S. Grant, the friends of Horatio Seymour peaceably acquiesce in the choice scurvey fellow, at any rate.' of the people.

But we do not share in the apparent surprise of the Tribune that this should be so ! On the contrary, we ask that paper when, in the history of this Government, the Demo cratic party, ever treated or attempted to "treat the elections as if they never had happened ?"

And we ask the Tribune further, why it is that the Radicals do not acquiesce in the result of the elections when they are fairly and fully ascertained ?

We waive the Cambria county election of two years since when we were put to a heavy expense by a Radical contest on the Assem-Alleghanian. bly question on a clear majority of over 800; and come down to the fact that in almost every election where the Democratic majority has not been counted by thousands there the population of that city. is a contested election. Especially in Congress is this the case, where the Radical majority have afforded the example of treating died at Tallahassee on the 23d, ultimo. "elections as if they had not happened."

Why cannot the Radicals acquiesce in the result of elections as well as Democrats ?

FOREIGNERS.

The rebellion being ended and foreigners York city. being no longer needed to do the fighting for the Union League, the Radicals are busily contriving how to prevent them from voting. If these foreigners would only vote the Radical ticket our opponents would permit wives ? them to vote as willingly as they now do the negroes. But this the foreigners won't do. Therefore they are ignorant and besotted, and should be naturalized just as little as possible.

Our neighbor of the Alleghanian is in on this-whether original or "copied" we 'are ner's inquest on the body of Mrs. Hill, who not prepared to say. It suggests one year's residence after naturalization before voting ! Something like making a young man of twenty-one wait till he is twenty two before voting.

Then, again, nothing but United States Courts should naturalize! This would require a Welshman or Irishman to travel hundreds of miles, and take his vouchers with him, to find a Court; and then go be In October, 1868. fore a Court to which he and his vouchers were strangers, instead of going before a Court at home, without expense, to whom he and his vouchers are known.

But the richest improvement of all offered by the profound Alleghanian is, that the candidate for eitizenship shall advertise himself and and his vouchers in a newspaper, like a petitioner in bankruptcy ! What pa-Sessions !" per would have room to publish all 7 And what foreigner would be able to pay all this tax that the Radicals would put on him.

In short, Radicalism seems determined to make our dear country as dear as possible to those who desire to become citizens-always excepting the negroes.

The Great Household Remedy. In the whole history of medicine there is no remedy so universally popular as MISHLER'S HERB BITTERS. It is a mild, generous and efficacious preparation, containing no deleterious ingredients ; it is a never failing puri-fier of the blood-always stimulating it into healthy action ; and it removes or obviates all derangements which are the first origin of disease in the physical system. Thus, it is a far more reliable medicine than any other. Those fifty-five pounds.
