.--Johnstown and Altoona both cut a wide swath on the Centennial Fourth of July, immense processions, widespread decorafull of scalding hot jelly and attempted to drink the contents, but in doing so spilled cannon, peaking of bells, fizzing of fireworks, a general ebullition of patriotism among all lasses, being the leading features in both instances. At the former place R. L. John-ton, Esq., of this place, delivered a very interesting and instructive address replete with local history, and in Altoona Hon, J. P. CARROLLTOWN, July 10, 1876. DEAR FREEMAN-Not seeing any corresponing you and many of your readers would not be displeased to hear the news from this region, and especially how we spent the centennial auniversary of the nation's independence this year, I thought I would encroach upon your valuable space with a few items.

THE GLORIOUS FOURTH

was awakened by the crash of firearms, the rat-ting of drums and the unfurling of centennial banners. High Mass was celebrated at 90'clock, a.m., by Rev. Ambrose Huebner, who also preached an eloquent centennial sermon. It was truly grand during the celebration of the Mass, the splendid organ pealing forth notes of joy, as it were, the crash of the brass band, who assisted at the services, and the almost un-precedented efforts of the members of the choir, whose voices could be distinctly heard above the instruments, all combined to make it an event long to be remembered. was awakened by the crash of firearms, the ratyou. Regular size 75 cents. THE GREAT ANTAGONISTS OF DISEASE.

AFTER HIGH MASS

also prostrated by the sun's fierce rays, but neither of them we believe suffered very much from the effects. —After the Fourth of July a hull in the mercantile business is always perceptible, and as a consequence merchants make it a talked of in all classes of society than the marvelous cures daily effected by the two great internal and external remedies, Holloway's Pills and Ointment. All who are afflicted with hoarseness, difficult respiration, west of town, where cold in the head, harsh settled coughs, bronchitis, asthma, wheezing in the chest, &c.,

MIRTH AND JOLLITY

MIRTH AND JOLLITY was soon the order of the day. Two spacious dancing platforms had been provided and that inevitable harbinger of mischlef, a country fid-die, was there in all its glory, and soon caused young and old to shake the light fantastic too and pitch in and enjoy themselves in a real joliy manner, while others strolled around to the refreshment saloons, of which there were quite a number, and enjoyed themselves in a -born of lager. Meanwhile the cornet band discours-el sweet and soul-stirring strains of music, and a flying horse and a great many other amusing entertainments were constantly in motion; will find immediate and permanent relief by rubbing the Oinment well into the throat, neck, and chest, as it loosens the phlegm and mucous collected in those parts, while the effect of the Pills is to expel those hnmors from the system. No household should be without a supply of these exceilent family medicines at this season of the year. 194 a bying horse and a great many other amusing cutertainments were constantly in motion; and as it is a well established fact that the peo-ple of Carrolltown never do things by halves, you may judge how they made the day (barrin' the shower) a plensaut one indeed to all who on Tuesday, in the matter of C. A. McGonigle, a bankrupt of Hemlock, this county, the appraisement was confirmed absolutely, and the assignee's report was confirmed aisi. Ferdinand Mark, also of this county, was on participated. the same day adjudged a bankrupt.

THE CHAMPION GAME OF BASE BALL.

THE CHAMPION GAME OF BASE BALL, which came off in the afternoon, was the game of all games. The hundreds of anxious specta-tors in waiting were at last gratified when the unnire called time, or ball to oat, and the game began. A magnificent fly was sent to left field and muffed by left field man in consequence of a fall, and batter made a home run, when the rain came up end we all retired to the barn of Mr. Snyder, near the game. That the game would have been a good one had not the rain came up, we have no doubt.

THE DISPLAY OF FIRE WORKS.

The Display of Fire works, which was very grand, occurred about 8 o'clock in the evening. The band, followed by all the c'fizens, assembled in the diamond, where, af-ter a storting and patriotic andress by T. R. Scanlan, Esq., the band played "Yankee Doo-dle," and then the rockets' red glare, roman candles, cannon, whirls, fiz, whire, splutter, crack, went the protechnics, causing the air to resound with the noise and the heavens to be illuminated with the wierd like glare.

BALLOON ASCENSION.

BALLOON ASCENSION. The large 'paper balloon "Centennial," was then sent up amid be cheers of the assembled multide and the gala Ce aconial Fourth of July festivities in Carrolitown were at an end. Never did the people soend a happier day. All was harmony, good will, and unalloyed en-joyment. The proceeds were for the purpose of buying new instruments for the band, and we believe they did very well.

THE WEATHER is suffocatingly hot, out the crops look splendid. Old farmers say that oats and corn will be an

extra crop this year. Squirreis are plentiful in this section and the sportsmen are making it count. Yours. &c., MORE ANON.

OUR CENTENNIAL - Considering the fact that we are rather late in chronicling the events of the day, it is well enough so far as we are concerned that the Centennial of goods. Ingress was obtained through a Fourth of July did not receive so brilliant a cellar window, by which aperature the burglars also made their exit with their corded to it in many other localities throughcorded to it in many other localities throughout the country. Still it is well enough to put upon record some of the doings of our people on that occasion, although apart from a fantastic parade in the morning and two or three picnics during the day, or rather Adams, of Franklin borough, but more re- up antil about half past 2 o'clock in the afternoon, when a heavy rain storm squelched special mention. The fantastic parade was participated in by about forty men and boys, duly equipped and mounted, and we must say that it was one of the most amusing displays of the kind we ever witnessed, the outfits being of the most grotesque character and gotten up without regard to expense or

the prevailing fashions. Of the picnics the one gotten up in aid of the Catholic church fund was the most prominent, and there so long as the weather per-mitted enjoyment reigned supreme and the best of order prevailed. A grand dinner was served on the grounds and after that came a very eloquent and very patriotic address from Gen. Jos. McDonald, who as an ex-tempore speaker has no superior and few equals within our knowledge. His address was greeted with the loud applause of his

Wednesday night of last week to thrown the mail train west from the track near Con-mell in all directions seeking shelter. Thus ended a picnic which promised to be one of the most enjoyable and successful ever held in this vicinity. The amount realized over and above expenses foots up about \$100.

INDISPUTABLE EVIDENCE.-ST. ELMO, III., July 8, 1874, R. V. PIERCE, M. D., Buffalo, N. Y.:-I wish to add my testimony to the wonderful curative properties of your Alt. Ext., or Golden Medical Discovery. I have taken great interest in this medicine since I first used it. I was badly afflicted with dyspepsia, liver deranged and an almost perfect prostration of the nervous system. So rapid and complete did the Discovery effect a perfect wonder to myself, and since that time we have never been without a bottle of the Discovery and Purgative Pellets in the house. They are a solid, sound family physician in the house and ready at all times to fly to the relief of sickness-without charge. We have never had a doctor in the ouse since we first began the use of your Pellets and Discovery. I have recommen-ded the use of these medicines in several severe and complicated cases arising from, as I thought, an impure state of the blood, and in no one case have they failed to more than accomplish all they are claimed to do. 1

will only inention one as remarkable, (though I could give you dozens). Henry Koster, furniture dealer, of this place, who was one of the most pitiful objects ever son, his face swollen out of shape, scales and eruptions without end, extending to his body, which was completely covered with blotches and scales. Nothing that he took seemed to effect it a particle. I finally induced him to try a few bottles of the Golden Medical Discovery, with daily use of the Pellets, assuring him it would surely cure him. He com menced its use some six weeks since, taking two Pellets each night for a week, then one each night, and the Discovery as directed. The result is, to day his skin is perfectly smooth, and the scaly eruptions are gone .--He has taken some soven or eight bottles in all, and considers himself cured. This case had baffled the skill of our best physicians. Messrs, Dunsford & Co., druggists, of this place, are selling largely of your medicines and the demand steadily increases, and they give perfect satisfaction in every case.

Respectfully, W. H. CHAMPLIN, Ag't Am. Exp. Co.
