Would not the experiment be worth trying in this county?

A new defense in an action for debt was developed in Indiana county the other day. The defendant laid in a claim of \$8 50 for auling the corpse and coffin of his mothertales to the graveyard, and \$2.50 for going me half mile for the doctor. One of the last victims of hydrophobia

in Westmoreland county was a cow, whose exploits were ridiculous enough, such as tossing a yearling beiffer several feet into the air, demolishing an out oven with fire in t, etc., etc. She was finally shot.

Rev. M. J. Mitchell, pastor of the Cathocongregation, Loretto, was presented. bring a recent visit to Pittsburgh, with a valuable gold watch and chain as a testimorial of affectionate esteem from his late parshinners of St. Andrew's congregation, Capt. H. D. Woodruff, the veteran editor

of the Johnstown Democrat, called to see us on Tuesday. The Democrat is prospering with exceeding great prosperity, but the Captain does not turn up his nose at his less fortunate country brethren on that account. Come again, soon and often. Special attention of purchasers is invited

to advertisement of Eyre & Landell, Fourth and Arch Streets, Philad'a, in this issue. Of the well established character of this old and reliable Boy Goods House, it is unneces sary for us to speak. Give them a call. Charley Robinson, a young man of this place, had the misfortune to cut one of his feet with an axe in a most shocking manner, at his father's saw mill in Cambria township, on Friday last. He came very near bleeding to death before the flow of blood could be stopped. He is now doing well. A. Kopelin, Esq , of Johnstown, who has of ground in Ebensburg borough en confined to his room at the Mountain House in this place by severe illness since the early part of last week, has so far recovered as to be able to depart for his home on Tuesday evening last. Rumor has it that the Pa R R Co. intends relaying the track on the bed of the new this county to Duncansville in Blair county. The grades on the east side of the mountain are said to be much lighter on that route than on the Pa. R R. It will be used, if

at all, for freight purposes alone. The members of the several school boards broughout the county should bear in mind toat it is the present directors, and not the ours chosen at the recent election, who are to vote for a County Superintendent at the convention in May next. As the new boards do not organize until June, of course they have nothing to do with the settlement of

this question. Au old and well known citizen of Carroll towaship was brought before Justice Kinkead, of this place, a few days since, on the very serious charge of rttempting to commit a rape. 'The prosecutrix in the case is said to be his own sister in law. The defendant was held in \$1,000 bail to answer at Court. We withhold names until the case undergoes

udicial investigation. S. M. Douglass, of Chest Springs, will sell a large stock of store goods, live stock, furniture, etc., at auction on the 18th, 19th and 20th insts.; Richard Detling, of Hemlock, will offer house furniture, bar fixtures and potatoes at public sale on the 26th inst., and Audrew Dunmire, of Jackson township, will have a public sale of live stock, farm implemonts, farniture, etc., on the 23d inst.

The weather during the latter part of last week was perhaps colder than at any time during the past winter. On Thursday morning the thermometer is said to have fallen to seven degrees below zero, and up to Sunday morning it ranged at from three to five degrees below that point. At present writing (Tuesday) the sun is shining brightly, store doors are open, and mud and slush eign supreme on the streets and many of

We don't know how many times we have announced that no communication, no matter how unobjectionable, will be published in our columns unless the real name of the author or sender accompanies it. Still there are some people who do not or will not understand this fact. We have a piece of poetry which "Mollie" requests us to publish and a communication signed "H," but as such signatures don't "fill the bill" we of course can't give place to the productions. The Ladies' Fair on behalf of the new

Catholic church still continues with unabated vigor, and is daily and nightly the scene of pleasant enjoyment and good-natured competition for the many desirable prizes offered for chances and by vote. The enterprise is meeting with generous encouragement from many citizens as well as visitors to our town, and it cannot fail to be a source of considerable revenue to the good cause it is designed to aid. The Fair will close on give the names of those who have drawn the

prizes disposed of in our nevt issue. A Fancy Fair will be given by the Moun- prise. taineer Base Ball Club, commencing on Monday evening next, to continue one week. A large number of articles are to be voted for and given away, among which may be mentioned a Mount Vernon cane to the most popular gentleman in town, an elegant spring shawl to the most admired lady, sewing machine, watches, jewelry, shot gun, bed quilts, collected from a hundred different sources, including the first velocipede introduced into Cambria county, will be on exhibition The Fair will be held in the rooms in which the

TALK ABEOUT IT.

Mr. Editur-If you take notis, old wim min and yong wimmin tew remember best which has been kindly accorded us by Jas. | what they talk absout the most. Fur instans, my grandmother, by my grandfather's side, could tell amost everybody's relations. ces, Ebensburg, Pa. You couldn't menshun a name but she would up and tell who was their unkel and off, fur she could run threw the House uf Tudor, the House of Stewart, and the House snicked Bloder herring, clover and timothy uf Hanover, like a child a sayin' uf its a, seed, new maple sugar, fish, flour, salt and b, c's. The resin was she was eternally a all other articles usually kept in a greecry talkin' absout it.

The old sojers of the Revolushun didn't read mutch history, yet they could tell amost mor'n a historian absout the battles that tuk place durin' that war. The battle of Bunkerhill and Waterlew and Utaw Springs, the Invinsibel Armada and Perry's Victory, all Amerikan battels, wus diskussed at the blessed harth stun, every Saturday nite, and fot over and over agin, and often some smart skool techer would git his comb fotched down by these old tars, that knowed more abcout history than Rollin himself. Wall, now, how did they know so mutch? Simply bekase they talked

abeout it. We know somthin uf Noahs' flood bekase we larned it from the bibel, but the pagan pepel, that never seed or hearn tell uf the bibel, know uf that flood tew, only they call it the Deukaleon flood. The old man told the story of the flood onto his sons, and they told it onto their sons, and so on, add infinit item. I think pepel call this tradishun. At any rate, put the kwestshun. how dus the bethens know of that flood ? The anser is they "talked absout it."

Now these examples is enuff fur illushun and iliustrashun. Let me go on, fellow techers, and tell yew that uf yew want tew know any thing, talk abcout it. Suppose yew want tew know what a sine qua non. or an ultima thule, or a ne plus ultra is, jest talk abcout it. Git the kwestshun up at vewer Instituots and diskuss it pro and con, and then con and pro, till yew larn it. Thinkin' is fur no yuse. A man may think onto a subject till he takes mania polshu, but he won't understand it till he talks

abcout it. Fur instans, elecktrisite carries news frum Ingland tew Amerika onto a wire rope, and vew have though about this fur five years. Now, let me ask a kwestshun onto yew. Is that ere rope allers full uf that ere elektrisite, like beads onto a string, so that when yew let a littel pulsashun onto one end, it pushes jest as mutch off uf the 'tother end. or is that ere rope empty and the track clear, so that when a pulsashun is let onto one end it travels amost tew thousand miles in a twinke!, and makes a pu'sashun onto the 'tother end ? Which is which ? If yew

don t know jest talk abecut it. Agin, this, all agree, is the queerest world that we ever lived in, and it's purty old, but how old iz it? Ef yew talk absout it yew kan tell. When the "sons of God come deown tew see the daughters of men" they were in their bare fest, fur there was no leather then, and uf course they made tracks settled down and wus baked onto a volcano till it got as hard as a biskit. Wall, age after age, and sykei after sykel, other formashuns settled onto that ere sand rock. It's called red sand stone, behase the blood of Abel was sprinkled onto it. Now of yew want tew know when that meetin' tuk plase jest dig up some uf them tracks and make Oraning or NEW SILKS. a kalkulashun by the "Doubel Rule uf Three," and yew hav it. But you must talk absout it. Thinkin' won't do. Yew

must talk and yew must act. When I was a young man techin' skool me and the boys where I boarded would take doon a Dickshunary every nite and define words. I would ax words awhile. pay half the costs, and the prosecutor, James and then sum one else would ax, and so on, till the hul dickshunary was consumed. If ceived. anybody wants tew know then why and where I larnt tew spell and rite with such fasility, I would say that when young I talked absout it.

NASBY, JR. Yours in the wool, ECONOMY .- A great stepping stone to wealth is in the practice a rigid economy in matters relating to household expenses. We should live within our means, and, if possi ble, lay some by for a "rainy day."-Make it a rule to purchase nothing but whai is absolutely necessary, and always to make TERMS-CASH. Suited to a T -Our over the way neighbor, V. S. Barker, has been appointed agent for the Empire Tea and Coffee Co., and is al lowed to sell the ten and coffee imported by said company at only FIVE CENTS per pound above cargo prices. These articles are warranted to be perfectly pure and first class, and it is claimed that from 25 to 50 per cent can be saved by consumers who buy them. Our read ers should try the articles and judge for them-

Nonsense .- It would be the height of nonsense for any body to put off the purchase of a sewing machine, watch, clock, jewelry, silver ware, etc., in the hope of drawing such articles at a fair, and it would be the capsheaf of nonsense to seek elsewhere for a more superb or complete assortment of such articles at less and always sells at moderate figures.

THAT OLD HOG -We heard a very nice young lady say "that old heg" the other day. She was speaking of that blind and unlearned old ground-hog that can't see into pold Mayer's New York Dry Good Store in Parke's Opera Hall. Old stock sold at cost.

GRANT'S CABINET .- An informal meeting of Grant's Cabinet was held on Monday last, and a number of important suggestions were made affecting the general prosperity of our people. It is worthy of note that they were unanimous in declaring that the best and cheapest stock of dry goods, dress goods, notions, groceries, etc .

SKELLY. - At his residence near Wilmore. on Friday evening, Feb. 19th, Mr. John Skelly,

Sr., aged 73 years. A happy old age and a peaceful dissolution are signs of a moral life and an uninjured constitution in youth, and such may truly have been said of this aged man who has ended his earthly pilgrimage and been gathered home to his fathers. Among a large circle of friends his death will be sincerely mourned.

We cool'd his tongue and bath'd his feverish face Yet in his eyes the glaze of death could trace ; We smooth'd the bed and softly laid him there; We turn'd back from his brow the sitken, hoary

Ayer's Hair Vigor,

For restoring Gray Hair to ils natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.

Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

nothing else can be found so desirable. Containing peither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.
