24,260,789.00 should be added \$77,324.32, increased expenditures in the city of Pittsburgh, not included in the summary ; \$85,815,94 expended ed in support of the soldiers' orphan schools cinnati, died on Monday morning, aged ated to obtain the full sum of \$9,950,760,99, ex. eighty-one years, leaving an estate estipended for all school purposes during the school year 1875.

The changes in the most important items of our school statistics, as compared with last year, are as follows: Increase in number of districts.

Increase in number of schools. Increase in number of graded districts..... Increase in number of teachers Decrease in the average salary of male teachers per month ... Decrease in the average salary of female teachers per month. Increase in average length of 235 days school term .... Increase in number of pupils .... Increase in average number of

pupils. \$ 219,567,49 Increase in cost of tuition Increase in cost of buildings, . \$ 297,158,76 fuel contingencies, etc .... Increase in cost of expenditures of all kinds. ....

GRANT AND THE CHURCH. -Suppose that after full and fair discussion of the subject of taxing church property, or property devoted solely to religious uses, it should be decided that church preperty might be a proper subject of taxation, the same as otherreal estate, in a State, what then? What has the general government to do with it? What business has General Grant, as President, to meddle with the matter? As a member of a church, if he is a member, he might have something to say; but as head of the National Government, which does not levy taxes on real estate, it does not man called Mr. George Brodier. I was become him to take the initiative in matters

True, the Constitution could be changed, so as to give the general government this and jumped into the river, and as soon as power; so that United States officers might put in their oar and row the churches according to the latest State craft idea, their I came to the top the last time, my father own way. But this idea of having the handed me a long pole, which I caught, government surveillance of religious matters, is just a little bit dangerous. To be entirely and forever independent of this very thing, our forefathers were prompt to offer up in defence of their freedom. My mother goes to the edge of the wharf their lives, their fortunes and their sacred honor; and their sons will be found ready to do it again. This tyrannous thought of water and drowning, she never holds me overshadowing and controlling religious affairs, by the minions of State; this worst possible union of Church and State, in defiance of the wishes of the United States; this radical change in the very substance of their government, had better not be too boldly attempted by men who wish to reof George Wilkes; he fell off the wharf tain a particle of the respect of our countrywhile under the influence of liquor, but I men and countrywomen. There has been of Representatives; and little heed should be given to the firebrand suggestions emanating from the White House, designed to

-A musket is on exhibition at Lancaster which was carried at Vailey Forge and Cornwallis at Yorktown and with Washington when he crossed the Deleware. It !

Carruth murder trial, now in progress, that the works were intended as Mrs. Landis, who has been legally separ | up. The hammer, it appear from her husband, and would have been divorced from bim but for the law of the Roman Catholic church, of which she is a devont member, interdicting it, and | to lift the lever and let it fall ago Mrs. Carruth, at present in Vineland, will | it is possible that on the check both figure conspicuously in the trial.

-Since Bishop Haven declared in favor | directly by the concussion of of another course of Grant, the small as has been hitherto assumed critics are sticking pins into him at all | ly, by the hammer leaping points. One of the latest of the terrible things they have discovered about the apparatus. The board Bishop is that not long ago he delivered a | mechanism is placed is butset lecture on behalf of a Kalamazoo (Mich.) and has been handed to be church, and took \$50 for his services, though the house did not pay expenses.

-Some time since it was reported that other by screws. The mide the stamp tax on bank checks would certertainly be removed at the present session of Congress. Now it is asserted that it will be retained, as will also the tax on matches. The Secretary of the Treasury says the government can not afford to dis- ities. He bought the explain pense with these taxes, and the Committee | in America, and either convent on Ways and Means will not recommend

-At Orleans, N. Y., one day last week, a shopkeeper hearing a rattling and squealing in his cellar went down and discovered a large rat which in running over a pile of ordered the clock at Bernberg clams had been caught by the tail by one of the shell-fish. The animal had dragged the bivaive to its hole, but was unable to pull it through on account of its size, and was in this situation when it was captured and killed.

-A novel clock has recently been placed in the tower of the Albany (N. Y.) Savings | ed has been reached through Bank. By an ingenious arrangement the dial is illuminated by a gas burner, lighted automatically at early evening twilight, and extinguished at daylight. This is ac- for his calling, and extens complished by means of the mechanism it- a long and unusally large self, without the attention of any person; have enabled him to gain by and what is still more wonderful, although even from his professional the time of daylight varies very greatly ting his attention to cera from month to month, the clock lights the gas at precisely the proper time from day to day.

-A student in the institution at La Salle, Canada, has reason to bless the miraculons powers of the water of Lourdes if what is said of its effect upon him be true. It arrested the hemorrhage consequent upon the extraction of a tooth after it had added another, and perha continued uninterruptedly for fourteen work. Sheeause of more ?" days and reduced him to a condition of to the list of his published anæmia similar to that recorded of the sainted sister of Sir Perceval, through whom the moon shone and the lightest west wind blew as through a halo or an -The Rev. Bernard Keenan, of St.

Mary's Catholic church, Lancaster, Pa., is now the oldest clergyman in the United States. He was born in Tyrone, Ireland, ninety-seven years ago, and came to this country in November, 1820, with Dr. Conwell, who had just been consecrated Bishop of Philadelphia in London. Three years later he went to Lancaster, and has been paster of St. Mary's without interruption for nearly lifty-four years, winning the es- Marray, Ebensburg, teem and confidence of the entire com- Wilmore, and ask munity, irrespective of religious opinion. | success among their cus
