50 different species have been found in the old burying places and 49 of the 50 were distinctly American. The sepulchres explored date back to the period beginning with the twelfth century and ending with the fifteenth. Within them was a great number of beans—so many that it is reasonable to suppose that beans held an important place in the agriculture of the ancient people of Peru. Probably the common dried bean of modern commerce was well-known in the antique world long before the discovery of Columbus.

## "Filthy Lucre."

The expression "filthy lucre" is of biblical origin, and is to be found in the third chapter of the first book of Timothy, where the qualifications necessary for the office of a bishop are thus set forth: "This is a true saying. If a man desireth the office of a bishop, he desireth a good work. A bishop must then be blameless, the husband of one wife, vigilant, sober, of good behavior, given to hospitality, apt to teach; not given to wine, no striker, not greedy of filthy lucre; but patient, not a brawler, nor covetous."

## Bogus Cloth.

What is Paint? Some people think anything labelled "paint" is paint, but there's a difference, just as much as between one kind of cloth and another. Cloth nine-tenths cotton and one-tenth wool, is bogus cloth. Cloth all wool wears to the limit. Paint at a price between 75 cents and \$1.50 is like bogus cloth. The L. & M. Paint is all wool and wears to the limit. There's a reason.

## Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c at all druggists.

In cases of rheumatism relief from pain makes sleep and rest possible. This may be obtained by applying Chamberlain's Liniment. For sale by all dealers.

## Do It Now.

Emporium People Should Not Wait Until it is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Anna Zimmet, Fourth St., Emporium, Pa., says: "Ten years ago I procured Doan's Kidney Pills at Taggart's Drug Store and found them to be a reliable kidney medicine. I shall always recommend this preparation when I have the opportunity."

For sale by all dealers. Price 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
