EBENSBURG. PA. THURSDAY MORNING, : JUNE 29, 1870

But it is said that you wish to hurt the Pro-PLE of Ebensburg. No, not 1. So far as I am personally concerned, these people have treat. Judging ed me with uniform kindness and courtes, and abundant wrath against the people of the chances for his admission. It was very kind and considerate, but on the question of the removal of the counvery hypocritical, on the part of Mr. Kopelin to thus publicly announce that he would not hurt the people of Ebensburg. In view of his disclaimer of any hostile intentions towards our people, it is fair to presume that the people of this "obsolete village," will now breathe freer and deeper; and in their name, therefore, we tender bim their most profound feelings of consideration and respect. His counterfeit magnanimity has relieved our "people" from a great impending calamity, and for this we know that their hearts yearn toward "Father Abraham" with the most enlarged feelings of gratitude, as well as reverence. Although he is one of the principal actors in the play known as "The Removal Farce," and although he is doing his "level best" to promote the success of that contemptible outrage, we wish him distinctly to understand, that when he seriously undertakes to "hurt the people of Ebensburg" he is going into a very large field of young corn with a very small and diminutive hoe.

THE Attorney General of the United States, E. R. HOAR, resigned his office one day last week, and GRANT has appointed as his successor a man from Georgia by the name of Amos T. ACKERMAN. The old question again arises, as it did when the Radical leaders were bewildered and dumbfounded at the appointment of BOBIE, ROBISON and BELENAP as Cabinet officers, "Who is AMOS T. THE different nominating conventions representing "the party of great moral ideas," met in Philadelphia on yesterday week, to select candidates for Congress, as well as for the Legislature and the various city offices. The Radical press of that city being the judges of what took place, the proceedings were eminently disgraceful to the party of "progress and decency." Although no person was killed outright, several good and truly loyal men were severely wounded in the general terror and rowdyism that prevailed in the various one of the pugilistic scenes and the fierce Donnybrook fair. It is the first time that "American citizens of African descent" took part in the delegate elections, as well as in the nominating conventions of that intensely loyal municipality. What is new political element, which has been introduced into the Radical party under the operation of the fifteenth amendment, is clearly foreshadowed in the following extract from an article in the Inquirer, a leading Republican journal. It is the handwriting on the wall and is as easily memorable occasion:

"There should have been a lesson for these tricksters in the result of the late election contest for Mayor and other municipal officers. Just now that lesson is forgotton, because since then several thousand colored The organization is not as strong to-day, notwithstanding the reinforcements it has

IN THE LIONS' DEN.

An Appalling and Horrible Occurrence Three of Robinson's Circus Me Milled and Four Shockingly Lacerated by Wild Beasts.

[From the Middletown (Missouri) Banner.] Upon starting from Cincinnati for the season, the management of James Robinson's circus and animal show determined to produce something novel in the way of band chariot, and conceived the idea of mounting the band upon the colloseal den of performing Numidian lions, and which would form one of the principal and most imposing features of the show.

Although repeatedly warned by Proessor Sexton that he deemed the cages asecure and dangerous in the extreme, the managers still persisted in compelling the band to ride upon it. Nothing, however, occurred until the fatal morning of

The band took their places and the proession commenced to move amid the shouts of the multitude of rustics who had assembled to witness the grand pageant and hear the enlivening strains of music. Not a thought of danger was entertained by any one, but the awful catastrophe was rang it to alarm the neighbors, when he about to occur.

> For an instant the vast crowd were paralyzed with fear, but for a moment only, and then arose such a shrick of agony as was never heard before. It was found that three of the ten were killed outright, and four others terribly lacerated. The names of the killed are August Schoer, Conrad Freiz and Charles Greiner. AN ATTEMPTED OCTRAGE UPON A WHITE WOMAN BY A NEGRO .- The RCcounts of the terrible outrages committed on white women by negroes, which we read in the newspapers from day to day, from all parts of the country, are about to be realized in our very midst, with all their attending horrors. On Sanday evening, the 5th inst., Michael Grim, who resides with his father-in-law, Peter Smith, on the Baltimore Turnpike, in York township, three miles south of this borough, left his wife alone in the house, while he called to see a neighbor, and during his absence a negro man entered the dwelling, and finding his lady alone and unprotected, took hold of her and attempted to commit an outrage upon her person. But she being a woman of great courage, seized an iron poker used at the stove, and struck the villain a tremendous blow across the forehead, which had the effect of frustrating his design. He became enraged, and in return struck the lady over the head with a cane, inflicting a severe wound. She then took hold of the rope attached to the dinner bell, and made a hasty retreat, and has not since been seen. The lady, as may be supposed, had become so exhausted and frightened that she was unable to halloo. She had a portion of her clothing torn from her person in the scuffle, when she struck him with the poker. Had she not been gifted with a courage and presence of mind that few women are possessed of, the black as being of medium height, rather stout, and probably thirty or thirty-five years of age, and pretty dark in color.
