CHARLEY AND GOOD SPIRITS -Somebody says that many a man sits in his own bouse full of benevolent desires, long- PATENT MOVABLE COMB tives, and it will do him good in a thousand ways. The money he throws away daily in luxury would feed and clothe and rejoice a dozen sick and starving families. should induce every one interested in Bees to Such benevolence will do more to promote economy than it will ever cost. It will come back to him who gives, saving him from foolish luxuries. It will show up the hollowness of the follies on which he wastes what might set up many a family Fifty dollars extra on a piano might not seem much; but there is many a poor and honest widow to whom a fifty dollar sewing machine would be a fortune; and she could in time even repay the cost, to be lent in the same form to another and another Wretched passengers on the sea of life, at this sesson, lie on the loam of every wave, Perhaps many and most of | vable Comb Bee Hive. the misfortanes of the poor are more or less the result, in some way, of their own faults. But have those who have been more successful had no faults? A kind word and a helping hand may give the turn to the fortune of the child of misfortone, and raise up many such a one higher than could possibly be imagined by those who have never made the effort and never

A WOODEN RAILROAD .- A correspondent of the Montreal Gazette gives this interesting account of a wooden rail- Double Extra Family Flour, way now in operation at Clifton, in Northern New York, near the Canada line, and on which immense quantities of iron ore are transported from the Adiron- BA ON, SALT, FISH, dack mines: The grading is the same as for an iron road, except that stiffer grades can be ascended. The ties are of the ordinary description, but are not ALL KINDS OF FRUITS, road are placed at the usual distance of three feet apart, except on the trestles, are three ties to every two yards In SYRUPS, MOLASSES, HEE SE, &c. future, however, the engineer proposes to the three ties to every two yards, as Le proposes running heavier engines. The in future their shape will be altered a little, without increasing the quantity of timber, making them three and a half inches on top by seven inches deep, so as to better adapted to the increased weight of the engines (fourteen tons instead if ten.) Notches are cut in the round ties to such a depth as to keep the bottom of the rails about two inches from the ground after the road is ballasted, and the rail projects of hard wood wedges, driven in opposite mass, without the addition of any spikes

5. That the wife should have the title man that hadn't any.

"Such tyranny as this," says Mark, "we could never stand. Our free souls could never endure such degrading thrallbeguile us of our imperial privileges -Content yourselves with your little feminine trifles-your babies, your benevolent societies and your knitting-and let your natural bosses do the voting. Stand back-you will be wanting to go to war next. We will let you teach school as much as you want to, and pay you half price, too; but beware! we don't want you to crowd us too much."

ABOUT RATS -There have been about a thousand certain ways promulgated whereby we could effectually clear our premises of rats. We saw one lately in an English paper, which was simply to scatter yellow ochre about the infested places, and they would disappear for at least a year. Thinking this was an appearance over the water, there must be the ALDEN CHEMICAL WORKS, 48 N be something in it, and we tried it. It had about as good an effect as if the same quantity of turnpike dirt had been substituted. Being disappointed in so many the only one from which we ever found any relief-poison. It killed many and Chewing and Smoking Tobacco, drove the rest away. Having thus rid our premises of them, we saw none for years, but now they again abundantly MAIN STREET, - - - JOHNSTOWN. abound, and we mean to assail them with the following dose, which it is highly prob GREAT BARGAINS!!! able will be a little too nicely prepared Will be sold at a great sa rifice, if sold soon, and a great deal too powerful for their dipowdered arsenie, one ounce of lard cornmeal enough to make a stiff dough fested by the rats, with water handy to Epensburg, July 30, 1868. quench their burning thirst. They are greedly fond of this mixture and it settles John GAY. the question with them in short order - G A Y & WELSH, Germantown Telegraph.
