SOUTH FORK, April 8, 1874. DEAR FREEMAN-I have not sent you a letter for several weeks, simply for the reason that we have nothing new or startling to communicate. Some suppose that my si-lence was caused by the failure of the South Fork "ring," but such is not the case. Our "ring" is in good working order, and we are prepared now to take contracts to pave streets or build post-offices. We are so strong, indeed, that we have no fear of the Summerhill "ring" worms or any other man. By the way, Mr. Editor, that reply was never published. No, sir, they did not dare to respond; but, in imitation of U. S. G., remained silent. You must know, sir, that we are too many for them, and that our population is increasing rapidly-from natu-

ral causes and otherwise. The only interesting occurrence in South I refer to the sudden death of a favorite mule, Tobias by name, but called "Toby" for short. He had the misfortune to miss his footing and tumbled over the hill at the coal mine of Messrs. J. C. Stineman & Co., falling down the shoot about thirty-five feet. Tobias was a faithful mule of an uncertain age. He was never known to go back on a peck of oats, nor miss a day's work, if he was needed. None knew him but to love him. My pen would fail to express the feet in dimensions, which they have in conmunity, and therefore with a tear for the

departed we pass to other things. South Fork has been quite dull for several weeks, but we hope for better things. . The coal shipments have increased and the saw mill is kept quite busy. Indeed, sir, I think the prospects for a good spring's work is

We have had quite an interesting revival of religion recently under the anspices of the United Brothern. Great interest was manifested by a large number.

Rev. Mr. Bumgardner, of the Evangelical Association, preached his first sermon here on Sunday week, to a large and appreciative congregation. He has been appointed to the position occupied by Rev. Mr. Grimm, and judging from his first sermon, I confidently expect he will soon become a favorite. Our church accommodations are not very extensive now, preaching being held in the school-house, but the resent revivals have added so largely to the membership of the several denominations worshipping here, that I think we will have a church before the summer is over. And now, sir, as I have told you all the news, I'll bid you good night. B. E. R.

LEWISTOWN, PA., April 8, 1874-DEAR FREEMAN-I have been spending a few days in this place, and think it a very pleasant town indeed. During my visit, I went to see the Catholic church, only recently erected, and was introduced to Rev. Thomas Fleming, a very courteous gentleman, who told me that the Catholics are not as numerous here as in Cambria county, but that the Protestant portion of the community had been very liberal in contributing towards the erection of their church. We believe that this is in a great degree owing to the great personal influence of their beloved

master. Since coming here I have made the acquaintance of Rev. Thomas Fleming, as aleady stated, as well as his amiable niece, Mrs. Mary Reilly, Miss Mary Ann Dougherty, Mr. John Rager, who has done much here for the church, and several other gen tlemen and ladies, among whom was Mr. John Reilly, Assistant Superintendent, Pa. R. R., of Altoona, his nephew, Thomas E. Reilly, and his amiable wife, Mrs. Lenore Reilly, all of whom deserve honorable men-Mr. John Reilly is a Christian in the this place, arrived here yesterday afternoon from Florida, where they had been spending the winter, and which they found it connected with my new friends here and J. TREATING THE WRONG DISEASE .-Many times women call upon their family physicians, one with dyspepsia, another with palpitation, another with trouble of the breast, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent doctors, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality they are all symptoms caused by some uterine disorder; and while they are thus only able perhaps to palliate for a time. they are ignorant of the cause, and encourage their practice until large bills are made, when the suffering patients are no better in the end, but probably worse for the delay, treatment, and other complications made, and which a proper medicine directed to the cause would have entirely removed, thereby instituting health and comfort instead of prolonged misery.

From Miss LORINDA E. St. CLAIR, Shade, Athens Co., O., Oct. 14th, 1872; "Dr. R. V. Pierce, Buffalo, N. Y.—Your Favorite Prescription is working almost like a miracle on me. I am better already than I have been for over two years." From Ella A. Schafer, Zanesville,

Ind., Aug. 3, 1872; "Dr. Pierce-I received the medicine von sent me and began using it immediately.
