THE DARK DAY IN 1780. We publish a condensed account of this remarkable phenomenon, by D. T. Taylor, of Rouse's Point, N. Y.

On the 19th of May, 1780, the inhabitants of New England and the adjacent parts were the trembling witnesses of a phenomenon never seen before since.

On the 19th of May, 1780, the inhabitants of New England and the adjacent parts were the trembling witnesses of a phenomenon never seen before since.

A THRILLING TALE. Providence, R. I., September 11.—In the Providence investigation, to-day, Albert S. Gallup testified that he was a passenger on the schooner...

On the human family the effect was still more curious and terrifying. The mechanic left his tools in the shop, the farmer his plow in the furrow, and each moved in silent and marvelling mood toward the barn or dwelling.

HORACE GREELY'S WIFE. When Mr. Greeley was in California, awaiting a trial, at every hour...

The citizens of Placerville prepared to fetter the great journalist, a democratic coed, with extra relays of horses was chartered of the California Stage Company...

The roads were in a awful state, and during the first few miles out of Placerville stage progress was made.

On the cross-examination the witness said: "I was on the port side of the forward part of the schooner...
