There was a very mean rich man living in this county at one time who could not get along with cold feet, so his gentle wife lit a fire under the bed in order to warm his feet.

How the report became current, or for what purpose it was circulated other than to injure the enterprise, we don't know, but we are confident that there is no truth in the story that the Freeman's Fair is designed to aid in the purchase of a library for the Presbyterian Sabbath School.

Local Correspondence.

County Institute.

To the Editor of the Cambria Freeman:

With your permission I wish to call the attention of your readers to the approaching county institute.

This year will meet in Ebensburg on Monday, the 30th day of this month, and will continue in session until the following Friday.

Railroad excursion ticket orders will be issued to such teachers and directors as desire to attend, upon application to the depot or to Mr. Geo. W. Cope.

It is especially desirable that there be a large attendance of directors, particularly on Wednesday, the 31st day of January next, which we have set apart as "Directors' Day."

Among the more eminent strangers who are expected to be present, are Messrs. Henry Houck, Deputy State Superintendent; S. G. M'Neil, Superintendent of the County; Geo. J. Luckey, City Superintendent of Pittsburgh; and Henry I. Gourley, also of Pittsburgh.

Besides these, a large number of teachers from the county are on hand with various exercises adapted to the instruction and entertainment of the institute.

It is particularly desirable that certain teachers of the county who heretofore have been negligent in matters of attending institutes, should be present.

The law makes a plain provision for reducing the grade of the institute, should any neglect be shown, and this provision is not to be regarded hereafter even more strictly than heretofore.

Some teachers are so situated as to be unable to attend the institute, and these we desire them to appoint proxies to represent them at the institute.

Teachers who cannot or wish not to attend for the success of the county institute and the benefit of their fellow teachers, are not considered worthy to hold such a position.

In conclusion, I wish to express the hope that directors will grant teachers the time spent in the institute. They may legally do so, and it will be of great advantage to both our teachers if they would attend, and this indirectly our schools would be vastly benefited.

As we are all well, and the weather is as well as by all who know him. He has left a wife and three children.

CHARGED WITH EMBEZZLEMENT.—Arrested Four Times.—We knew and intended to publish an account last week of the arrest of Isaac S. Gould and David Libby, of this county, on the charge of embezzlement.

On Monday evening of last week two men named Isaac S. Gould and David Libby were arrested at the depot, the former on the charge of embezzlement, and the latter on the charge of assisting him, on oath of Mr. G. C. Smith, of this city, agent for the sale of the Breen Saw & Machine Co.

The circumstances of the case are as follows: During the latter part of last week, a gentleman named Price visited the office of the writer with a letter and some papers relative to Gould's character, and from the information received the agents for the Breen Saw & Machine Co. were fully advised of the same.

Consequently Mr. Smith allowed the boys in his employ to leave the depot, and the matter is invariably referred to his agents, but instead of doing so as he had promised, he intended to do so as he had promised, he intended to do so as he had promised.

On Monday, the 6th inst., Smith received a letter from G. C. Kerr, of Clearfield, informing him that Gould was making arrangements to leave the depot, and that he had taken passage on the mail train the same evening, and upon arrival at Crescon was informed by the conductor that he had taken passage on the morning train for Philadelphia.

CHILD STOLEN.—On Saturday evening last, about eight o'clock, a two-year-old daughter of Mr. Wm. M'Donald, residing on Fifth street, between 4th and 5th streets, in this borough, was stolen from her home, and carried around to the lot of Mr. Thomas on Fifth street, where it was laid down in a hole.

Mr. M'Donald was absent from home at the time, and Mrs. M'Donald had gone up stairs but a few moments before the child was stolen. She was lying in bed, and the child was taken from under the bed.

The child was found by a passer-by, who, whilst going along Fifth street, heard the child crying, and he called out to her, whereupon she ran to him, and he carried her home to her father.

FATAL ACCIDENT ON THE BELL'S GAP RAILROAD.—On Monday last a young man named Benjamin Lowmyer, residing with his mother at Bell's Mills, was killed on the Bell's Gap railroad.

He was riding on a freight train, and was struck by the rear end of a passenger train. He was thrown from the train, and his head was struck against the side of the car.

He was killed instantly, and his body was found lying on the track. His mother was notified, and she was informed of the accident.
