The Imperial Kitchen Elevator

Holds Everything for the Table

It is out of sight and out of mind until you push the button, then immediately in reach, without physical effort. It changes ill health to good health, bad temper to a pleasant disposition.

The Cellar is the Best Place to Keep Things for the Table

Some one must fetch them and take them back again. It is back-breaking, time-consuming, devitalizing, routine work, and the energy expended shows no result.
