BUCKALEW.

THE COMING GOVERNOR IN LANCASTER.

An Immense Political Demonstration.

MR. BUCKALEW'S SPEECH.

His Senatorial Record—His Votes for Supplies and Bonuses—A Complete Refutation of Radical Slanders—The Holcombe Interview—Necessity for Reform, &c., &c.

The meeting at Fulton Hall last night, says the Lancaster Intelligencer of the 21st, was a grand political demonstration. The notice given was brief, but the assemblage was one of the most imposing ever witnessed in this city upon a similar occasion.

SPEECH OF MR. BUCKALEW.

Fellow-citizens of Lancaster County: I appear before a Lancaster county audience for the first time.

Many of your people many years, it has happened that in an enterprise in your popular assemblages in any of the great election contests through which we have passed in the last twenty-five years, but I am here to-night to salute you all I hope, as friends, and I hope, also, as fellow-citizens with me in an enterprise in which we are jointly interested.

DECLARATIONS OF POSITION.

The war ended in April 1865, a little more than two years after. Shortly after my election, in July 1863, I prepared an essay upon the existing political situation in this country.

THE REFORMER'S CRY.

But what does this mean? Why, it carries upon its face words significant to every intelligent citizen of the Commonwealth.

THE RING CRY.

But our opponents have been troubled for an election cry, and they have gone without one from early in April until a very recent date.

that this want must be supplied, that it is not practicable for them to carry on successfully, or even respectably, a campaign without grouping around some common expression or watchword, the principles, or if you please, the passions which inspire them.

My Senatorial Record—His Votes for Supplies and Bonuses—A Complete Refutation of Radical Slanders—The Holcombe Interview—Necessity for Reform, &c., &c.

SUPPORT OF APPROPRIATIONS.

So much for declarations or statements of positions. Now I come to the senatorial record of 1863.

My Senatorial Record—His Votes for Supplies and Bonuses—A Complete Refutation of Radical Slanders—The Holcombe Interview—Necessity for Reform, &c., &c.

THE PAY OF COLORED TROOPS.

I dismiss that, and come to another point, the pay of colored troops, and for this a very few words will answer.

THE HOLCOMBE LETTER.

I have shown you my record in the Senate upon the subject of voting appropriations to the war; upon the subject of the pay of white soldiers; upon the subject of increased pay to colored troops; and you will see how utterly unfounded are the imputations I have answered.

of prosecuting the war to a conclusion, I never had any difficulty; I never had any hesitation in giving an examination of my record—and humble it may even be—by some persons at some time be examined—it will be found that from the time I assumed the seat to which my State assigned me in this Chamber, my course was such as I have indicated, and was in exact accordance with the convictions that I held.

The aggregate amount of the appropriations made by that bill in thirty-four items was \$554,579,537 70. Here are five successive money bills, every one of which by the record is shown to have been passed with my consent and approval, because they were passed unanimously with the one exception of the army appropriation bill of 1864, and for that I have read the vote. They amount altogether to \$1,427,822,881 30.

SOLDIERS' PAY.

I come to another subject. I come to the question of the pay of the soldiers. On the 22d of December, 1863, the record shows that was present when the bill passed unanimously, appropriating \$30,000,000 to pay bounties to soldiers, and it also shows that an amendment offered at that time, to reduce bounties from \$300 to \$100, or to compel the President to pay no more than \$100 bounty to a soldier, was opposed and voted against by me.

language of the day, in 1864, and in his report he says that among other persons whom he saw in addition to Gov. Hunt, other States, he saw Judge Black, Mr. Van Dyke and myself from this State. Now if the professor had found it worth while in making his report to go on and state what was the exact truth, that he saw Mr. Buckalew and myself in the public reception room of a public hotel at one of the most public places on the continent in the summer months, outside of the great cities, and that he talked to us in a very important discourse for a period of perhaps eight or ten minutes; that we then separated, and that he never saw each other before or since—if he had stated these details, I suppose Mr. Errett's patriotic concern would have been wholly prevented.
