THOMAS P. FENLON, Esq., formerly of this place, and well known in Cambria county, was elected to the Kansas Legislature, on the 4th instant, by the Democratic party, in one of the legislative districts of Leavenworth. Mr. Fenlon has heretofore filled the same position with distinguished ability and credit. In that State, the Radicals have a majority in the Senate by reason of a large number of the present members holding over, but at the recent election the Farmers' party and the Democrats elected enough members to the lower House to give them a majority on joint ballot. This result disposes of the at least we hope so, the election of an honseat last winter in order to escape the ignominy and disgrace of expulsion.

Securing the coin, for the old people evidently believed in the infallibility of the "hard stuff," he hastened to bury it, refusing to reveal its hiding place to the officers of justice. At the bar he speered at the evidence, laughed at the solemnity of the judge and betrayed the worst symptoms of human depravity when condemned to death, remarking that he was troubled only at the uncertainity of whether his victims were in heaven or the darker regions. After being partially strangled he fell to the ground and had a second time to be placed upon the trap.
