LIGHTNING'S DOINGS .- Within the recollar fall examinations of teachers for Cambria | lection of that mythical individual, "the oldest inhabitant," we doubt whether more destruction to property from that subtle fluid, lightning, has occurred at any season than luring the present spring and summer. We scarcely pick up a newspaper without finding one or more catastrophes of this kind detailed in its columns. Our own county has not escaped, and in addition to other acci- dollars for every such offence. dents of this nature already recorded we today give an account of the destruction by lightning of a barn and all its contents only a few miles from our town. In view of these oft-recurring conflagrations it behooves every property-holder to adopt means to guard against loss in this way. The only sure preone among the many admittedly the very best is the Manson copper tubular lightning-rod. with spiral flanger, now being freeted thro'out this county by Mr. Hichard Jones, of Johnstown. No man who regards his own interests should neglect this matter, and no one who examines the Munson rod can fail to be convinced of its superiority over all contracted with Mr. Jones for putting up these rods on his new house and proposed new barn, convinced as he is that it is the best and cheapest before the public. Every other property-holder should profit by his example, Mr. Jones' address is Box 50. [July 28 -2m. Johnstown P. O.

DEMOCRACY IN THE UNITED STATES

What it has Done, What it is Doing, and What It will Do. By Hon. RANSOM H. GILLET, Formerly Member of Congress f om St. Lawrence Co., N. Y.; more recently Registrar and Solicitor of the U S. Treasury Department, and Solicitor for the United States in the Court of Claims, &c.

Dedicated, by special permission, to Hon. Ho-RATIO SETMOUR, and written under the advice and with the concurrence of leading Democratic Statesmen.

In one elegant volume, large 19mo of over 400 pages, bound in extra cloth, and containing splendid Portraits, on steel, of Jefferson and Jackson. Price, \$2 00. Mailed, post paid, to mny part of the United States on receipt of price. This admirable work contains a complete and

spirited history of the Democratic party, from its origin down to the present time. It depicts the devotion of the Democratic party to the Constitution and the laws, in all the crises and emergencies of the country, It traces the conflict between Federalism and Democracy, and contends that the Democratic party has always been true to the Union, whether disunion was threatened by Northern Federalists or Southern Secessionists.

It gives a history of every interesting incident and event in each of the political parties. It gives em nently interesting sketches of every Democratic Statesman.

The book, in brief, is a vast repertory of political and historical facts, of profound interest to every cit zen, and of value to every politician for reference.

The author's experience dates far back into the early portion of the century : he was an associate of Silas Wright; he enjoyed the confidence and friendship of Jackson, Van Buren, Polk, Taylor, Fillmore, Pierce, and Buchanan, and, probably better than any man living, is acquainted with what the internal workings of parties have been for the last fifty years.

Agents wanted to sell this book in every part of the Union. Clubs and Democratic organi mations will be supplied at special rates.
