CRESSET STATION, Merced Co., Cal.,) Aug. 1, 1876. (DEAR FREEMAN-We have just got through reaping and stacking our wheat. We cut 30 actrs a day for 35 days. The header team trav-cled 800 miles, making, in all, 2,000 miles trave-ed. This would be equal to three times along the State of Pennsylvania and back. The aver-age travel of the header was 20 miles per day, but sometimes as much as 25 miles were tra-versed. There are ten stacks of wheat, iwo of rye, and one of barley, making in all thirteen stacks, which will "shell out" about 10.400 bush-els in all. Each stack is the product of about 80 acres, nearly all heads of grain, and but little straw. The steamer will be here in a week or two to thresh the grain. We had six hands em-ployed, one of whom is Charles Trefts, of Johns-town, son of Mr. Jacob Trefts, of that place. You were mistaken in saying that Harry Mc. Cormick is a nephew of mine. He is a full cous-ia, his father and my father being brothers. He is a good, honest man, and of a good family, if the is a Republican, but ten to one Preside did Ait'y Dyer, for being too honest. THE VERY WORST CHRONIC DISEASES CURED. - There is no disease, however long standing, which may not be cured by proper treatment. Dr. Keyser has given chronic diseases of the lungs, heart, throat, and adjacent organs, his serious attention for nearly forty years, and any of them that he cannot cure may be set down as hopeless. Dr. Keyser is the discoverer of Dr. KEYSSE's LUNG CURE, a medicine that bids fair to revolutionize the whole treatment of pulmonary affections. Thousands have been cured by it who never consulted the Doctor at all, but it were always better to see the Doctor that discovered the medicine, than to take it without ; when this is not convenient, try the Lung Cure; it is a wonder-working agent, and will animate the whole constitution with new life

Price of Lung Care \$1.50 per bottle or \$7.50 per half dozen. To be had at Dr. Keyser's Laboratory, 240 Penn avenue, Pittsburgh. His private consulting office is No. 120 Penn avenue.

With the experience of last year to warn of mistakes and show wherein improvements can be made, everything this season has worked smoothly and expeditionsly, and everything this year tends to show that the Exposition will in every way be superior to that of last. We learn that arrangements have been made with the Pennsylvania Railroad Company by which their travel from the west to the Centennial will have an opportunity to remain over from morning until evening, thus giving them an opportunity, of which they will certainly avail themselves, to see our home Exposition, and this will also enable our exhibitors to place their goods before the people of the South and West who will be

The fear that has frequently been expressed that the Centennial would attract our people away, to the detriment of our own Exposition, is certainly a foolish one. Philadelphia is to a very great extent made up of those who, even were there no national Exposition, would leave the city at this sea-

Especially will this be the case in the Art and Fiorists' departments. Mr. Clarence Johns, the well known Pittsburgh artist, will start this week for Philadelphia, for the purpose of making arrangements for the loan of quite a number of very excellent paintings by artists of repute from the private collections of Philadelphia, and in this connection we learn that Governor Hartranft has kindly promised to loan the managers either Rothermel's "Battle of Gettysburg," or the one of the same subject

SHOCKING DEATH OF A WORTHY MAN.

-Messrs. Edgar Collins and John Reese went into Furnace No. 1 of the Cambria Iron Co., in Millville borough, on Monday morning last, for the purpose of partially filling it with wood preparatory to the introduction of the coke, ore, etc., with which it was designed to put the furnace in blast, and while so engaged a couple of sticks from to to celebrate its centen- country, and is no doubt as thrilling in the a bundle of cordwood which was being left down to them by the aid of a rope and windlass, suddenly slipped out, and failing a distance of fully thirty feet, one of the sticks struck Mr. Collins on the right temple, crushing in his skull and rendering him totally insensible. With a heroism and forethought which does him infinite credit, Mr. Reese at once wrapped a rope which had been left down to him around one of his arms, and with the other arm clasped tightly about Mr. Collins, himself and the unfortunate man were soon drawn to the surface, a distance of over fifty feet, from whence the injured man was immediately conveyed to his home in Johnstown, and Dr. John Lowman was called in, but all efforts to save his life proved unavailing, as he remained in an unconscious condition from the time of the accident, about 11 o'clock, a. m., until about

4 o'clock in the afternoon, when death put an end to his sufferings. Mr. Collins, who was a nephew of Mr. Thos. Collins, Sup't of the Millville furnaces, was in the 31st year of his age, and leaves a wife (the niece of

Mr. John Clark, of the Callan House, Cresson,) and one child to mourn his sad and shocking fate. He was a worthy young man and was greatly esteemed by all who knew him. Peace to his ashes,

Some two years ago a young woman apparently about twenty-three years of age, dame to this city from Altoona. On the third of May, 1876, she made application before court No. 1 for divorce from her bushand, who is here confined in Castle Wright. The hearing has not yet taken place, for some reason, and has now said that the Judges have received information to the effect that the young woman has another bushand in Cambria county, and that she was divorced from him, but county, and that she was divorced from him, but now has proceedings instituted in the Cambria courts to be roleased from her obligations as wife to him. Her second husband, who is now in jail here, she marriad at Gallitzin some three years ago. It is supposed that she has intentions' en some other unfortunate wretch, hence her appli-cations for divorce. It is not presumed that the Judges will grant her petition, after having been informed of the lasts in the case."

THE AMERICAN PEOPLE.-No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heartburn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of the food, low spirits. general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. 30,000 dozen sold last year without one case of failure reported. OBITUARY

KRISE.-Died, in Alteona, July 31st, 1878, SUB A., wife of Dr. J. J. Krise, aged 35 years.

Kennedy, was born at Trout Run, Lycoming conn-ty, in August, 1841, but her parents soon after-wards removing to this county, her early life was spent at Hemiock. When quite young she com-menced the profession of leaching, and was es-teemed a competent and successful educator in various parts of the county in which she taught, and many of her former pupils will read of her early death with sincere regret. After her mar-ringe, some eight years ago, she resided at St. Augustine until within two years past, when her husband removed with his family to Altoona. Here consumption manifested itself, and despite all that medical skill and the arxious attentions of her friends could do, she finally succumbed to all that medical still and the arxious attentions of her friends could do, she finally succumbed to the dread destroyer. The life of Sue A. Krise was that of a true Christian. As child, sister, playmate, teacher, wife, mother and neighbor, her relations to her family and society were at all times influenced by the maxims of the Gospel.— The duties of her state in life she always faith-fully performed, and in the service of God she was ever faithful. In season and out of season. Reli-gious, she was anything but osteniations; benev. glous, sho was anything but osteniations; hency, olent, her charities she never pharissically pub-lished; naturally reticent, her tongue was not employed in the detraction of her neighbor, and she never lent her ears to the sonseless gossip which is but two common in the worl 4. In a word, her life was a continuous effort to imitate the life of her Savior, and her death was as editying as her life had been exemplary. In her hist, long and painful illness she had the happiness of re-ceiving all the consolations of her religion. The priest of God administered to her the sacraments of the Church, which she received with the most touching devotion. The good Sisters of Charity daily visited her, prayed with and encouraged her to final perseverance, and when the last moment came she calmly took leave of her afflicted hus-band, children and friends without a murmur and without a struggle, and passed away full of hope for a glorious resurrection, and a re-union in heaven with the loved ones she was parting from on earth.
