A CURIOUS CUSTOM.

Sir John Lubbock, in his recent work on "The Origin of Civilization," speaks of a curious custom very widely spread among savages of all regions, by which, on the birth of a baby, the father, and not the mother, is put to bed and nursed like a sick person for several weeks. This custom was almost universal among the Indians of South America. Dobritizhoffer, the old Jesuit missionary to Paraguay, tells us that "no sooner do you hear that a woman has borne a child than you see the husband lying in bed, huddled up with mats and skins lest some ruder breath of air should touch him, fasting, kept in private, and for a number of days abstaining religiously from certain viands; you would swear it was be that had the child. I had read about this in old times, and laughed at it, not thinking I could believe such madness; I used to suspect that this barbarian custom was related more in jest than in earnest; but at last I saw it with my own eyes among the Abipones."

Brett, in his account of the Indian tribes of Gulana, says he saw a man whose wife had lately been delivered, lying in a hammock, wrapped up as if he were sick, though really in the most robust health, while the mother of the new born infant was engaged in cooking and other work about the hut.

Traces of this custom were found in Greenland, where, after a woman is confined, the husband must forbear working for some weeks; and in Kamskatka, where for some time before the birth of a baby the husband must do no more hard work. Similar notions are found among the Chinese, among the Dyaks of Borneo, and what is still stranger is that they exist to this day in Corsica, in the North of Spain, and in the South of France, where the custom is called faire la couvade. Max Muller, in his "Chips from a German Workshop," tries to account for it thus: "It is clear that the poor husband was at first tyrranized over by his female relatious, and afterward frightened into superstition. He then began to make a martyr of himself till he made himself really ill, or took to his bed in self-defence. Strange and absurd as the courade appears at first sight, there is something in it with which, we believe, most mothers-in-law can sympathize," Sir John Lubbock, however, prefers to accept the Curib and Abipone explanation, which is that they believe the infant would be injured in some way if the father engaged in any rough work or was careless

WHITEWASH AS A COSMETIC. - Whitewash · is a wonderful institution; and a missionary who has witnessed its beneficial results in the South Sea Islands, thus describes the way in which it "took" among the natives; "After having laughed at the process of burning, which they believed to be to cook the coral for their food, what was their astonishment, when in the morning they found my cottage glittering in the rising sun, white as snow! They danced, they sang, they shouted and screamed with joy. The whole island was in a commotion, given up to wonder and curiosity, and the langhable scenes which ensued after they got possession of the brush and tub, baffle description. The high-bred immediately voted it a cosmetic and kalydor, and superatively happy did many a swarthy coquette consider herself, could she but enhance her charmes by a daub of the white brush. And now party spirit ran high as it will do in more civilized countries, as to who was or who was not Lest entitled to preference. One party urged their superior rank; one had the brush, and was determined at all events to keep it; a third to overturn the whole that they might obtain some of the sweepings. They did not even scruple to rob each other of the little share that some had been so happy as to secure. But soon new lime was prepared, and in a week not a hut, a domestic utensil, a war club, or a garment but what was as white as snow; not an inhabitant but had a skin painted with the most grotesque figures; not a pig that was similarly whitened; and even mothers might be seen in every direction capering with extravagant gestures, and yelling with delight at the superior beauty of their whitewashed infants."

A GREAT MEDICAL DISCOVERY Dr. WALKER'S CALIFORNIA VINEGAR BITTERS

Hundreds of Thousands Bear testimony to their Wonder-ful Curative Effects. WHAT ARE THEY?

THEY ARE NOT A VILE FANCY DRINK. Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," " Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, mada from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direcion and remain long unwell. 8160 will be given for an incurable case, provided

point of repair. For Inflammatory and Chronic Rheumetism and Gout, Dyspepsin, or Indigestion, Bilious, Remittent and Intermittent Fevers Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitlated Blood, which is generally produced by derangement

the bones are not destroyed by mineral poison or

other means, and the vital organs wasted beyond the

of the Digestive Organs. DYSPEPSIA OR INDIGESTION, Head sche, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the tor-

pid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system. FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Bolls, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erystpelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the bkin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their surative effect.

Cleanse the Vitlated Blood whenever you find its

impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyad and removed. For full directions, road carefully he circular around each bottle, printed in four lanrunges-English, German, French and Spanish.

UNCERTAIN .- Any person may live long or die suddenly. Life is not measured. Even diseased lungs have outlived double the average of the healthful. Men have been struck on the head by a falling beam and survived the injury, and died subsequently from the effects of a splinter so small that it could scarcely be seen with the naked eye. One of the most remarkable men that ever lived was strangled by a cup of cold water. Another expired in a paroxysm of laughter. Death is an invisible agent. His approach cannot be seen by any one and very often comes when least expected. It is the part of wisdom to be ready for his visit when made. There is no time to pack trunks and put on clean clothing after the car whistle has sounded. The train moving to eternity. like some of man's imitations, runs on sched-
