

THE FREEMAN THURSDAY, : : NOV. 26, 1868.

LOCAL AND PERSONAL.

BAKER MENTION.—The man who helped himself to Dr. Yeagley's horse and buggy in Johnston, a few nights ago, was noticed by our correspondent, was brought to this place by Major Ryckman on Monday, and lodged in jail. His name is Farmer, and he hails from Somerset county.

Several capitalists are said to be projecting a railroad from Huntingdon to Johnston, by way of Williamsburg and Newry, and a charter for that purpose will be applied for upon the assembling of the next Legislature. The attention of all persons interested in the subject is invited to the advertisement of Langstroth's Patent Bee Hive, which will be found on our first page.

The locomotives on the Pennsylvania Railroad, which are being constructed, will be a train three miles long.—Mr. M. H. Shannon, of Brookville, was relieved of \$6,000 while enacting in a railroad car, west of Blairsville, a few evenings ago.—Edward Platon Weston, the renowned "walker," will pass through Ebensburg, on his return trip from St. Paul to New York, on or about the first of March next—that is if his "pay-son" holds out long enough, to go "west-on" and return this far.—David Ball stabbed Job Suesse through the neck, near Slicktown, Clearfield county, on Wednesday week, killing him instantly. An old grudge existed between them, but in this case Suesse seems to have been the first aggressor, as he was following and stoning Ball, when a third party named Baer gave the latter a knife and told him to use it, which he did with the result stated.

The Iron Bridge over Stony Creek is now about completed. It is a substantial and beautiful structure. The only objection to it is that the roof leaks when it rains. The bottom would have leaked too, but for the fact that the openings at the sides have been boarded up.

The fire engine house has a tower or look-out built upon it, and a bell of 1500 lbs. weight is about being placed within the tower, so that an alarm may readily be given when there is a fire. It is so constructed that a false alarm may be given occasionally.

A great number of store rooms and private residences have been erected the past summer and are now being completed, which may bring rents down; if not, some people will go up. Extremes must meet some where.

Parke is just completing his Hall, which resembles a miniature theatre, photographically speaking. It has a main audience-room and two tiers, or galleries. Although it is not a symmetrical building, being higher up than wide out, yet it will be an amusing place of amusement.

David Libert, Esq., has put up a new structure intended for a Post Office building. We hope it will be so arranged that the ladies will have an entrance and place of delivery for themselves. As it is, there is more jostling than ladies like. If some young man would get the office next term all would be well.

Dr. Henry Yeagley had his horse and carriage stolen the other night. The thief was followed to Myers Mills, Somerset county, and caught. He had driven the entire distance without feeling either horse or buggy. The Republicans have gained another victory. Every member of the council of Independence, elected this year, is a Radical. There is no doubt, but an illumination in Hades.

The snow storm continues and numbers of wild geese are flying South. We did not see any of them in the morning. Mr. George Gates has sold a small part of his farm to the Cambria Iron Co., for six thousand dollars. George is rich.

MACHANE, JR. CARROLL.—Nov. 23, 1868. Dear Freeman.—I am still alive, and send you greeting with the first coming of snow. Pardon his long silence if you have yet a lingering hope that he will do better. It is my painful duty to inform you of the destruction by fire of the barn of Mr. AUG. LUTHER, one mile south of Carrolltown, which was burned, with nearly all its contents, on Thursday morning last. It seems that one of Mr. L.'s little boys had gone to the barn at an early hour for the purpose of feeding the stock, taking with him a lighted lantern. While there to look the candle out of the lantern for some purpose, and by accident set fire to a lot of corn fodder. Mr. Luther had by this time eaten his breakfast and gone to his work, leaving no grown male about the premises, and of course the feeble efforts of his wife and small children were insufficient even to keep the fire under control until help arrived, and consequently the barn, containing about five tons of hay, two valuable cows, a lot of tools and utensils, and some choice lumber, was soon a total wreck. There was one horse in the barn when the fire commenced, but it was fortunately got out in time, though not without considerable difficulty. Mr. L. has the most extensive family of all who know him. His loss foots up over five hundred dollars, with no insurance.

Local Correspondence.

JOHNSTOWN, Nov. 23, 1868. Mr. Editor.—There is quite a quantity of local matter this week. Snow fell on Friday in every locality. Our intelligent Burgess has caused a new roof to be put upon the old Market-house, which gives it a sensible appearance. The Brethren Church has the new slate roof completed, which serves as a glorious armor to ward off the hail stones and the darts of the devil. The water pipes are nearly all laid through the principal streets, and the borough authorities are having stoves impounded in the places that were torn up. We have so much pipe now that we can smoke all winter without a mere sham, and so much water that we can wet our pipes when we please.

The proprietors of the Union Hall made quite a haul the two nights that the Continental troupe entertained the people. The Continentals are the best troupe on the continent, and their performances contained six hundred persons each night. They came to Johnston on Monday night. The Sanford troupe is sans reproach and afforded abundant amusement. Their operations were in the true Opera style, and they drew a large house—that is, they drew about 600 persons in one night, figuratively speaking. The Hall will hold eight hundred persons, and has that many neat, round, fancy chairs, placed in semi-circular rows. The chairs are not cast-iron round backs, but have a kind of oval "Grecian bend," which adds much to the appearance of the Hall. The public schools will close in about three weeks—probably, like Grant's travels, without any demerit-station.

Preparations are made for the observance of Thanksgiving day. We saw a man taking home a turkey and a peck of potatoes. That was ourself. The Republicans will give thanks that Gen. Grant is elected, which liberty we freely grant, and the Democrats will give thanks that no more person is elected. The Grantee of good dinners will give thanks to the Grantors, and, as a German would say, "Thanksgiving will be a Grant affair. The look-up will probably be illuminated in the evening, and as it is just opposite the M. E. Church, it will cast that beautiful and massive building brightly in the shade.

Mr. Jacob Lieb has been engaged for the past week in selling off his stock of merchandise, house furniture, farming utensils, etc., and having already sold his valuable farm, he will long take his departure for Virginia. Our community will consequently lose one of its best citizens.

And here it may not be inappropriate to say that there is no more practical or pleasant mode of giving thanks than by giving the poor and hungry reason to feel that they also have something for which to be thankful. Therefore, while you heap up your basket with all the delicacies of the season, do not forget that other people may look bleak enough without your help.

“EVERYBODY TAKES THEM!”—Nearly all our readers will remember to have seen, only a few years ago, fences, barns, and even rocks, bearing the legend, “Everybody takes Hobensack’s,” &c. Of course it wasn’t exactly true, for we are sure we never took any, and we claim to be somebody. Neither would it be exactly true to say that everybody takes the handsome lime brass bedroom lamps recently introduced here by Mr. M. L. Oatman, but it is true to say that nearly everybody who has thus far seen them has bought one or more of them, and it is equally true to say that all who appreciate a convenient and brilliant light should no longer do without one of these handsome lamps. They cost only fifty cents, require no chimneys, and burn without emitting the least smoke or soot. Try them and be convinced of their superior merits.

UNQUALIFIED!—Yes, that is the proper word to make use of in speaking of the renowned Spear’s Anti-Dust Stoves, a representation of one kind of which our enterprising neighbor, Mr. George Huntley, has had us to present to our readers to-day. These stoves are admitted by all who have tested them to be the very essence of perfection, and it is doubtful whether any further improvement can be made in that way. Mr. H. keeps these and many other kinds of cooking and heating stoves, and sells them just as cheap as the men who make them.

“YOUNG AMERICA!”—This favorite juvenile periodical enters upon its third year greatly enlarged and improved. It is decidedly the most varied, and, in many respects, the best of all the juveniles, and well repays the investment of the small sum required for its possession. A diagram containing a full-sized pattern for cutting out the body of a Christmas doll is one of the attractions of the present number, which, is otherwise, full of good things. Subscribe for your boys and girls, \$1.50 per annum, with a premium.—Publication Office, 474 Broadway, N. Y.

SERIOUS LOSS.—Mr. A. H. Faller had the misfortune to lose a horse valued at \$175 on Saturday night last. Having no immediate way to get the horse he had consigned it to the keeping of Mr. Ed. Humphreys, to work for his feed, and on the night in question the animal got loose in the latter gentleman’s stall and while tramping about under the feet of the cutter, the knife of which came in contact with one of the horse’s feet, just above the hoof, and inflicted such a terrible gash that it was found necessary to take the animal out and shoot him on Sunday morning.

BEST OYSTERS.—It is the opinion of everybody who has indulged in the oysters served up at the new saloon of Mr. A. H. Faller, that they are the largest and most delicious bivalves ever brought to this place; and add to this the fact that he has reduced the price per plate, and it would be strange if he did not do a thriving business. Among the other delicacies to be found at this establishment, are pig’s feet, tripe and beef tongue, for all of which Mr. Faller will pay the highest prices to those offering them.

A WORD IN TIME.—To-day is Thanksgiving, and in another month we shall have the Christmas holidays, the great season of merry making and present giving, and now is a very appropriate time to remind our readers that Mr. G. T. Roberts will be prepared to furnish everybody with almost any article desirable for a holiday gift, and that, too, at prices which will induce all to buy what they need from him. Bear this in mind that when the proper time comes.

ROUND-ROUNDER.—Children run round and catch cold. Some people run round and slander. The world runs round. Sometimes one gets a round on the end of his finger, but the continual round in life is performed by the wheels of Frank W. Hays’ stove wagons, conveying hundreds of stoves to the Railroad depot, or to private dwellings. Frank W. Hays is a most obliging and successful dealer, and his reason is he lets people know what he does and when he does it. In short he advertises.

THE MAYORALTY.—Since Johnston has assumed the reputation of a city, it is entitled to a Mayor. The present Burgess will not have the office. He positively declines, and we know of no other suitable man unless it be Mr. Leopold Mayer, the kind and obliging proprietor of the New York Dry Goods and Clothing Store, who certainly has the best and cheapest goods at that thriving place. His store is a perfect Paradise of beauty and wonderment.

GOOD TIMES.—Talk about hard times! Why we saw Murphy & Co. have handsome gold coin the other day, which they had just received from numerous customers at their famous Dry Goods Store near the East Ferry, in Johnston. They offered to sell us the gold, but we preferred their nice goods, which were going like hot cakes. So we picked in and bought what we could, but were considerably interrupted by John, who is an inveterate talker.

DEER MEAT.—A hunter brought several carcasses of deer to Johnston last week and disposed of the most readily at a high price. The first man to purchase were Cohen & Brother, who keep a superb Clothing Store on Main street. Their made-up clothing is sought for by all who want good, cheap and gentlemanly dealers and deserve, as they receive, a liberal share of public patronage.

LEOPOLD & BROTHER.—We have been “bobbing round” in Johnston, a good deal of late, and we must say that Leopold & Brother, keeps as choice an assortment of Ready Made Clothing, Furnishing Goods, Trunks, &c., as we ever saw. They are now offering made-up clothing at greatly reduced prices, and are doing a rushing business. Call with them on Main street, at Oak Hall! You will not go away disappointed!

ALMOST A FIRE.—As we passed along Clinton street, Johnston, on Saturday, we noticed a crowd, and a tremendous smoke rising from their midst. Upon inquiry we learned that James J. Murphy had just distributed some dozen of cigars to some customers who had purchased liberally of his Ready-Made Clothing. The fit of the garments pleased them so well that they all united in giving him a rozz. If we only had been there!

A MISTAKE.—It is a mistake to suppose that Thanksgiving day is appointed for the sole purpose of masticating turkey and other palatable delicacies. It is also a mistake to suppose that any merman in or out of Cambria county has a fuller, finer or cheaper assortment of goods than is kept for sale by J. Patton Thompson, whose store is the great centre of attraction in this locality.

PEDESTRIANS find it somewhat difficult to pedestrianize just now, owing to the slippery condition of the sidewalks, and nearly all who do venture out are very sensibly being urged straight to the cheap cash store of R. R. Davis, and buying whatever they need. It may be difficult to get there, but it is not difficult to get bargains when you are there.

AGENTS WANTED.—It seems to us that an excellent chance for making money is now open to persons who wish to undertake the sale of “Chambers’ Information for the People,” certainly one of the most useful, instructive and entertaining works ever issued from the press of any country. The advertisement is given elsewhere in our columns, and we invite special attention to it.

MARRIED. THOMSON—SHERWOOD.—By Rev. B. M. Kerr, on the 18th inst., at the residence of the bride’s uncle, A. S. Rathbone, Esq., Rev. Wm. J. Thomson, of Croton Falls, N. Y., to Miss Sadellia, daughter of the late Hon. Luman Sherwood, of New York city.

AN Anti-BILIOUS Specific. This is the season of the year when there is great danger of the liver tending to disease. It is the largest gland in the body, and is liable to a number of diseases. Now, then, is the time to use a protective medication like MILLER’S HERB BITTERS, so as to check at once any such course. This advice is founded on experience, and is easily followed. The Bitters is the most successful and bilious specific extant, and is highly indorsed by medical gentlemen for bilious tendencies and epidemics, such as Ague, Jaundice, Fever and Ague, &c. People who live in districts where these diseases prevail, ought to keep a bottle of this Bitters, and use it as a remedy where these diseases have already gained a foothold in their systems. Sold every where.

To Consumptives. The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered several years with a severe lung complaint, and that dread disease, Consumption, is anxious to make known to his fellow sufferers the means of cure. To all who desire it he will send a copy of the Prescription used (free of charge), with the directions for preparing and using the same, which they will find a sure Cure for Consumption, Asthma, Bronchitis, &c. The only object of the advertiser in sending this Prescription is to benefit the afflicted, and send information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the Prescription will please address: Rev. EDWARD A. WILSON, 165 South Second St., Williamsburg, Kings County, New York. [Nov. 12, 68-ly.]

The Editor of the “Freemans’” Bitterport, Iowa, endorses Hoodland’s German Tonic, in the columns of his paper, as follows: HOODLAND’S BITTERS. In another column will be found the advertisement of this sterling remedy. To it, the editor of this newspaper, upon all subjects of one been completely prostrated by disease contracted in Louisiana and Mississippi, we were unable to regain our health by following regular remedies, but were cured by the use of this medicine. It is the greatest known Tonic, and is entirely free from Alcoholic admixture. HOODLAND’S GERMAN TONIC is a combination of all the ingredients of the Bitters, with pure Sarsaparilla, Rhenish, anise, &c., making a preparation of rare medicinal value. The Tonic is used for the same diseases as the Bitters; in cases where some Alcoholic Stimulus is necessary, it is the best. Arch St., Philad., Pa. Sold by Druggists and others, everywhere. The superior merits of the “Singer” Machines over all others, either for Family use or Manufacturing purposes, are so well established and so generally admitted, that an enumeration of their relative excellences is no longer considered necessary.

ADVICE THAT SHOULD BE HEEDED.—We desire to call the attention of the afflicted to the merits of Roback’s Blood Pills, in connection with Roback’s Blood Purifier, and all mineral poisons, and undoubtedly the best remedy extant for the radical cure of nervous and sick headache, bilious disorders, and all affections which result from impure blood, as the name indicates, a Blood Purifier. They search the blood for disease and strike at the very root, thereby effecting not temporary but permanent cures. As a purgative, they are all that can be desired, being mild and safe in their operation and unquestionably one of our most satisfactory Cathartic Pills, and should be kept in every household, and when taken in conjunction with Roback’s Blood Purifier, are unequalled for curing Scrofula, Skin Disease, Old Sores, Salt Rheum, Dyspepsia, Erysipelas, Tumors, Eruptions, and all diseases arising from a diseased state of the system. Try these medicines and you will never regret it. Ask those who have used them and they will tell you they are the best of medicines. No 12.
