Death must have been instantaneous, as one of his arms was broken in three places,

his neck broken, and skull crushed. He was aged between fifty and sixty years. The gentlemen who found him are also miners and state that the body was warm when first discovered.

DEATHS OF OLD RESIDENTERS .- Mr. Henry Buck, of Carroll township, died on | tion. Friday last aged 73 years and 18 days. Mr. Buck was born in Northampton county on the 29th of March, 1801, and when four years of age he removed with his parents to Westmoreland county, where he afterwards was apprenticed to the trade of blacksmith. He removed thence to this county and was married to Agnes, daughter of Thomas Byrne, in the year 1824, and has resided in Carroll township ever since. He was the father of nine children-never had a law suit, and although living within seven miles of a rail road, never saw a locomotive in his life. He was an upright, houest man, and was much respected by all who know him.

May he rest in peace. Mrs. Fanny Wilson, a colored woman, nged about 67 years, died in Carrolltown on Tuesday last, She was brought to the neighborhood of Ebensburg from Virginia when she was quite young by Mr. Jacob Turner, who died here about sine years ago. She has been a confirmed invalid for more than 20 years. Her remains were brought to this place yesterday evening and were

to-day interred in the Catholic cemetery, of which Church she was a pions and exemplary member. Requiescat in pace.

The thousands who die annually of consumption, were first attacked with a "slight" cough or cold, which they thought

And yet I am puzzled to know why a denized of the Summit should take since a deep and philanthropic interest in the affairs of Washington township. I pre-sume, however, that he has worked himself up to the conclusion that from his high perch he can like how will look down with contempt up-on all under him. Now he should be careful lest in further imitation of the service interfigent bird, he does not twist his head off in his efforces at hoking after other people's business. Every day that a cough, cold or any lung disease is neglected, makes the chances or oure more uncertain. We would recommend all suffering from any disease of the Lungs whatever, to use HASSON'S COMPOUND SYNUP OF TAR. It never fails in curing the worst cases of conghs, colds, hoars-ness, sore throat, catarrh and asthma. It is an infal-
