THINGS WORTH KNOWING.

INGROWING TOE NAILS.—This most painful of diseases of the nails is caused by the improper manner of cutting the nail (generally of the great toe), and then wearing a very narrow, badly made shoe. The nail beginning to grow too long and rather wide at the corners, is often trimmed around the corners, which gives temporary relief.—But it then begins to grow wider in the side where it is cut off; and, as the shoe presses the foot against the corner, the nail cuts more and more into the raw flesh, which becomes excessively tender and irritable. If this state continues long, the toe becomes more and more painful and ulcerated, and fungus (proud flesh) sprouts up from the sorest points. Walking greatly increases the suffering, until positive rest becomes indispensible.

Treatment—We omit all modes of cutting out the nail by the root, and all other cutting or tormenting operations. Begin the effort to cure by the simple application to the tender part of a small quantity of perchloride of iron. It is found in drug stores in a fluid state, though sometimes in powder. There is immediately a moderate sensation of pain, costriction or burning. In a few minutes the tender surface is found to be dried up, tanned or mummified, and it ceases to be painful. The patient, who before could not put his foot to the floor, now finds that he can walk on it without pain. By permitting the hardened, wood-like flesh to remain two or three weeks, it can be easily removed by soaking the foot in warm water. A new and healthy structure is found, firm and solid, below. If thereafter the nails be no more cut around the corners or sides, but always carved in across the front end, they will grow only straight forward; and by wearing a shoe of reasonably good size and shape, all further trouble will be avoided.—*Bostwick's Medical and Surgical Journal.*

TO POLISH MARBLE, &c.—Marble of any kind, alabaster, any hard stone or glass may be repolished by rubbing it with a linen cloth dressed with oxide of tin (sold under the name of putty powder). For this purpose a couple or more folds of linen should be fastened over a piece of wood, flat or otherwise, according to the form of the stone. To repolish a mantle piece it should be perfectly cleaned. This is best done by making a paste of lime, soda, and water, well wetting the marble and applying the paste.—Then let it remain for a day or so, keeping it moist during the interval. When the paste has been removed, the polishing may begin. Chips in the marble should be rubbed out first with emery and water. At every stage of polishing the linen and putty powder must be kept constantly wet. Glass, such as jewelers' show cases, which become scratched, may be polished in the same way.

HOW TO MAKE MOLASSES CANDY.—This is the season of evening socials, and "candy pulling" is often the element of the happy entertainment. An exchange suggests the following mode of making the "taffy" which is a decided improvement on the old process, that requires from one to three hours to complete it. For a small number, say four persons, the following quantity will answer; for a larger increase proportionately: One teacupful of molasses, half a teacupful of any kind of sugar, a teaspoonful of vinegar, a piece of butter the size of a nutmeg. Put the whole in a skillet, on a hot fire, and boil exactly ten minutes, stirring it all of the time, then set it off to cool. Pull it as soon as it is hard enough. If you want some nice candy to eat, add a teacupful of hickory nut kernels to the above compound and stir while hot. Let it cool and it will be ready for use.

THE FARMER'S BAROMETER.—Take a common glass pickle bottle, wide mouthed, fill it within three inches of the top with water; then take a Florence oil flask, removing the straw covering and cleansing the flask thoroughly; plunge the neck of the flask into the other bottle as far as it will go, and the barometer is complete. In fine weather the water will rise into the neck of the flask. Before a heavy gale of wind the water has been seen to leave the flask altogether, at least eight hours before the gale came to its height. The invention was made by a German, and communicated by him to a London journal.

FELON ON THE FINGER.—Many persons suffer extremely from felons on the finger.—These afflictions are not only painful, but frequently occasion permanent crippling of the members affected. The following simple prescription is recommended as a cure for this distressing ailment: Take common rock salt, such as is used for salting down pork or beef, and mix with spirits of turpentine in equal parts; put it on a rag and wrap around the affected part, and as it gets dry, put on more, and in twenty-four hours you are cured. The felon will be dead. It will do no harm to try it.

SCOTTISH TWEED.—Good Scottish Tweed can be made entirely impervious to rain by the following process: In a bucket of soft water put half a pound of sugar of lead, and half a pound of powdered alum; stir this, at intervals, until it becomes clear, then pour it off into another bucket, and put the garment therein, and let it stay in for twenty four hours, and then hang it up to dry without wringing it. The water will hang upon the cloth in globules, but will not penetrate it at all.

A CORRESPONDENT of the *English Mechanic* gives the following: Put a piece of quicklime as big as a walnut into a pint of water in a bottle. Clean the teeth with it every morning, rinsing the mouth with clean water afterward. If the teeth are good it will preserve them and keep away toothache; if the teeth are gone it will harden the gums so that they will masticate crusts and all.

TO CURE SORE THROAT.—Take the whites of two eggs and beat them in with two spoons of white sugar; grate in a little nutmeg, and then add a pint of lukewarm water. Stir well, and drink often. Repeat the prescription, if necessary, and it will cure the most obstinate cases of hoarseness in a short time.

TO REMOVE WARTS.—Touch the top of the wart with nitric acid, and when it begins to produce pain, wash out the acid with water. In a couple of days the top will peel off; repeat the operation twice, and in a couple of weeks they will disappear.

FROSTED FEET.—To relieve the intense itching of frosted feet, dissolve a lump of alum in a little water, and bathe the part with it, warming before the fire. One or two applications is sure to give relief. Salt and water is also a good remedy.

DYSPEPSIA.—It is said that raw clams and broth, or the uncooked broth alone, from a gill to half pint, on an empty stomach, will cure dyspepsia. Take before breakfast, for a month if necessary, or even longer.

AN EXTRA DISH.—Oranges, peeled and divided at the natural partings; three whites of eggs, for two oranges, beaten to a stiff froth, and the pieces of orange slipped in.—Then thickly dust with sugar and bake.

A LINIMENT.—One of the very best liniments that was ever prepared for man or beast is composed of equal parts of laudanum, alcohol, and oil of wormwood. Its effect is almost magical.

COMPOUND FLUID

EXTRACT CATAWBA

GRAPE PILLS.

Component Parts—Fluid Extract Rhubarb and Fluid Extract Catawba Grape Juice.

For Liver Complaints, Jaundice, Bilious Affections, Sick or Nervous Headache, Costiveness, &c. Purely Vegetable, containing no mercury, minerals, or deleterious drugs.

These Pills are the most delightfully pleasant purgative, superceding castor oil, salts, magnesia, etc. There is nothing more acceptable to the stomach. They give tone, and cause neither nausea nor griping pains. They are composed of the purest ingredients. After a few days' use of them, such an invigoration of the entire system takes place as to appear miraculous to the weak and enervated, whether arising from imprudence or disease. H. T. Helmbold's Compound Fluid Extract Catawba Grape Pills are not sugar-coated, from the fact that sugar-coated Pills do not dissolve, but pass through the stomach without dissolving, consequently do not produce the desired effect. The CATAWBA GRAPE PILLS, being pleasant in taste and odor, do not necessitate their being sugar-coated. Price Fifty Cents per Box.

HENRY T. HELMBOLD'S

Highly Concentrated Compound

FLUID EXTRACT SARSAPARILLA

Will radically exterminate from the system Scrofula, Syphilis, Fever Sores, Ulcers, Sore Eyes, Sore Legs, Sore Mouth, Sore Head, Bronchitis, Skin Diseases, Salt Rheum, Cankers, Blotches, Pimples, Pustules, Boils, Tetters, Carbuncles, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

Imprudences, Dissipated Habits, &c.,

in all their stages, at little expense, little or no change in diet, no inconvenience, and no exposure. It expels poisonous matter from the blood, and restores it to its healthful strength to Urinate, thereby removing Obstructions, preventing and curing Strictures of the Urethra, allaying Pain and Inflammation, so frequent in this class of diseases, and expelling all Poisonous matter.

Thousands have been the victims of incompetent persons, and who have paid heavy fees to be cured in a short time, have found that they have been deceived, and that the "Poison" has, by the use of "powerful astringents," been dried up in the system, to break out in a more aggravated form, perhaps after Marriage. Use HELMBOLD'S EXTRACT BUCHU for all affections and diseases of the Urinary Organs, whether existing in the Male or Female, from whatever cause originating, and no matter of how long standing. Price, One Dollar and Fifty Cents per Bottle.

But however valuable as a remedy for existing defects of the skin, H. T. Helmbold's Rose Wash has long sustained its principal claim to unbounded patronage, by possessing qualities which render it a Toilet Appendage of the most superlative and concenial character, combining in an elegant formula those prominent requisites, safety and efficacy—the invariable accompaniments of its use—as a Preserver and Refresher of the Complexion. It is an excellent Lotion for diseases of Syphilitic Nature, and as an Injection for diseases of the Urinary Organs, arising from habits of dissipation, &c., in connection with the Extract Buchu, Sarsaparilla, and Cathartic Grape Pills, in such diseases as recommended, cannot be surpassed. ROSADALIS

ROSADALIS

THE GREAT AMERICAN HEALTH RESTORER purifies the blood and cures Scrofula, Syphilis, Skin Diseases, Rheumatism, Diseases of Women, and all Chronic Affections of the Blood, Liver and Kidneys. Recommended by the Medical Faculty and many thousands of our best citizens.

Read the testimony of physicians and patients who have used Rosadalis; send for our Rosadalis Guide to Health Book, or Almanac for this year, which we publish for gratuitous distribution; it will give you much valuable information.

Dr. R. W. Carr, of Baltimore, says:

I take pleasure in recommending your ROSADALIS as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of Scrofula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made and find it an excellent compound of alterative ingredients.

Dr. Sparks, of Nicholasville, Ky., says he has used Rosadalis in cases of Scrofula and Secondary Syphilis with satisfactory results—as a cleanser of the blood I know no better remedy.

Samuel G. M'Fadden, Murfreesboro', Tenn., says: I have used seven bottles of Rosadalis and am entirely cured of Rheumatism; send me four bottles, as I wish it for my brother, who has scrofulous sore eyes.

Benj. Bechtol, of Lima, O., writes: I have suffered for 20 years with an inveterate eruption over my whole body. A short time since I bought a bottle of Rosadalis and it effected a perfect cure.

Rosadalis is sold by LEMMON & MURRAY, Ebensburg, and Druggists generally. Laboratory, 61 Exchange Place, Baltimore. CLEMENTS & CO., April 7, 1870. 1y. Proprietors

BRET HARTE.

BRET HARTE is one of the freshest and most original of American poet humorists. He illustrates phases of the coarser American life, such as are familiar to all, but which no author has until now attempted. And considering the difficulties of such a line of authorship—danger on the one hand of vulgar or indecent expression, and on the other of becoming insufferably stupid—Mr. Harte has been more successful than one would have supposed. Few who have read his "Luck of the Roaring Camp" but received genuine enjoyment from its pages. One of his latest publications is a collection of short poems, (Fields, Osgood & Co.,) many of which are characteristic and exceedingly humorous. Some of the pieces in the coarse dialect of the Pacific miners are very affective. The following has a touch of true pathos:

IN THE TUNNEL.

"Didn't know Flynn—
Flynn of Virginia—
Long as he's been yar?
Look'ee here, stranger,
What kin you been?

"Here in this tunnel
He was my partner,
That same Tom Flynn—
Working together,
In wind and weather,
Day out and in.

"Didn't know Flynn?
Well, that is queer;
Why, it's a sin
To think of Tom Flynn—
Tom with his cheer,
Tom without fear—
Stranger, look 'yar!

"Thar in the drift,
Back to the wall,
He held the timbers
Ready to fall;
Thar in the darkness
I heard Rim call:
'Run for your life, Jake!
Run for your wife's sake!
Don't wait for me.'
And that was all
Heard in the din,
Heard of Tom Flynn—
Flynn of Virginia.

"That's all about
Flynn of Virginia;
That lets me out.
Here in the damp—
Out of the sun—
That 'ar darned lamp
Makes my eye run;
Well, there—I'm done!

"But, sir, when you'll
Hear the next fool
A-king of Flynn—
Flynn of Virginia—
Just you chip in
Say you knew Flynn;
Say that you've been 'yar."

THE superintendent asked me to take charge of a Sunday school class. "You'll find 'em rather a hard lot," said he. "They all went fishing last Sunday but Johnny Rand. He is really a good boy, and I hope his example may yet reform the others. I wish you would talk to them a little." I told him I would. They were rather a hard looking set. I don't think I ever witnessed a more degraded assortment of black eyes in my life. But Johnny Rand, the good boy, was in his place, and I smiled on him approvingly. As soon as the lessons were over, I said, "Boys, your superintendent tells me you were fishing last Sunday. All but you, Johnny here. You didn't go, did you, Johnny?"
