VALUABLE RECIPES - The following recipes are from the Medical Independent of Philadelphia. Sick headache, hysteria, nervousness, and constipation may be cured by retiring early, omitting tea, coffee, pastry, and confectionery, eating substantial food at regular intervals, plenty of out-door exercise, a draught of cold water the first thing on rising in the morning, and the reading of substantial literature instead of the light, trashy stuff. One teaspoonful of common salt, one teaspoonful of sulphur, one ounce of linseed oil, twenty drops of the oil of bergamot, and one teaspoonful of tannic acid, made into an ointment by melting and stirring the ingredients in while warm, will prevent the hair from turning gray by applying at night.

LET HER FLICKER! - Some of our young men who go to see the girls have adopted a new way of obtaining kisses. They assert on the authority of scientific writers that the conclusion produced by a kiss will cause the flame of a gas jet to flicker, and easily induce the girls to try the experiment in the interest of science. The first kiss or two the parties watch the flame to see if it flicker, but soon become so interested in the experiment as to let it flicker if it wants to. Hence the term "Let her flicker."
