In due time the train did move off, but much didn't move with it. In fact, to cut a long story short, the car in which our friend had seated himself contained a party of pleasure seekers from Altoona on their way to this place, and the detaching of said car from ths Mail for the purpose of coupling it on to our Branch train is what did the mischief. Accepting the situation with his usual equinimity, Mr. McClelland returned to town and took a fresh start for home next morn-

> -To insure the success of the FREEMAN and justify us in continuing as its editor and publisher, it is imperatively necessary that cash in advance from all its patrons should henchforth be the rule and not the exception, and unless there is a very general disposition manifested to comply with these terms we will certainly have to pull up stakes and seek our fortunes elsewhere. We are vain enough to believe that our paper is worthy of a generous support, and we know from long experience that the only way to support a newspaper properly is to pay for it in advance. We want nobody to pay us now for the coming year. but we do want everybody who wishes us to remain to signify within the next six weeks that they are willing to toe the mark. We are heartily sick of the credit business, and unless we can establish the cash in advance system we have fully made cash in advance system we have fully made a Prospectus, exhibiting more fully the up our mind to establish curself elsewhere. design and character of the "Review," will and takes your choice."

THE COMING FAIR. - As is already known to many of our readers, a grand fair for the benefit of the Church of the Holy Name, to aid in the liquidation of the debt still remaining unpaid, will be inaugurated in this place on Monday, Dec. 6th, and remain open for two weeks, or during the continuance of Court, after which it will be closed until the holidays, when it will again be opened on a scale commensurate with the joyful occasion and be kept open for a week or two more. The ladies and gentleman who have been appointed to conduct the affair are busy at vork making the preliminary arrangements, and in their hands it cannot fail to be a social as we hope it will be a financial success. They are as follows: For the Altar Society Table-Misses Maud Kittell, Ann McDonild, Ann Dougherty, Mary Ann Farren, Annie O'Neill, Flora Parrish, Lucinda Byrne and Annie O'Hara; Mrs. Dr. Oatman and Mrs. John G. Lake. For the Children of Mary's Table-Misses Maggie Rhey, Late O'Neill, Frances McDonald, Margare Daley and Allie Murphy; Mrs. Winnie Moore, Mrs. John Porter, Mrs. Isidore Lilly, and Mrs. Thomas Hoover. Committee at large-Messrs, John E. Scanlan, John Porter, John Blair, John Fitzharris, John G Lake, John Farren, Isidore Lifly, Charles O'Donnell, Samuel O'Hara, H. A. Shoemaker, M. A. Quartz, Thomas Hoover and H. A. McPike. All the ladies and gentlenear to send them any article that will add to the display or contribute even the smallest mite towards the object aimed at, which is indeed a very worthy and a very urgent one just now. To our own friends throughout this and other counties we make a personal appeal to the same end, and shall give proper credit through these columns to all who desire it, whether the contributions are sent to ourself or to any one else interested in the enterprise.

One of the most attractive features of the fair will be a grand shooting tournament during the holidays, open to all the world "and the rest of mankind," the prizes for which will consist of a fat hog, a barrel of lour, and various other valuable articles. Marksmen everywhere are respectfully invited to gird up their loins and prepare for the contest A Martha Washington tea party, a grand oyster supper, and other deightful festivities at Belmont, are also on the programme for the holidays; and taking it all in all, there can be no doubt but what the fair throughout will be the most enjoyable ever held in this place.

... PROBLEMATICAL -- Mr. O'Friel writes to say that if B had become disabled when within two days of meeting A at their respective modes of traveling, J. C. Trout's answer to his problem, as published by us last week, would be correct; but as the problem explicitly stated that when B became disabled there was a four days' journey between them, Mr. T.'s solution is of course

"Loretto." from whom we desire especially to hear often, sends us a problem for surveyors, and J. C. Brown and John W. Boyland also contribute each a select problem, all three of which will be found below :

"LORETTO'S" PROBLEM.

Let 400 acres of land be divided into two parts so that the least part shall hold the same ratio to the greater that the greater holds to both ogether. Required the quantity of land

J. C. BROWN'S PROBLEM. A gentleman spont in one store one-half of all his money and 50 cents more; in another two-thirds of the remainder and \$1 more; in two-thirds of the remainder and \$1 more; in the third, one-half of the remainder and 50 cts, more, and in the fourth, one-half of the balance and 25 cents more. When he concluded his pur-chases he had \$1 left. How much money had

J. W. BOYLAND'S PROBLEM. A customer went into a book store and told the clerk that if he would give him the same goont of money that he (the customer) had in a head he would pay him six dollars for a certain book. The request was complied with and the purchase made. Going into a second and a third book store, the same proposition was made and accepted at each of them. Now how much money did the customer have when he entered the first book store, and what was the condition of his finances when he emerged from

No answers have been received to the problem published in our last, but the folowing is the solution as furnished by the author himself:

A got 180 44395856 acres at \$4.43.95856 per acre.

B got 219 3295856 acres at \$5,63.95856 per acre. 8745020

Since the above was in type we have reeived from Mr. J. C. Trout an admission of his error, as noted above; also, from the came gentleman, a solution of Mr. O'Friel's last problem, as well as a contribution of his own, both which we append :

MR. TROUT'S ANSWER.

A got 1819-11th acres at \$4.40 per acre, aggregating \$500, and B. got 2182-11th acres at \$3.00% per acre, amounting to the same sum total,

MR. TROUT'S PROBLEM.

A certain wasch has an hour hand, a minute

A certain wasch has an hour hand, a minute hand, and a second hand, all turning on the same centre. At 12 o'clock all the hands are together and point to 12. How long will it be before the second hand will be between the other two hands, and at equal distance from each? Also, before the minute hand will be equally distant from the other two hands?—Also, before the hour hand will equally distant from the other two hands?

REMEMBER THIS. - Now is the time of the year for Pueumonia, Lung Fever, Coughs, Colds, and fatal results of predisposition to Consumption and other Throat and Lung Disease. Boschee's German Syrup has been used in this neighborhood for the past two or three years without a single failure to cure. If you have not used this medicine yourself, go to your Druggists, Lemmon & Murray, Ebensburg, or to Wolelagle & Son, Wilmore, and ask them of its wonderful success among their customers.

IMPORTANT ANNOUNCEMENT .- A NEW CATHOLIC QUARTERLY REVIEW .-- The unon of a new Catholic Review, to be ent tled THE AMERICAN CATHOLIC QUARTERLY REVIEW." It is designed that this Review shall be of the highest character that can be given it by the educated Catholic mind of the United States and Europe. Its chief purpose will be to furnish a medium for the discussion of religious, philosophic, scientific to the chagrin of Mr. McClelland the rear car and other topics of interest to intelligent Catholics. In accordance with this design, they take pleasure in stating that the editorial direction of the "Review" will be in the hands of Very Rev. James A. Corcoran, D. D., with whom will be associated Very Rev. James O'Connor, D. D., and George Dering Wolff, Esq.

A number of gentlemen, both clerical and ay, distinguished for ability and learning, have promised to become regular contribu-tors to the "Review." The following have been already engaged to furnish articles for the first (January) number: Rt. Rev. P. N. Lynch, D.D., Bishop of Charleston; Very James O'Conner, D.D.; O. A. Brownson, LL.D.; Rev. Edward McGlynn, D.D.; Rev. Joseph O'Conor; George Dering Wolff, Edftor Catholic Standard, and several others of equal eminence, among whom it is confidently expected will be Dr. Marshall, of the London Tablet, and author of "My Clerical Friends," &c. It is the purpose of the conductors of the 'Review' that it shall equal in ability any

of the leading Quarterlies now published, in the interest either of Religion or Science; with the hope that it will reflect credit upon Catholicity in America and become a valuable auxiliary to the Church in her warfare against modern error. The "Review" will be published four

times a year, viz: January, April, July and October; and every effort will be made to render its typographical appearance neat and attractive. Each number will contain about 200 pages, large octavo, printed from clear, legible type, on fine, white paper. The annual subscription will be \$5.00, payable in advance.

"So you pays your money (or otherwise) be issued shortly. In the meantime, the publishers trust that the obvious need of such a work, and the good which it may accomplish, will induce the good will and cooperation of all.

HARDY & MAHONY, 505 Chestnut Street, Philadelphia.

... "FOR THE BLOOD IS THE LIFE."- See Deuteronomy, xir:23. The blood being the source from which the system is built up, and from which we derive our mental as well as physical capabilities, how important that it should be kept pure! If it contain vile, festering poisons, all organic functions become enfeebled. Settling upon important organs, as the lungs, liver, and kidneys, the effect is most disastrons. Hence it behooves all to keep their blood in a perfectly healthy condition, and more especially does this an ply at this particular season of the year than at any other. No matter what the exciting cause may be, the real cause of a large proportion of all diseases is bad blood. Dr. Pierce does not wish to place his Golden Medical Discovery in the catalogue of quack patent nostrums, by recommending it to cure every disease, nor does he so recommend it; on the contrary, there are hundreds of liseases that he acknowledges it will not cure; but what he does claim is this, that there is but one form of blood disease that it will not care, and that disease is cancer. He does not recommend his Discovery for that disease, yet he knows it to be the most searching blood-cleanser yet discovered, and that it will free the blood and system of all other blood-poisons, be they animal, vege ble, or mineral. The Golden Medical Discovery is warranted by him to cure the worst forms of Skin Diseases, as all forms of Blotches, Pimples, and Emptions; also all Glandular Swellings, and the worst form of Scrofulous and Ulcerated Sores of the Neck. Legs, or other parts, and all Scrofulous Discases of the Bones, as White Swellings, Fever Sores, Hip-joint and Spinal Diseases, -all of which belong to Scrotulous diseases. CONFIRMED HIP-JOINT DISEASE CURED.

W. GROVE STATION, IOWA.

Dr. PIERCE, Buffalo, N. Y.:

Dear Sir—My wite first became lame nine years ago. Swellings would appear and disappear on her hip, and she was gradually becoming reduced, and her whole system rotten with disease. In 1871, a swelling broke on her hip, discharging large quantities, and since that time there are several openings. Have had five ducture, at an expense of \$125, who say nothing will do any good but a surgical oper-

July 16, he writes thus: My wife has cortainly received a great bent in from the use of your Discovery, for she was not able to get off the bed and was not expected to live a week when months. Has used twenty bottles, and still using it. Her recovery is considered as almost a miracle, and we attribute it all to the use of your valuable medicine. I can cheerfully recommend it as a blood-purifier and strengthrestorer.

J. M. ROBINSON.

Golden Medical Discovery is sold by Druggista.

RAILROAD INSPECTION .- The following interesting account is given of the manner in which the road bed is inspected on the Penn-

sylvania Railroad : On the rear end of the open car is fastened a large gong, on either side of which is a hammer on a handle made concave near the end which is fastened to the car, so as to render the hammer susceptable to slight irregularities in the road and easily oscillated. To this instrument is attached, with proper adjustments, a pencil, which, on a slate inside the car, records the number of high or low joints, or joints defective in any particular. When the car passes over one of these imperfect joints, the hammers are sprung against the gong and the record is at once made Inside the car, and can be seen and noted by all present. Thus the inspectors are enabled to see at a glance in which division or sub-division the greatest number of broken rails are located. Besides this careful examination of the road surface, the inspectors very carefully segutinize the appearance of things along the line and each inspector notes all imperfections, all improvements, all peculiarities, etc., and when the work of inspecting the road is completed they compare and average their notes and award the premiums to the supervisor having the highest average. The premium is awarded in money, and it usually requires from one to two months time to determine who are entitled to be rewarded. A preliminary inspection was made of the Pittsburg division and over four hundred imperfect joints were indicated by the gong. At one of these a leaded envelope was was thrown off to mark their location, and men were at once put to work adjusting them. Subsequently another inspection was made and only twenty imperfections were found and many of them have no doubt since been placed in line and made perfectly even.

A STRANGE STORY .- Miss Alice Kramer, of Aaronsburg, Centre county, who has been speechless for nearly two years, was in the mountains north of that place with several of her brothers a few weeks ago, and in wandering through the thickets was separated from the rest of the party and got lost, As soon as her absence was discovered they began to call, expecting her to whistle (the manner in which she used to reply) but in place of a whistle they heard a voice away off-telling them it was her! They would not go back, as they thought it was some City. person trying to fool them. Finally the voice plead for them to come back. complied; and imagine their astonishment when they came back they found their aister with her power of speech restored. She related that in stooping, something had got into her teroat which almost choked her, when violent vomiting took place and in a few moments she ejected from her throat a cartilaginous tabe about four inches in feetly repaired at the very lowest prices.

Length and resembling a scraped intestine. Ebensburg, Nov. 26, 1875.-61. Since this strange occurrence tookinlace she organs.

THE EVANGELISTS .- In another column our readers will see the announcement of dersigned have the pleasure to announce the meetings of Messrs. Moody and Sankey, that they have completed arrangements for the evangelist and singer, which began in commencing in January, 1876, the publica- Philadelphia on Sunday last, November 21st. Some weeks agoit was decided to invite Messrs. Moody and Sankey to Philadelphia, and a committee of fifteen ministers, representing all the evangelical denominations of the city, was appointed to arrange for their coming. This committee organized by electing Rev. Richard Newton, D. D., of the Episcopal Church, Chairman, and Rev. C. P. Masden, of the Reformed Church, as Secretary. The Ministers' Committee then appointed committee of thirteen prominent and well known business gentlemen of the various denominations to conduct the business arrangements for the meeting. This Committee elected Mr. George H. Stuart Chairman, Mr. John R. Whitney Treasurer, and Mr. Thomas K. Cree Secretary. This committee at once proceeded to business. They secured the old freight depot of the Pennsylvania Railroad Co., Thirteenth and Market streets, which extends from Market street back to an alley, 373 feet, and from Thirteenth to Juniper street, 250. About a hundred work. Rev. James A. Corcoran, D.D.; Very Rev. men were at once set to work making the necessary changes, and by the middle of the past week the building was ready for occupancy. The main audience room will seat comfortably ten thousand people. In addition to the main andience hall there are three large inquiry rooms, and a vestibule twenty feet wide running around three sides of the building, from which there is egress by ten large doors opening upon three streets. The building will be thoroughly heated by steam and lighted by about a thousand gas burners in reflectors, rings and paralled jets. Daylight is admitted, and abundant facilities for ventilation are obtained by a series of skylights in the root .-Eleven thousand chairs are in the building, and a corps of three hundred Christian men volunteered and have been fully trained for ushers to seat the public. A choir of six hundred voices has been organized and the services of song will be led by it under the leadership of Mr. Sankey. A class of three hundred Christian workers, selected by the ministers from all the churches of the city for service in the inquiry rooms, has been trained by the Rev. Richard Newton, D. D., of the Episcopal church, Rev. R. M. Hatfield, D. D., of the Methodist Episcopal church, Rev. W. P. Breed, D. D., of the Presbyterian church, and Rev. J. Wheaton Smith, D. D., of the Baptist church. The ministers and Christian people of the city of all Protestant denominations are heartily in sympathy with the work, and are rendering every assistance in preparing for it. The cost of all the immense preparations will be about (\$20,000) twenty thousand dollars, and it is expected from present indications that no call for contributions will have to be made, but that the money will be the spontaneous gift of those in sympathy with the

movement. WIDE AWARE for December is ready. It is dazzling with pictures, and displays a tempting table of contents. Besides the serial of child-life, "Young Rick," there are six good stories: Kim's Last Whipping,"
"Tim's Partner," "Mysie's Thanksgiving," "The Birds' Harvest," "Out of the Frying Pan," and "Five Pounds of Cinnamon, Sophie May, Amanda Douglas, Miss Far-man, Mrs. J. D. Chaplin, M. Quad, and Holmes Maxwell, besides two or three bright and good papers, "Birds' Nest Soun." by Ella Rodman Church, and "Franklin's Courtships and Marriage," by Rev. J. Chaplin, and "The Bear of Berne," by C. G. T. There are poems by Joel Benton, Miss Farman, Marian Dong, as, and Holme Maxwell. together with a double-paged one. "Silver isement Man," George B. Bartl musical page, by Dr. Tourjee, and the editorial departments, are unusually good this month. D. LOTHROP & Co., Boston. \$2.00

BEST BUSINESS WRITING -- A JUST AWARD.-Prof. Cowley, of the Iron City Business Writing." This award meets with | Vermifuge is warranted. general approval, since it is well known that both as a teacher and penman, Prof. Cowley stands at the head of the profession in the United States.

SHANK-BISHOP .- Married, at the Catholic church, Loretto, on Theoday, Nov. 16, 1875, by Rev. E. A. Bush, Mr. Marthias Shank and Miss Maggie Bishop, both of Allegheny township.

THE WEEKLY SUN. NEW YORK. 1976.

Bushteen hundred and seventy-six is the Centennial year. It is also the year in which an Opposition House of Representatives, the first since the war, will be in power at Washington, and the year of the twenty third election of a President of the United States. All of these events are sure to be of great interest and importance, especially the two latter; and all of them and everything connected with them will be fully and freshly reported and expounded

in The Sun.

The Opposition House of Representatives, taking up the line of inquiry opened years ago by The Sun, will sternly and diligently investigate the corruptions and misleeds of Grant's administration; and will, it is to be hoped, lay the foundation for a new and better period in the foundation for a new and better period in our national history. Of all this THE SUS will contain complete and accurate accounts, furnishing its readers with early and trustworthy information upon these absorbing tooles.

The twenty-third Presidential election, with the preparations for it, will be memorable as deciding upon GRANT'S appirations for a third term of power and plunder, and still more as deciding who shall be the canditate of the party Sex will have the constant means of being thoroughly well informed.

The WERKLY SUN, which has attained a circulation of over eighty thousand copies, has its readers in every State and Territory, and we trust that the year 1876 will see their numbers doubled. It will continue to be a thorough newspaper. All the general news of the day will be found in it, condensed when unimpor-tant, at full length when of moment; and always, we trust, treated in a clear, interesting best family newspaper in the world, and we shall continue to give in its columns a large amount of miscellaneous reading, such as stories, tales, poems, scientific intelligence and agricultural information, for which we are not able to make room in our daily edition. The agricultural department especially is one of its prominent features. The fashions are also regularly reported in its columns; and so are the markers of every kind.

The Weskity Sun, eight pages with fifty-six broad columns, is only \$1.20 a year, postage prepaid. As this price barely repays the cost of the paper, no discount; can be made from this rate to clubs, agents, Postmasters, or any one. The DAILY SUN, a large four page newspaper of twenty-eight columns, gives all the news for two cents a copy. Subscription, postage pre-paid, 35c, a month for \$5.50 a year. SUNDAY edition extra, \$1.00 per year. We have no trayedition extra,\$1.00 per year. We have no traveling agents. Address, THE SUN New York
