The sun he was, and William would be the same way mighty soon, for she was awful rough on victuals, and always broke plates when she got mad.

So, you see, there was really no necessity for William to come at midnight's solemn hour in a cab, and throw a rope ladder up to her window, and whistle three times on to her window, and whistle three times on his fingers, and then go up hand over hand. That's the way in would have been in a novel; but Bill said he wasn't on that lay, so he just went out into the yard, and out of pure jay he skinned the cat three or four times on the grape vine arbor, and then went and got his butcher cart, and drove Mary right down to the mag We are offering decided Bargains in an unriistrate, to get the jeb done for a quarterfor he said he was some on the low price, he

But the very queerest thing of all was that Bill had no tall, dark, ruffi inly rival, with a scowling visage and black whickers, who flew at him with a drawn dagger and a horse pistol in each hand, and a muttered curse upon his lips, and cried wildly for "Revenge." Ha! ha! and said "Death!" and "Villain, thou niest!" Not any. There was another fellow in love with Mollie to be sure, but he was a weak-eyed young man, who had sandy hair, and wore spectacles and a choker col lar, and always looked scared when you bol lered at him. So when he saw that Bill had the best of the girl's affectious, he looked serene and said : "Go in Bill, if you hanker for her;" and as Billy was a triff; on the hanker,

he sailed right in.

S. William had no trouble at all-and you couldn't get up an agon zing novel about 1 him if you tried. He didn't have any urgent business that called him to a foreign 2 land, and so he hadn't to bid her a fond go d- 5 bye, and swear always to be true, and then go away and forget her and fall in love with a dark eyed Italian girl, picking grapes in a vineyard, with a square towel folded on her head, while his lorgetten and forsaken Mary gradually faded and pined away, and baffled the physician's skill, and prew pa er, and at last when the June roses were in bloom, lying gently down to die, while through the open window floated in the balmy oder of A. And William didn't come home at last, and, filled with deathless remorse, go daily to the sweet cemetery and strew flowers on her grave, and teach his children to lisp her name. Not at all. That is the way M s. E. D. E. N. Southworth would have done it, but she wasn't round. Billy was a butcher who were a white shirt and a shiney hat and he stayed at home and killed beef and sold it at a big price, and stuck to Mary, and she wasn't much on the pine, or the fade, while if any fellows get to lucking around, William went right out and batted them in the eve. to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy

Pevers, which are so prevalent in the valleys of our
great rivers throughout the United States, especially
those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos,
Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. There are always more or less obstructions of the liver, a weakness and irritable state obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vittated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions Scrofula, or King's Evil, White Swellings,

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safe-guard in all cases of eruptions and malignant fevers, their balsamic, healing, and southing properties protect the humors of the fauces. Their Sedative properties

the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and howels, either from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Duretic properties act on the Kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.
