DANGER FROM LIGHTNING.—During the rains and storms of the past few weeks we have heard of several accidents from lightning, both to persons and property, and in view of the continuance and probable recurrence of these storms, we give some facts with regard to lightning which may be of benefit to those who regard them worthy of attention.

It is very dangerous to be near a tree or lofty building; also near a river or any running water, because any tall object will frequently discharge a lightning cloud, and, if any one were near by at the time, the lightning might glance off and pass through the human body.

The most dangerous parts of a dwelling during a thunder storm are the fire place, especially if the fire be lighted, the attic and the cellar. It is also imprudent to sit close by the walls, to ring a bell, or to bar the shutters, during a thunder storm.

Fire places are dangerous, because heat, air, and soot, especially when connected with a stove or grate, are conductors. Attics and cellars are dangerous, because the electric fluid, as we have already told you, sometimes passes from the clouds to the earth, and sometimes from the earth to the clouds, so that in the middle story must be the safest place. It is dangerous to lean against a wall, because the lightning, in passing down the wall, would leave it and go into the body, which is a better conductor.

It is dangerous to be in a crowd, because a mass of people forms a better conductor than one person, and because the vapor arising from the crowd increases its conducting power. Any place, about twenty or thirty feet from a tall tree, building or stream of water, is the safest place. Any one in a carriage, should sit upright, for the same reason that we have given why no one should lean against a wall.

A mattress, bed or hearth rug furnishes good security against lightning. If in the open air at the time, the best thing a person can do is to stand about twenty or thirty feet from a tall object and get wet to the skin, because their clothing forms a better conductor than the fluids of the body, and the lightning, therefore, would readily pass down the clothes.

CURE FOR CONSUMPTION.—Eat all that the mind requires of the most nourishing food, such as fresh beef, lamb, oysters, raw eggs, fruit, vegetables, and three times a day take a glass of eggnog, made as rich as the patient can bear. Avoid all alcoholic drinks. Bathe twice a week in water agreeably warm, and in a warm room. After bathing rub the body and limbs with sweet oil. Exercise daily in the open air; walking is the best. Stand erect, expand the arms and lungs freely; keep the mind cheerful; take freely of the best cough medicine, and consumption will be a stranger to your household.

For making the best cough syrup, take one ounce of thorough-wort, one ounce of flaxseed; simmer together in one quart of water until the strength is entirely extracted. Strain carefully; add one pint of best molasses and half a pound of loaf sugar; simmer them well together, and, when cold, bottle tight. It is the cheapest, best, and the safest medicine for coughs now or ever used. A few doses of one tablespoonful at a time will alleviate the most distressing cough of the lungs, soothes and allays irritation, and if continued subdues any tendency to consumption; breaks up entirely the whooping cough, and no better remedy can be found for croup, asthma, bronchitis, and all affections of the lungs and throat. Thousands of precious lives may be saved every year by this cheap and simple remedy, as well as thousands of dollars which would otherwise be spent in the purchase of nostrums, which are both useless and dangerous.

ACCOMMODATION AT THE BANK.—A capital example of what is often termed "taking the starch out," happened in a country bank in New England. A pompous, well dressd individual entered the bank, and addressing the teller, who is something of a wag, inquired:

"Is the cashier in?"

"No, sir," was the reply.

"Well, I am dealing in pens, supplying the New England banks pretty largely, and I suppose it will be proper for me to deal with the cashier."

"I suppose it will," said the teller.

"Very well, I will wait."

The pen dealer took a chair and sat composedly for a full hour, waiting for the cashier. By that time he began to grow uneasy, but sat twisting in his chair for about twenty minutes, and, seeing no prospect of a change in his circumstances, asked the teller how soon the cashier would be in.

"Well, I don't know exactly," said the waggish teller, "but I expect him in about eight weeks. He has just gone to Lake Superior, and told me he would be back in that time."

Peddler thought he would not wait.

"Oh, you may stay if you wish," said the teller very blandly. "We have no objection to your sitting here in the day time, and you can probably find some place in town where they will be glad to keep you at night."

The pompous peddler disappeared without another word.

HOW TO PAINT STOVES.—A writer in an English magazine proposes, instead of blackleading stoves and grates, that they should be painted with water glass (silicate of potash,) colored with pigment to harmonise with the coloring of the apartment. Before this is applied the iron must be thoroughly cleansed from grease, and all rust must be rubbed off with a scratch brush. Two or three coats of the paint may then be put on and allowed to dry, after which the fire may be lighted without fear of injury to the color, which may, indeed, be exposed to a red heat with impunity. Grease or milk spilt over the paint has no effect upon it, and it may be kept clean by washing with soap and water. Dutch ovens and other similar utensils may also be coated with the same material, and the labor spent in polishing them may thus be saved. A good coating of this paint will last a year or two.

HOUSEKEEPERS, ATTENTION!

A WASHING MACHINE

WORTH HAVING!

DOTY'S Clothes WASHER. The best *ever invented* The longer THEY ARE **Used the better** THEY ARE **LIKED.**

They are coming into general use throughout the country.

Many who sell the UNIVERSAL WRINGER keep also the DOTY WASHING MACHINE, which, although but recently introduced, is as great a *Labor* and *Clothes Saver* as the Wringer, and is destined to win public favor and patronage everywhere.

It washes *perfectly* without *wearing* or *rubbing* the clothes at all.

☞Prices—Family Washer, $14. No. 1½ Wringer, $10.

These Machines are adopted by the *American Agriculturist* as Premiums, and endorsed by its Editors as the best in market.

HOME TESTIMONY.

Read the following testimonials from persons in Ebensburg who have used and learned to appreciate these valuable Machines:

Mr. G. Huntley—We have used one of Doty's Washing Machines, which we purchased from you several weeks since, and it gives entire satisfaction. We cheerfully recommend it to all housekeepers, and are free to say that we would not dispense with it for any consideration. It is a great saver of time, labor and clothes.

LINTON & SON, Mountain House.

I purchased one of Doty's Washers from Mr. G. Huntley and am delighted with it, and would recommend every housekeeper to get one. Mrs. A. M. PIPER.

Mr. G. Huntley—The Doty Washing Machine I purchased from you proves to be an article of real merit—the best I have ever seen. Considering the great relief it affords in the labor of washing and the saving of time, no family should be without it.

WM. M. JONES.

Mr. Geo. Huntley—I am delighted with the Doty Washer purchased from you.—The more I use it the better I like it. I would not be without it. It is a great saver of time and labor, and does not wear the clothes as much as the old tub and washboard. Mrs. A. BLAINE.

The Doty Washer and Universal Wringer obtained from Mr. Huntley have given the most perfect satisfaction, and I am free to say that I would not wish to return to first principles again for a very handsome consideration. Every housekeeper should have one of each of these machines, as they are certainly excellent in their way.

"Our OWN Make" of "CHAMPION SKIRTS" are in every way superior to all other Hoop Skirts before the public, and only have to be examined or worn to convince every one of the fact. Manufactured of the best linen-finished English Steel Springs, very superior tapes, and the style of the metallic fastenings and manner of securing them surpass for durability and excellence any other Skirt in this country, and are lighter, more elastic, will wear longer, give more satisfaction and are really cheaper than all others. *Every lady should try them.* They are being sold extensively by Merchants throughout this and the adjoining States at very moderate prices. If you want the best, ask for "Hopkins' Champion Skirt." If you do not find them, get the merchant with whom you deal to order them for you, or come or send direct to us. Merchants will find our different grades of Skirts exactly what they need, and we especially invite them to call and examine our extensive assortment, or send for Wholesale Price List.

To be had at Retail at Manufactory, and of the Retail Trade generally, and at Wholesale of the Manufacturer only, to whom all orders should be addressed.
