Though the character of land agent, or land jobber, to use the more approbious epithet of the "settlers," is generally obsonious, Mr. Shoemaker so managed his trust that while he gave satisfaction to his principals, he had rarely any difficulty with the purchasers; and under his auspices a very large proportion of the lands in Northern Cambria have been opened to the benefits of cultivation..

We shall not dwell upon the clerical labors, the privations, the toils of Father Lemke, as that is matter for a religious rather than a political paper. John Ross, a Democrat, and as pure and high-minded a man as lives, was nominated to the Senate and rejected because (for there could be no other reason) he was a Democrat.

Since that time the name of Edward Robserts, Esq., of Ebensburg, was sent to the Senate. He, too, was rejected because (for there could be no other reason) he was a Radical. Mr. Roberts was entirely honest, competent, responsible and radical. It might seem strange for a conservative President to appoint him, but for a radical Senate to reject him seems stranger still.

Since writing the foregoing we learn that Wesley J. Rose, Esq., of Johnstown, has been appointed by the President and confirmed by the Senate. Mr. Rose is a Democrat, and as pure and high-minded a man as lives, was nominated to the Senate in this flourishing place.

Dear Freeman—The Lenten season is over, and as a feast generally succeeds a fast, we will have a festive time here for a week or among the Germans, hereabouts at least, and the sober faces of the past forty days to-day are radiant with smiles of joy and happiness. Our bress band, too, lends its cheery aid to assist in causing us to forget the serious thoughts which were ours during the season just past. The last few days of Lent, from Holy Thursday to Easter Sunday, are observed, here with great solemnity and devotion—the entire congregation turning out from town and country to assist at the imposing ceremonies prescribed by the Catholic ritual and so well observed and carried out at our St. Boniface. I have hitherto neglected to notice the fact that quite a number of improvements are being made in our town, in the way of buildings and dwelling houses. I observe particularly, the commencement of a fine dwelling by Mr. Valentine Thomas—also one by Mr. J. Stoltz, and one well under headway by———. In addition to these there are a number fast approaching completion, as well as several under contract but not yet commenced, besides a number of shops and sundry building improvements of a miscellaneous character—all tending to increase and enhance the value of real estate increase and enhance the value of real estate
