Friday Morning, - - Feb. 25, 1876. ----Democratic Mate Convention.

HARRISDERG, JAN. 20, 1876. In pursuance of the meeting of the Demperatic State Committee, I bereby give notice that the Democracy of the State, throughtheir delegates, will assemble at the city of Laneaster on Wednesday, the 221 day of March next, at 12 o'clock, m., for the purpose of electing delegates to represent the State of Pennsylvania in the ensaing Dem scrattle National Convention, and to appropri electors and do such other matter, and

HENDRICK B. WRESHT, Caniman.

CHIEF JUSTICERYAN, Of Wisconsin, in a decision denying the application of a Miss Goodell, of Janesville, in that State, for per mission to practice law, has decided that there is no Wisconsin statute which authorizes the admission of females to the bar, and that a cortrary construction of the statute would break down all distinctions of sex in the State government. He adds that he is glad of it, for he doesn't think the bar of State Courts the proper place for the exercise of a woman's peculiar abilities, or for the preservation of her purity-all of which will meet with a hearty response from each and every man who is fit to be outside of the walls of a lunatic asylum.

---THE Democratic County Committee will meet next Thursday, and we again impress upon its members the duty of giving it their personal attendance. The main purpose in calling it together is to elect two Representative delegates to the State convention, to be held at Lancaster on Wednesday, the 22d of March. In order to avoid a subsequent meeting of the Committee, we presume that at its meeting on Thursday it will also fix the time for holding the next county convention. As the general election is now almost a month later than it was before the adoption of the new constitution, there is no necessity for an early meeting of the convention. It was held last year on Monday, the 20th of September, being the Monday after the September Court. That arrangement proved entirely satisfactory to the Democracy of the county, and we trust that the conversame Monday of September in the and caution by the Democracy of the present year. It will afford ample time for conducting the campaign.

Great applause and cheering followed Mr. Beecher's speech, and somebody at the door, who couldn't get in by reason of the crowd, shouted, "Bully

We do not propose now, or here relative merits of the different Demoeratic aspirants to the Presidential nomination. That is a question to be determined by the National Convention, composed of delegates from all the States. We are decidedly opposed, however, to sending an instructed delegation from this State to the convention. A delegation whose hands are tied by an instructing resolution is powerless to attract friends to its canfidate, but potent in compelling other delegations to seek an alliance else where. It has no manner of induence, simply because it cannot be approached with argument, or if it could be, would one fixed, settled purpose in view, to which all other considerations must be its demands. An effort at this time in favor of any other candidate, would without the shadow of an excuse. What man from the Delaware to the Ohio can tell what the Democratic sentiment of the State is on this ques tion? The Lancaster Convention will not contain the delegate who can furnish that information, resting on any substantial grounds. Some Democrats the end of the chapter; but there has

> WINSLOW'S FAMILY. - The statement in regard to Winslow's ancestry which gave the family very bad antecedents, is pronounced unjust by the Rev. C. L. Eastman, of Somerville, Mass. He says in a communication to the press: "I knew both his father and mother. I was their pastor two years in Ware, and was often in their family. Mr. Nathan Curtis Winslow, the father of Ezra, was a man of feeble health. He had the consumption for years, and was able to labor but a small part of this time; consequently they were poor, but he was an honest, upright christian man. Mrs. Winslow was a kind lady, a careful mother, and a companionable wife. The feeble health of her husband put a heavy burden care, and sacrifice. She was a Christian woman, without repreach in the community where she lived, and ought to be held responsible in no way for the flagrant sins of her unfortunate son, Ezra. The connections of the family were respectable, and all stood well in the town so far as l ever knew. They came from the town of Barnard, Vt., and are not of the family of Winslows from Barre, Mass. I hope, for the sake of friends, this mistake will be corrected. Let the sinner alone bear the sins be has committed, and not roll them back on the innocent dead. -It would be charitable to suppose that Henry Ward Beecher has gone stark, raving mad. In the Congregational council, on Friday, he made a most remarkable speech in which among other things savoring of blasphemy he said: "If there is any man on earth that has anything to say to my detriment, I am here and chailenge him to say it. I go further than that; if there be any angel of God, semi-prescient and omniscient, I challenge him to say aught, and I challenge the truth from God himself," The man who would indulge in such language must be either a demon in human form or irresponsible for his words. Let us charitably believe the latter.
