EBENSBURG, PA.

THURSDAY MORNING, : : JUNE 9, 1870.

THE State Teachers' Association of Pennsylvania will meet in the Court House in and continue in session for three days. A large attendance of teachers and friends of education is requested. Arrangements will be made with hotels and railroads for a res duction of rates of boarding and travel.

THE last number of the Johnstown Democrat, as well as the Tribune of the same place, contains an address especially direct-"heavy headed monster" in favor of the county seat from Ebensburg to Johnstown. We will reply fully in our next paper to the palpable lies and wholesale misrepresentations in this production.

THE Democracy of Bedford county, at their recent convention, did themselves the boner of expressing their preferences for B. F. MEYERS, Esq., senior editor of the Har. risburg Patriot and Bedford Gazette, for the Congressional nomination in that district .-If the counties of Adams and Pulton acquiesce in this recommendation, and we feel sure they can do no better, we have no fear but resented by that miserable scalawag, John Cesana, will be redeemed from radical misrule, and be made to look with honest pride and pleasure upon an honorable and highminded representative in the lower house of Congress in the person of B. F. MBYERS, Esq., who is a true gentleman, an unflinching democrat and an intelligent trustworthy man. So mote it be.

John W. Forney.

This gentleman, whose political character is so well known in this State, was recently nominated by a leading Republican paper as the next Radical candidate for Governor. Itions which speak louder than words. Mr. Forney, for good and weighty reasons well understood by himself and by all who have any knowledge of his standing with his party, has wisely taken time by the forelock. A Harrisburg letter writer to the Beaver Radical expresses the conviction that the name of John W. Forney will be urged for Governor before the next Republican con-vention of the State. He omits to add that it will be urged in vain. The writer proceeds to give a history of Forney's political career, just as if the people of the State are not familiar and disgusted with it. Attempts like this to bolster up political backs only lead decent people to ask if the time will never come when the Republican lead ers will cease to insu't the masses in this way. Cameron for United States Senator, Forney for Governor! Who is the next patriot on the list?

The Last Outrage.

We have frequently called the attention of our readers to the gross infamy of the present Congress in allowing men' who were never elected to positions in that body, or voice of the white people of the South. But it seems that this cannot be done. JOHN present session of Congress. As a full proof of the truth of what we say, the following proceedings in the House of Representatives

The latter motion was agreed to.

Of course Mr. Cessna's programme finished the whole case, and Mr. Wallace was sworn in as a member of Congress from South Carolina. That any honest man, either in or out of Congress, ever believed or thought for a moment that A. S. Wallace was elected and Simpson was not, is perfectly incredible. the influence of overshadowing monopolies, But, as will be seen by the foregoing proceedings, the infamy was fully and completely accomplished. We have no patience with this kind of a fraud. It is shameful, and no decen' man can or will defend it.

RENOUNCING THE RADICAL PARTY .- Geo. that the district now disgraced and misrep , W. Lowry, Esq., through the Ohio Northwest, makes the following renunciation of the Republican party, and declares himself manfully as "henceforth a Democrat."

Having been a charter member of the Republican party. I consider it due to the public to present a few prominent reasons for leaving it. I have carefully and dispassionately read all sides of the political issues now before the country, and am driven to the following conclusions as to the purposes of the party now in power.

1. To destroy the sovereignty of the States, and to centralize the power of the Government. This, of course, means Monarchy.

2. To force upon us political and social equality with the negro race. Take the For some time the native Christians have present situation for an example. No GENERAL AMNESTY .- A Washington telegram appounces that not half a dozen Republican Senators would vote for a General Amnesty biil, and that there is a similar unanimity in the House against it. It is also stated with positiveness that Grant will not recommend the passage of such a bill. It is so manifest that the whole action of Congress and of Grant's administration is controlled by the single purpose of continuing power in the hands of those who now possess it, that no one can wonder that an immense number of whites are to be kept from the polls, while the ballot-box is thrown the Radical Congressmen are convinced that five years old, six feet six inches in height, a fair election would put an end to their and his fighting weight is two hundred and an overseer of the poor in Minnesota the any where else, to take their seats. The deep and deadly hatred of the bigoted populace had only been slumbering, and waiting vent for its fury. On Sunday last, by a preconcerted signal, the Christian populace rose, and a fearful work of butchery was inaugurated. In all of the principal towns the fearful work of butchery prevailed, and thousands of men, women and children of the repugnant class were butchered. The work of slaughter still goes on in the interior, and nothing has been heard yet of any movement by the authorities to suppress it. The reigning Prince is absent from the provinces and advantage was taken of this to complete the extermination of all the Jews from the province. Prince Charles is hurrying home, and energetic measures will at once be taken by the Sultan to suppress this religious emeute. Meanwhile the fury of the mob continues unabated in finding fresh victims to glut its insatiate frenzy.
