CARROLLTOWN, July 18, 1870.

Dear Freeman-Death has of late been very

busy in our midst, and among its latest victims I regret to record the name of Martin Schroth, Esq., at the patriarchal age of seventy-three years. The death of such a man calls for more

the youngest one a lifeless corpse, with his bowels torn open by the terrible fluid. In his fright Mr. G. caught the wagon and upset it, thus saving it from destruction. dition to the biographical history of the emi-nent men of the present century. In no place could Miss Brownson find a more pleasant and agreeable home for the performance of such a task than at the St. Lawrence Hotel, in this vil-

make it one of the most popular and rapidly-selling books of the age. We commend this "household treasure" to the attention of our

The cause of his death was scirrhus, or cancer of the stomach. He was a man of ardent, sincere and active temperament—warm in his friendships and bitter in his prejudices. He was never lukewarm-was always cold or hot Few men were more sincere and constant in their friendships. He was an excellent hus-band and father and neighbor. He had many and warm friends, who were much concerned for him during his illness, and who most sinfor him during his illne cerely lament his death.

His manners were kind and cordial, but dignified; his vivacity and cheerfulness remarkable; he never became old in spirits, and always had a kind word, a pleasant joke for his friends. He was equally well acquainted and kind and social with the old and the young, and his society equally courted by both. His death will cause a void in the social circle which it will be hard to fill, and will be sincerely and universally lamented. Some time before his death he attached himself to the M. E. Church, and died in the faith and hope of the Christian.

Murray Hoffman, Jr. vs. James and John McDermitt—motion for a new trial. Motion overruled by the Court. This is the well known
ejectment case which has been pending in the
Courts of this county for some twenty years,
and was finally disposed of at December Term,
1869. It has now received its quietus by the overruling of the motion for a new trial.

Josiah M. Christy vs. The Allegheny Mountain This was a rule taken by C. L. Pershing to show cause why the service on John A. Martin as agent of said company, should not be set aside. Rule discharged.

Proceedings reversed so far as to set aside the execution John A. Gore of Johnstown, who was found guilty at the June term of the crime of rape, committed on a young girl in that place, was on Friday sentenced to three years' imprisonment in the Western Penitentiary.

THAT INJUNCTION .- It is well known and understood that there is now pending, in the pro-per Court of this county, a bill in equity to restrain the County Commissioners and the contractor for the erection of the new jail, or, as it is designated and styled by some of the people of Johnstown, the new "Penitentiary," from prosecuting the work any further. Of course the Commissioners of the county are not bound, under all the well known rules of equity in such cases made and provided, to suspend the work until the question is finally disposed of by the Court, although they are willing and anx-ious that the question, which is one of very great importance to the tax-payers of the whole county, should be promptly determined by the Court. It was generally supposed that the question would have been finally disposed of last week, during the sitting of Argument Court. Although there appeared on the face Court. Although there appeared on the face of the record to have been a material error in the preliminary proceedings, the counsel for the Commissioners nevertheless were perfectly willing to waive all formal defects, and to have the question finally disposed of. Instead of acceding to the proposition, the attorneys of the Johnstown parties left town and refused to make any argument before the Court on the subject, thereby abandoning the whole question. Of course we do not pretend to say what the decision of the Court would have been.—That is not our business. We have simply stated the facts, and every person can form their ted the facts, and every person can form their

Dear Freeman—Mr. Jacob Horner, proprietor of Sandy Vale Cemetery, has a notice put up warning all persons against taking flowers or shrubbery from that "city of the dead," but the notice don't seem to do any good, as many people act while there with perfect impunity. try and find out.

The small pox have made their appearance hereabouts, but are of so mild a character as to create no uneasiness. One person, it is said, died from the disease, and another is reported to be very ill with it. The streams in this vicinity are very low notwithstanding the frequent showers that have refreshed earth's thirsting surface during the

past month. Stony Creek contains no more water than would turn a mill, water a horse and put out a big fire.

The warm, sultry, melting weather fust now prevailing is suggestive of forest shades, crystal springs and cooling breezes—of places where feathered songsters warble plaintive notes in feathered songsters warble plaintive notes in dark groves, and yellow moonlight falls like silver sheets upon smiling lakes. Consequently we, (that is us,) obeying the impulses of nature and the suggestions of the weather, did, with malice aforethought, repair to sundry country villages, cooped in by groves and strips of wood-land, to seek the pleasures of a rural prome-nade. The first place visited was Mineral Point, a neat little town, unbaptized as yet, but which we would delight to call Parnassus on account of its inspiring scenery, its dreamy atmosphere of its inspiring scenery, its dreamy atmosphere and its exhilerating breezes. Mineral Point has a saw mill, a large quantity of machinery for turning timber, a store, a smith shop, a ware-house, a station house, and a post-office. Mounting upon a passing train, we went westward with a whiz, and in a few minutes landed at Morrellville, west of the great and wicked city of Johnstown. Morrellville is three miles distant from Johnstown, and is located near the gap the Conemaugh river forms by forcing its way through the little mountain that people swear by. It is like a Scriptural city, for it is founded on a rock, or rather a thousand rocks. It has crept up close to the hill-side, and is nestled cosily among trees and shrubbery, rocks and brush. It contains thirty dwellings, no one of which is more than two years old. The in-habitants, like those of Mineral Point, are frugal, temperate and industrious. They enjoy scapes and shady bowers, on the south side of the murmuring Conemaugh. On the north side stands another little village named Coopersdale. containing about thirty dwellings and sur-rounded by fields of waving grain and spreading meadows covered with a luxuriant growth of grass, through which meander little domesticated brooks, making the view picturesque and beautiful. The people here seem happy and contented, and live at a pleasant distance from burning sunshine reflected from heated pavements. We spent an hour here, lost in the raptures of melancholy meditation, then reirned to Johnstown, and took a moonlight trip o Geistown, three miles to the southward, on the Richland turnpike. This is a little village of about twenty dwellings and a prosperous people, now busied with the plentiful harvest that environs their habitations. The moon shone in cloudless majesty, unveling her peerless light and throwing her silver mantle over a weary people reposing in the arms of Morphe-

us, and bland zephyrs from adjoining wood-land fanned our moistened brow as we returned toward Sodom and Gomorrah. Oh, how we would like to be a farmer! What a glorious life! Nothing to do but to work, and drink in readers, whether book agents or book buyers.
E. Hannaford & Co., the Cincinnati publishers, are a firm who publish only first-class works, and equip their agents in the very best style. these invigorating elements of nature—the cool water and stirring air—doubly sweet to the weary and sunburnt brow, but sweet to all. In all these visits we didn't pick up a single local, although we went to those villages for that express purpose. All was nature—nature—nature.
Since writing and forwarding the notice about
the lady who was bitten by a rattlesnake at
Benscreek, I learned that she is the wife of Mr.
Samuel Blough, and that she was reaching into stowed away in his immense establishment, corner of Main and Franklin Streets, Johnstown, Mr. Frazer will continue to sell drugs, paints, offs, dye stuffs, and everything in his line, cheaper than the cheapest. The war in Europe will not affect his prices. She is cealed therein, bit her hand three times. She is in a dangerous condition, but may recover.

The boys hold high carnival in Stony Creek bathing in broad daylight. There is little harm in small boys going into the water to bathe, but then old boys and men do so, which is against an established ordinance. The boys, however, have fairly outwitted the police. There is a large rock in Stony Creek, near the middle and about opposite Mr. Fend's ice house. Here the boys go in and strip. If a policeman should come upon them he would have to wade in about ten rods to get to their miniature Gibralter, and while he was doing so the boys could easily escape to the other side. Larger boys (shame on them!) have taken a similar advantage at the Conemaugh river, and bathe on the Millville side, there being no ordinance in that borough against cleanliness. Rob Roy.

ALTOONA CITY, July 19, 1870. Friend Mac-On or about the 10th of April ast, a young man named Gloub, a resident of this city, while passing down Eleventh Avenue this city, while passing down Eleventh Avenue, was attacked and severely bitten in the fleshy part of his leg by a large and ferocious dog.—
The usual remedies were applied to the wound, which caused it to heal very rapidly, and in a few days the leg was comparatively well, and Mr. G. once more resumed work. Some six or eight weeks after the occurrence the leg became exceedingly painful and very much swollen.—
At the same time Mr. G.'s appetite, which had always been good, began to fall very rapidly, while his slumbers at night were frequently while his slumbers at night were frequently disturbed by the most frightful visions and in-describable sensations. His mind also became describable sensations. His mind also became considerably impaired, and his general appearance indicated great mental distraction and much bodily suffering. Thus things went on until now he is merely a shadow of his former self. From being a stout, robust, healthy German boy, with an unimpaired constitution, he has become a perfect living skeleton, unable to work and with scarcely strength enough left to drag his almost useless limbs one after the other. He manifests no signs of that terrible malady, hydrophobia, yet his case is one of the most deplorable and heart-rending, as well as one of the most singular and unaccountable, it has ever been my province to see or hear tell of. On the following morning his entire arm was frightfully swollen and so very painful that his friends feared that lockjaw would ensue. A doctor was summoned and the poisoned arm was lanced in several places, and although it was feared that amputation would have to be resorted to in order to save his life, I am glad to say that he is much better at pres-

The building has received the finishing touches, and all it needs now is to be furnished throughout, that as yet having been only partially done. It is a grand, massive building, an ornament to our city, a credit to the Catholic congregation, and a lasting monument to the indomitable zeal, energy and wisdom of Very Rev. J. Tuigg, pastor in charge, who has never known and never tor in charge, who has never known and never intends to learn that such a word as fail can be found in the English language. While Mr. Joseph Grassberger, residing about one mile from this place, in Carroll township, was this afternoon engaged with his two sons, aged respectively six and eight years, in loading hay upon a wagon, the lightning struck the wagon and instantly killed one of the boys, named Isadore, as well as the two horses comprising the team. The other boy's clothes were set on fire, but were extinguished in time to save him from serious injury. The two lads were on the wagon building the load, from whence they were pulled down after the accident by their father, who, to his horror, found the youngest one a lifeless corpse, with his For 'Zollern, when the sun was low, Lager and wine did freely flow, And dark as winter was the glow, Of spirits rolling rapidly. All lager beer will foam, you know, And wine, when shook, will spume and flow, And, frothing, both to war will go Around the Rhine quite rapidly. But few will part where many meet, For wine will get a winding sheet, And lager flow beneath their feet, Like Iser rolling rapidly.

"Viva le Roy!" cries Rhenish wine, But lager beer says, "Ich nir verstein!" And thus the fight goes at the Rhine Between Imperial cavalry.

TO THE OFFICERS AND MEMBERS OF ST. MI-HAEL'S CATHOLIC AND LITERARY SOCIETY .-Gents: Your committee, appointed to prepare Resolutions on the death of Rev. Dr. James Keogh, beg leave to submit the following for your consideration:

I can scarcely resist the temptation to boast of the grain and hay crops in Northern Cambria, but I postpone the pleasure of doing so until next week, when I hope to give facts and figures which will be accepted as fully justifying any indulgence in the little game of brag. With excellent hotels, unsurpassed in accomdations and bills of fare, a community proverbially hospitable and friendly, good water, pure air and fine rural scenery, why should not city seekers after country retreats appreciate the fact that here, in the pleasant village of Carrolltown, they could find as good treatment, as much comfort, and as delightful recreation as at any of the prominent summer resorts, and that too WHEREAS, It hath pleased Almighty God, in His infinite wisdom, to remove from near friends and dear associates the lamented Rev. Dr. Jas. KEOGH, who died at East Liberty, Pa., July 12, KEOGH, who died at East Liberty, Pa., July 12, 1870; and,
WHEREAS, It is proper that St. Michael's Society, in deference to the St. Augustine Literary Society, (of which the deceased was an exemplary member and zealous spiritual director.) should give expression of its sorrow upon the sad and mournful occasion; be it therefore Resolved. That, in the death of Rev. Dr. Jas. KEOGH, this Society believes that the St. Augustine Literary Society has lost; not only one of its most useful members, but also a talented, learned, kind and zealous spiritual director, the community one of its best citizens, and the Church one of its brightest luminaries.
Resolved, That this Society, duly sensible of comfort, and as delightful recreation as at any of the prominent summer resorts, and that too at a much less cost.

A grand social picnic at Glen Connell on the loth of next month will come off without fail, and as the people of that vicinity know how to get up and conduct such festivities, there can be doubt about the pleasurg and satisfaction in store for all persons who may attend.

E. Resolved, That this Society, duly sensible of the great loss the St. Augustine Society has sus-tained in his death, hereby expresses its sorrow at the sad event and its sympathy with the friends and associates of the departed Doctor in their bereavement. "The Home of Washington."—For nearly a quarter of a century past, Benson J. Lossing, the artist-author of "Field Book of the Revolution," "History of the United States," &c., has been one of the most diligent and successful laborers in the rich field of American history.—During that time he has traveled more than thirty thousand miles, extending to almost every portion of the Union, in order to procure sketches of various scenes and objects of histo-

their bereavement.

Resolved, That these proceedings be published in the CAMBRIA FREEMAN, and that a copy of them, properly signed, be sent to the Secretary of the St. Augustine Literary Society.

The subject of the above notice was widely and familiarly known. He was born in the province of Baden, Germany in 1797, and emigrated to Pennsylvania in 1832. He was one of the early settlers in the vicinity of Carrolltown, and was closely identified with its progress and improvement. Universally known over the entire north of the county, as well as to every visitor to our town during the past twenty vears, he was at the same time as universally respected and esteemed. For several years past age and infirmity, following an active and energetic life, had been gradually undermining his once rugged constitution, and on Friday last, after being confined to his room for severgoods and notions. As in life he had been large number of friends. As in the he had been a faithful and attentive Catholic—never missing even a week-day Mass—so at death he was so-laced and comforted by all the rites of the church, and died in the justified hope that, having faithfully borne his burden here, he would rest eternally with God hereafter. On Sunday his remains were followed to the grave by an immense throng of relations, friends and neighbors, and as the cold earth was heaped upon his coffin, the thought could not be repressed that opened an immense read made clothing establishment, under the Opera House, Main street, in the rooms formerly occupied by L.
