LION of dollars! BAILEY, a New York revenue collector, stole near ELEVEN HUNDRED THOU-SAND dollars and then ran away ! Recently Mr. NORTON, of the New York Post Office, proved a defaulter to the amount

of TWO HUNDRED THOUSAND DOL-LARS, and other defalcations in the same A Kansas revenue collector recently stole over A HUNDRED THOUSAND dollars, and the Radical Senators from that State

settled the whole claim with the department at Washington for eleven thousand? The other defalcations of revenue collectors amount to MILLIONS! The Radical Postmaster at Atlanta, Georgia, has just been detected in a defalcation

of THIRTY THOUSAND dollars. GEO. O. Evans, State war claim agent of Pennsylvania, has stelen THREE HUN-DRED THOUSAND dollars, as a compensation for cheating the Federal government out of MILLIONS!

The Radical State Treasurer of Pennsylvania annually cheats the people of the State out of FIFTY TO A HUNDRED THOU-SAND dollars, interest upon the people's money loaned to Banks!

The Radical "Syndicate" in Europe charged the government over FIFTY MIL-LIONS for negotiating the recent loan, besides thousands spent by sending agents to

assist them! While government officials in every direction and every quarter are robbing the Na-tion, the Radical President idles his time away at the Long Branch race course, and his Secretaries are traveling the country making personal speculations and attending to and corrupting politics!

Will not the people arouse themselves to this wholesale ROBBERY and NEGLECT OF DUTY! It will be seen that in every department of the State and National governments, robberies on the grandest scale are being committed, while none of the principal officers are attending to their duties! Will the people submit to this?

Did ever before a President and Cabinet so palpably neglect their duties? Were there ever such robberies?

People cry out HARD TIMES-they groan under OPPRESSIVE TAXATIONevery article they eat, or drink, or wear, and every pursuit they follow, is HEAVILY TAXED-TAXATION stares them in the face at every turn-yet the highest officers in the land, receiving extravagant salaries, neglect their business to revel at sea-shore watering places, patronizing horse races and attending to personal interests and gratifications, while the subordinates are ROBBING THE PEOPLE BY THE MILLION!

While all this is going on the Radical CONGRESS is voting away the public lands by thousands and tens of thousands of acres -by whole townships, and counties, and sections-nearly every Radical Congressman grows rich as the result of these votes to swindle the people-the land is filled with SHODDY ARISTOCRATS-the people are oppressed and beggared and poverty grinds thousands into the dust!

The elective franchise is disgraced and corrupted, the baliot-box is polluted and governed by the bayonet-the rights of people and of States are outraged, defied and set at naught-immorality and crime pervade the land as the direct result of Radical rule-honest men are harrassed and criminals escape justice-when our Courts convict scoundrels of riot, stuffing ballot-boxes and altering election returns, the criminals are pardoned-in short, every outrage that can be practised upon a free people is being perpetrated, yet thousands are induced by party association to sustain this abominable state of affairs!

It is the duty of every man who loves his | ness. country to make all the effort in his power to stay this tide of corruption and wrong doing. The BALLOT BOX is the place to correct all these evils. Although BRIBERY is doing its work to sow discard in the ranks of those who attack and attempt to defeat the outrages we have enumerated, the honest people are arousing with a determination to THROTTLE THE MONSTER, and this effort will be continued until the work is accomplished. LET ALL PREPARE FOR THE STRUGGLE, FOR IT IS AT HAND! -Bloomsburg Columbian.

THE BEST CANDIDATE.

Among the most important of the duties which will devolve upon the voters who reside within the limits of the twenty-fourth suitable person to preside over the deliberations of the several courts of the District .-In deciding this important question every elector should divest himself of partisan agance: prejudices and resolve that his suffrage should be given to that candidate who possesses the ripest experience and the amplest qualifications for the office. The intelligent citizen should support no candidate for this office simply because he is a Republican or a Democrat. If the Democratic party or the Republican party nominate an incapable man, the people should not ratify such a selection. If, on the contrary, both candidates possess the requisite legal knowledge, voters should endeavor to ascertain which is

likely to prove the best judge. There are now before the people three judicial candidates. Judge Taylor, independent, John Dean, Republican and Thaddeus Banks Democrat. Against the qualifications of Judge Taylor we have not a word to say. He can well afford to look with just pride upon his judicial career, extending over more than a score of years, and when he retires to private life will do so with the confidence of the people. Mr. Dean is a gentleman of respectable attainments, and would doubtless be able to perform the duties of the office, but he is not the best can-

We are firmly convinced that the Democratic nominee is in every way better qualified than either of his competitors, as two or three reasons will sufficiently show. And just here we desire to say that if Mr. Dean's friends can give any reason in favor of his election other than that he is a Republican, we should be pleased to hear it.

Mr. Banks is the better candidate because he has had more experience than Mr. Dean. While the former has been practicing before the bar of the District for thirty years, the latter has only been in practice some fifteen years. It must be evident to any reasoning mind that he who has had a legal experience of thirty years duration is much better qualified to preside over the sessions of a court of justice than he whose experience is only half so great. In the very beginning Mr. Banks took a prominent rank in his chosen profes sion, and to-day no one in the District is his superior in all the elements of true success. His large experience, his long continued and uniformly successful practice, render him

eminently worthy of popular support. Again, Mr. Banks has been engaged in many important cases before the Supreme Court of this Commonwealth, while, if we are correctly informed, Mr. Dean has never yet tried a case before that body. Now, why should those who are interested in placing upon the Judicial bench that candidate whose experience before the Supreme and District courts would seem to render him especially competent for the position, hesitate for a single moment between Mr. Dean and Mr. Banks. Between the two there

can be no comparison. But voters should not only examine the legal qualifications of Judicial candidates, they should also inquire into the habits of thought, methods of reasoning, mental organization and temperament as well. There are some men so constituted that it is simply impossible for them to divest their minds of prejudice. Such are evidently unfitted for judicial station. And while we do not mean to intimate that Mr. Dean is such an inveterate partisan that it would be impossible for him to keep from swerving from one side or another of a disputed question, yet we do affirm that Mr. Banks would make much the safest Judge. In this opinion we believe nearly every one who is personally acquainted with the two gentlemen will coin-

Mr. Banks is one of the most cool, dispassionate men with whom it is a sort of a second nature to look at all sides of a question before forming an epinion as to its merits. And notwithstanding the charges which have been made against him by the Radical journals, he is not a politician, in the proper acceptation of that term. He is not a partisan as all who know him will agree. Po litical prejudice never obscures his understanding and it must be a very bad man indeed for whom he has not a good word .-We venture the assertion that Mr. Banks would deprecate and oppose any attacks upon the character or standing of his opponent, and this, too, in spite of the unbandsome manner in which he has been treated

by the partisans of Mr. Dean. Mr. Dean is a man of quick passions and strong prejudices. He is a successful advocate, but could not be a strictly impartial judge. He is not long in making up his mind, and upon subjects where his prejudices are concerned his mind is already made up. As a party man, an advocate of Radicalism, an organizer and a leader, we admit that Mr. Dean has few superiors in the District. But the very fact that he is an active, zealous and unreasoning partisan should convince the people that he is not the man to fill the office of President Judge. His aggressive character, stubborn prejudices and decided partisanism are so many insuperable obstacles in the way of his Judicial fair-

We have thus endeavored to show the people of this Judicial District that their interests will be best subserved by the election of Hon. Thaddeus Banks to the President Judgeship. We have endeavored to do so temperately and justly. That Mr. Dean is not the best candidate must be evident to all who carefully scan the merits of the two candidates. That Mr. Dean's chances for success will be bettered by ribald abuse of Mr. Banks is more than doubtful. The very domain of argument and reason they cannot successfully compete. - Hollidaysburg Stand-
