

The name of G. Nelson Smith, Esq., late editor of the Johnstown Echo, is suggested in connection with the Democratic nomination for Surveyor General.

A BILL has been reported in the State Senate from the appropriate committee, repealing the law of 1869, which abolished the Spring Elections.

THE BILL in reference to conferring on the District Court at Johnstown increased civil jurisdiction, and which passed the House two weeks ago on the motion of our member, Mr. Rose, passed the Senate on Tuesday last.

HON. D. J. MORRILL has sent us with request to publish, a Joint Resolution which has been introduced in the U. S. Senate relating to an increase of compensation to the Assistant Marshals who took the census of 1870.

JOINT RESOLUTIONS relating to an increase of compensation to Assistant Marshals at the Ninth Census.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That in all cases where the average per diem compensation of the Assistant Marshals for field-work in enumerating inhabitants at the ninth census of the United States, under the rates of payment fixed by the law of eighteen hundred and fifty, and the act or acts supplementary thereto, shall not amount to five dollars a day, the Superintendent of the Census is hereby authorized to add to such pay an amount sufficient to give to each of said Assistant Marshals the total sum of five dollars per day for such field-work: provided, that the number of days for which such additional allowance shall be paid shall in no case exceed the number of days fixed by the act of May six, eighteen hundred and seventy, for completing the enumeration upon schedule one.

Passed the House of Representatives January 30, 1871.

Attest EDWARD McFERRISON, Clerk.

The Proposed New Tax Bill.

In our last issue we referred in a brief paragraph, to a bill which originated in the State Senate, regulating the collection of taxes in Indiana and Cambria counties.

The Censura Swindle.

From our personal knowledge of the political character of John Cessna, the recent exposure in Congress of his fraudulent and corrupt conduct, in reference to a swindling claim for damages, made by George Chapman, of Somerset county, who, fifteen years ago, had a contract for carrying the mail from Salt Lake to Sacramento, convinces us that our estimate of the man was correct.

than we were prepared to believe that even he could descend to. His whole conduct exposes as corrupt a purpose to plunder the treasury out of nearly a half million of dollars as was ever attempted.

AN EXPOSURE of the dark ways and wily tricks and corrupt practices of the lobby and the members of Congress is rarely if ever witnessed. It is a long story, but its points may be briefly told.

THE SCENE—CHASM OF DEATH.

A field of ice stretching away to the right for miles, calm and unbroken, and the moon's light reflecting dimly gray beyond; another and lesser patch to the left, and at your feet an abyss of two hundred feet across, filled with a confused heap of black and charred fragments, with broken beams and with posts still upright and firm, but grim, burned and reeking with a foul odor and the fumes of oil.
