dock's.

-A lad named Dunmyer, son of Mr. D. S. Dunmyer, of Adams township, was badly cut in the arm by a young companion named Miller, who first threw his knife at the injured boy in a fit of passion, but failing to strike him, picked it up and inflicted an ngly gash in one of his arms, as already stated. The boys were alone together at Mr. Dunmyer's residence when the cutting

-Mr. Henry Housefelt, of Somerset township, Somerset county, has corn stalks on his farm which measure from seven to eleven feet in height, one stalk at least of which, about nine feet high, contains no less than seven well developed ears, every one of which measures fully one foot in length. The Housefelt good when it first beheld the field's productiveness, and no doubt has felt form the better it will be for their own peace good ever since. -Dr. Brown, of Meyersdale, Somerset

county, has in his possession a stuffed calf with two heads, which was born in that county a few years ago and lived for several weeks. The same lusus natura was in life the possessor of two hearts united by a ligature, two stomachs and two livers, and yet with all its endowments the youthful bovine was forced to succumb to that dread destroyer, Death.

- The sixteenth and seventeenth internal

revenue districts have been consolidated and will henceforth be known as the sixteenth district, with Edward Sculi, Esq., of Somerset, as the collector. This change necessitates the stepping down and out of a veteran office holder in the person of Samuel J. Royer, Esq., of Johnstown, who will scarcely know how to realize for some time to always be bought for as little if not less moncome how it feels to live without the public teat in his month.

-Two children in one family died at the Johnstown mine bank, near Hollidaysburg, on Saturday last, from a disease resembling cholera morbus, with which four others at the same place, all six being relatives, have also died within a comparatively short time. The presence of some poisonous substance in the drinking water and the fact that there are two or three dead horses in the immediate vicinity is said to account for the present

-The well known Carland store room and dwelling house on Eleventh avenue, Al-toona, will be offered at public sale on Mon-day, Sept. 18th, at 3 o'clock, p. m. This stand is one of the best located and the most successful in the Mountain City, and any man who has money to invest could not possibly put it where it would do more good for himself than in this really valuable property. See handbills printed at this office and soon to be posted.

The fire engine and hose carriage was run out on Monday evening last and the new water works thoroughly tested by applying two sets of hose to the engine and with less than one-half the usual labor throwing water over some of the loftiest houses in town, which indeed can be done by merely attaching the lose to any of the plugs, the pressure being so great that a good stream can be thrown one hundred feet or more by the force of gravity alone.

-- The Altoona Mirror is possessed of optics sharp, we ween, when it is able to discover that the contest in this county for Sheriff is going to be very close, "with the chances, as matters now stand, in favor of Davis, Republican." Bleeting Republicans to office in Cambria county is one of the lost arts, and unither Mr. Davis gor any other member of that party will ever again get so much as a smell at the political fiesh pols bereaway. Mark the prediction.

-No man not provided with a complimentary can go to the show to-merrow without expending some money, but every man can more than make up for the outlay by calling at the cheap cash store of Myers & Lloyd while he is in town and investing a few dollars in dry goods, groceries, and "sich like" -- articles which are needed in by list and distributed his cards bought at lower figures from the above firm than at any other country store in the county which the burglars took the lower sash out

> in charge of a baby carriage containing an eral papers and a few pennies, was found infant child backed the perambulator and its next morning in the middle of the road, not precious burthen into the river at Johnstown, on Saturday evening last, and then skedaddled up the street, leaving the infant to be fished out by other parties, who fortunately witnessed the occurrence and came to the rescue just in the niche of time. A roment or two more would have added another to entertained and a search warrant was issued the angelic host, and as it was the reduseitation of the almost lifeless infant required

-Brother Guss, of the Huntingdon Globe. escaped the delage by declining to be a cau-d date one week before the Republican con-vention was held, but Brother Durborrow, of the Journal, went into the contest, and, like modest editors generally, came out worsted, the ticket being H. G. Fisher for Senator, P. P. Dewees and Alex. Port for Assembly, (instead of Jos. R. Dorborrow and somebody else,) Perry Moore for Associate Judge, Daniel M. Conrad for Poor Director, John X. Latz for Jury Commissioner, and G. W. Huyitt for Coroner. The convention was held on Tuesday last.

- A had named John F. Dively, son of Mr. Wm. C. Dively, a former citizen of Holli-daysburg, accidentally blew his brains out with a short musket in Harrisburg on Friday last. The boy was blowing into the muzzle of the weapon at the time, and the presumption is that he had one of his feet on the trigger, which slipped off and caused the discharge of the gun, the contents en-tering his mouth and blowing out his brains, as already stated, producing of course in-stant death. The same had had the mistortune some time in April last to kill his little sister by accidentally striking her with a -A man named Corkel who had made his

escape while under arrest at McVeytown, Pa., was rearrested in Hantingdon, on Thursday last, for the alleged commission of a hellish outrage on a twelve year old daughter of Mr. Henry Wilson, of the former place, but while the officer in charge was engaged in purchasing tickets for the purpose of conveying his prisoner to the scene of the outrage, Corkel gave him the slip also and started up the Broad Top railroad track at a full run. He was eventually overtaken, however, by a young man named Oliver Moore and was subsequently taken to Lewistown and committed to jail to await his trial. -Altoona has never experienced such

hard times as now prevail in that city, and as a consequence merchants there are so anxious to get rid of their goods that they are willing to sell at almost any price for the ready cash. Buyers will do well, therefore, to avail themselves of the present opportunity for securing great bargains, and while they are at it we beg leave to remind them that one of the best men to strike is Godfrey Wolff, the renowned dealer in made-up clothing, etc., who never was in bester humor than he is now for virtually giving away every article in his mammoth store. Remember the place—Twelfth street, next door to the pest-office, Altoona.

-Tie Republican Committee of Hunting-don county, of which Allex. Port was chair-man and A. L. Guss secretary, met in Hunting ou on Monday last, and after electing W. Cun angham as chairman and Sam'l G. Leett as secretary, passed resolutions severely censuring Port and Guss for an alleged attempt to sell out the party to Messrs. Woods and Orlady, whom they designate as political tricksters. They also instructed their chairman to issue a call for an Independent Republican convention on the 12th of September next to nominate a county ticket, which instructions have already been complied with. So the Republican breach in Huntingdon county seems as far from being

closed as ever. More's the pity for them and pleasure for Democrats. -A young man without a wife of his own tried to console himself by promenading the streets of Johnstown about the hour of quiblican convention, the twelve on Friday night last with another man's wife, but his enjoyment was suddenly kind of a Portin a storm them both off to the lock-up and then went erally find their politi-on it comes to dividing hour thereafter appeared and fined the wohes in a party convention. , man \$10 and the young man just half that Esq., of the Altoona sum, with the costs appended in both inlarge several Republican "spons" instanter, the Burgess had both of ampaign. Leve's labor them locked up, in different cells of although the initials of your but they were subsequently released on paystand very well for flayes ment of the stipulated amounts. Cruel, stand very well for flayes ment of the stipulated amounts. Cruel, ment of the stipulated amounts are for a while, but yesterday he put it to us again pretty near red hot.

thin-skinned for the business. They say what they please about other people, and not unfrequently lay themselves open to the charge of iibel, but if any of their contemporaries happen to make a remark about them, entirely innocest and void of offense though it be, they get up on their ears and imagine all sorts of evil things, simply because they have some tender spots in their compositions which they think everybody is anxious to probe. Out upon such touch-me-nots! If they can't take a joke they should never perpetrate one, and if they are addicted to habits susceptible of an occasional hint, which we deny thinking of or intending in the latest instance at least, the sooner they take a new denarture in the way of re-

of mind. -The Johnstown Tribune says that from actual measurements made by Surveyor Peelor, of that place, the altitude of Johnstown above tide water is just 1,177 feet-the height being taken from the passenger depot. Gallitzin is 2,166 feet above the level of the ocean, and Altoona is not quite as high as Johnstown, as the alfitude is fixed at 1,164. Barree Station, Huntingdon county, is on a level with the Union depot, Pittsburgh—or at least within a few feet of the same. The Summit is the highest point on the Allegheny mountains, and we may add that the lowest point, in the matter of price, if not locality, is the famous Star Clothing Hall of Jas. J. Murphy, 109 Clinton street, Johnstown, where it needs no survey's instrument ment to discover that the best of ciothing can ey than at any other establishment in the

-As an addenda to the Herald's story about Mr. Edward Davis, of Jackson township, who, by the way, it forgot to say is now liv-ing with his third wife, being the father of twenty-five children, we may state that Mr. Michael Rager, a former well known citizen of the same township, now deceased, was the father of twenty-seven children, nearly all of whom are still living in that locality, and that upon four contiguous farms in the same neighborhood, occupied by four fami-lies only, no less than forty children can be counted at the present time, and we are not sure that the returns are all in even yet .-Verily, the divine command to increase and multiply is implicitly obeyed in the township of Jackson, which has produced some of the best men that can be trotted out anywhere, but not one so far as heard from who is ever likely to be elected to the office of Sheriff in the good old Democratic county

-After three protracted sessions the School Directors of this borough succeeded on Tuesday evening last in selecting the following corps of teachers for the ensuing term of our public schools, which commences on the first Monday of September, to wit: Prof. T. J. Chapman, to have charge of Class A in School No. 1 and general supervisor of all the other departments, at a salary of \$70 per month; Mr. Eash, to have charge of the school in Academy, with Class B and A of Schools No. 1 and 2 respectively, at a salary of \$45 per month; Mrs. Clark, \$35 per month; Misses Mollie Davis, Allie Lloyd and Hattle Jones, at a salary each of \$30 per mouth. Some of the Board thought that the selection of a Principal would be a Lite task, but, as the sequel shows, it proved otherwise, and hence it is that we congratulate Mr. Chapman, who has few superiors as an educator and disciplinarian, upon his return to our town after only a few months

-The store of our friend and patron, Mr. Wm. J. Buck, of Buck's Mills, Allegheny township, was, we regret to say, entered by burglars on Wednesday hight of last week and despoiled of about \$200 worth of goods and \$20 in money which had been left in the till. Access to the store was secured by -Either through accident or design a lad booty. The money drawer, containing sevfar from the store building. Mr. Buck was absent from home at the time of the robbery, having gone to Loretto to attend the Forty Hours' Devotion then in progress, and re-maining there over night. Strong suspicions and placed in the hands of an officer, but

with what result we failed to learn.

--Wm. M. Reese, the young man whom we noticed last week as having been arrested and held in \$300 bail for his appearance to answer the charge of stealing eleven Iollars from Mr. Richards, of Fairview, bas again been arrested, this time on suspicion of having committed a burglary at the store of Messrs. Lewis, Myles & Co., in Johnstown on the night of the 29th of April last, and also stealing various articles, the property of Mr. T. R. Kimmell and Wm. H. Rose, Esq., from the pump factory of the last named gentleman. A search warrant was issued and two trunks and two boxes belonging to the accused were found at the residence of his mother, and on being overhauled a great deal of the stolen property was discovered. There were also \$710 in greenbacks, \$5 in gold and \$1.60 in silver found in one of the trunks, and the balance of the stolen goods was subsequently secured at the residence of Mr. David Rowland, father-in-law of young Reese, who with his daughter, Mrs. Reese, keeps house at Killan's grist mill, in Indiana county, where the missing articles were found, and where Mr. Rowland is employed as a miller, his real home being on the clay pike, about six miles from this place. The accused was brought to Ebensburg on Wednesday night, he having failed to procure the requisite bail, \$1,000, and will no doubt be called upon week after next to answer the several charges brought against him.

PRESBYTEBIANISM IN EBENSBURG .- 1 u the course of an interesting historical address on the rise and progress of Presbyterianism in Ebensburg, Rev. MacGonigle, the talented young paster of that congregation, furnished the following facts: He said that in the year 1840 there was a movement set on foot among the Presbyterians of Ebensburg for the organization of a church. During seven years following there was occasional preaching, but not until the 28th of March, 1850, was the first Presbyterian church formally organized. It was organized under the direction of the Presbytery of Blairsville, with fifteen members and one elder. A few months previous a church had been organized at Summitville, and the two churches formed one charge, over which Rev. Andrew McElwaine was pastor. The church building was in course of construction at the time of the organization, and it was dedicated on the 10th of June, 1850. Ebensburg at that time comprised what is now the East Ward, with a few scattering houses within the pre-cincts of the present West Ward. During the twenty-six years since the church was organized there has been seven different pasters in charge of the congregation, suc ceeding each other. Judge Kinkead was the first elder, and still remains in that position, always taking an active part in every good work for the promotion of Christianity. -Johnstown Tribune.

OUR WESTERN BORDER.-Rs Life, Scenes and History.-No portion of American History is so replete with thrilling incident and interest as that known as the Heroic Epoch

of American Border Life. There is a charm and freshness about the stirring deeds and exciting adventures of the dread-naught old borderers-such dauntless worthies as Boone, Kenton, Brady, Logan, Harrod, McCullough, the Poes, Zanes, and Wetzels, that attract alike old and young, and when read in the light of recent events transpiring in the Indian country, show most vividly the trying scenes through which the pioneer men and women of our country have ploneer men and women of our country have passed. This history is fully given in the timely volume "OUR WESTERN BORDER 100 YEARS AGO," by Charles McKnight, Esq., author of "Old Fort DuQuesne," and published by J. C. McCURDY & CO., Philadelphia, Cincinnatri, Chicago, and St. Lonis, Agents are wanted everywhere. Address the Publishers for terms and Illustrated

Circular.

Local Correspondence.

CARROLLTOWN, Aug. 23, 1876, DEAR FREEMAN-

"The quiet August moon has come;
A slumbrous silence fills the sky;
The fields are stid, the woods are dumb.
In glassy sleep the waters lie," BRYANT. So it is in this hot, still month. All nature So it is in this hot, still month. All nature seems to be in calm repose; the dumb animals stand or ile idly in the shade, and even the musical musquito and the lively blue-tailed fly seem to desist from their bloody assaults upon man and beast, as if anxious not to disturb the quiet monotony of the scene.

THE FARMERS

are now busy preparing the ground for the fall grain, plowing and rolling clearings being all the go.

It is altogether probable that a good many persons in this vicinity will attend the great show in your town on Saturday next, as our toofal fural friends very generally think that after stowing away the abundant harvest they are entitled to at least one day's recreation and any semigrant.

have received their new sliver instruments and are well pleased with them. They played several choice pieces of music on their return from Ebensburg, where they went to receive and test the instruments. test the instruments:

test the instruments:

On Saturday last a meeting was held in the school house in Carrolitown borough for the purpose of organizing a Tilden and Heudricks Democratic Reform Club, and the effort was a success in every particular. Great enthushasm was evinced, and all joined with right good will and an unmistakable determination to do their level best for the cause. The meeting was organized by electing Hon. John Buck chairman, Messrs. A. Strittmatter and F. Bearer Vice Presidents, and Messrs. A. Walters and Joseph Behe Secretaries. The object of the meeting was announced in a few remarks by Mr. James Null, who was followed by A. Walters, Esq., in a really excellent speech of about one hour's duration, after which the following preamble and resolutions were adopted with-

preamble and resolutions were adopted with-out a dissenting voice: Whereas, The Republican party has had con-trol of the government of these United States whereas, The Republican party has had control of the government of these United States for a period of sixteen years, to the great detriment of the bonor and glory of our dearly beloved Republic, the ruthless expenditure of the public monies, and an entire disregard for the welfare of its people by continuing in important offices of trust corrupt and incompetent officials; therefore.

portant offices of trust corrupt and incompe-tent officials; therefore,

Resolved, That we, the undersigned, do here-by organize ourselves into a Democratic club, to be styled the Tilden and Hendricks Reform Club of Carrolltown and Carroll township, for the purpose of sustaining and defending the Democratic candidate for office, and increasing the Democratic vote in this locality, and to do all in our power to forward the interests of the grand old Democratic party and its glorious grand old Democratic party and its glorious principles, on the success of which in this Cen-tennial year of our independence depends the redemption of our country from the radical thieves who now control it.

Resolved, That this Club shall meet every Sat

urshy evening during the campaign.

There were fifty-two voters in attendance at the meeting, and on next Saturday evening fully as many more names will be enrolled.

Carrolltown borough and Carroll township elains the honor of having formed the first Democratic Club in the county for the present campaign. ACROSTIC.

Honest men, in trying times, Our country needs their might— Now in this age of the nation's crimes Samuel's call'd to set them right: Accepted! causing to rejoice Many a firm and honest heart, Uncle Samuel's cheery voice, Entered ready for the start. Loud the welkin rings— Joy is in every face— Tilgen! where among? Is foremost in the race, Leader of them ali= Democratic to the core Entered at the people's call. Now he gains the White House door MORE ANON.

THE LLOYD BANKBUPTCY CASE, -As a matter of special interest to many of our readers we publish the following from the Pittsburgh Post of Wednesday last :

In the U. 3. District Court yesterday, Judge In the U. 3. District Court yesterday, Judge Ketchum on the bench, came up first for argument, the case of William M. Lloyd in bankruptcy. Wm. Lloyd, the debtor, was represented by Hon S. S. Blair, of Holiday sburg, and John M. Kennedy, Esq., of Holiday sburg, and John M. Kennedy. Esq., of Holiday sburg, and John M. Kennedy. Esq., of Ebensburg, and N. P. Mervice, Esq., of Ebensburg, and N. P. Mervice, Esq., of Altoona, representing over three hundred creditors, and as many thousand dollars. This case has been in litigation for a long time. It first came before this Court, His Honor Judge McCandless on the bench; thence it was taken by bill of review before Judge McKerman in the Circuit Court. Next it came by reference before Register before Judge McKennan in the Circuit Court.
Next it came by reference before Register.
Shaffer of this city, sitting in Altoons. Now it
is before the District Court again, on exception
to the Register's report. It has been, perhaps,
the most hotly contested case in bankruptcy
ever before this Court. The creditors have
been successful at every stage of the proceedings, notwithstanding the earnest and elaborate
opposition by the learned counsel for Mr. Lloyd.
The case is one of unparaielled interest in Bhar
and Combrid counties as it affects so large a and Cambria counties, as it affects so large a number of people in that locality. The unusual lardship and aggravation in it result from the fact that nearly every laboring man in Altorn, who has been industrious and saving, is a loser by the failure of Win. M. Lloyd, while he, it is said, although utterly insolvent, lives in luxury and elegance. The fact that the bur-den of his failure fails with such crushing weight on the working classes, in many in-stances sweeping away the little fortune ac-cumulated by years of toil, has wrought that community into a pitch of bitter feeling seldom

observed.

The argument was opened yesterday morning by Mr. Blair for the debtor, and was followed by Mr. Reade for the creditors. The entire day was consemed in the argument, the Court situation of the court of t ting from ten o'cleck A. M., to six P. M. This morning Hon. L. W. Hall continues the argument for the creditors, and an able and effective effort is expected. Mr. Kennedy will conduct for the debtor.

From yesterday's issue of the Pittsburgh Post we clip the following in relation to the same case: Thos. Richey et. at. vs. Wm. M. Lloyd, debtor

Altoona. Argument on exceptions hied to the confirmation of the Register's report, as to the sufficiency of the creditors' joining in petition for adjudication, by Mr. L. Hall, of Harrisburg, against and Mr. Kennedy for the exceptions. Decision of Court reserved.

Fowl Doings.-The Johnstown Tribune of a recent date contains the following queer

Taylor township furnishes us with an item that will be read with interest. Recently a pheasant's nest was found near Angus' sawmill, in that district, and it was noticed that there were several eggs belonging to the domestic fowl known as the ben, in addition to a number that had been laid by the pheasant. The eggs were left undisturbed, and finally there was a that had been laid by the pheasant. The rags were left undisturbed, and finally there was a fight between the two birds most immediately interested, as to which was entitled to priority in the matter of hatching out the fruit. The wild one succeeded in driving off the tame one, and three weeks subsequently several intitle chickens of the domestic species stepped out from the shell. It is known to many of our readers that about one week longer is required to hatch out pheasant eggs than is necessary for hen eggs, and in this instance the pheasant left the nest as soon as the little chickens made their appearance. They were almost as wild as if they had been the simon-pure little pheasants, and since they were hatched out the old one and her brood have frequently been seen, but their capture cannot be accomplished. This opens up in a new light the argument for which country debating schools are famous; namely, "which is the mother of the chicken—the hen that lays the egg, or the one that hatches it out?" A pheasant hatching hen eggs, and the brood showing all the instincts of the wild fowl, would go far toward showing that she is really the mother of the hittle ones.

WONDERFUL ESCAPE OF A LITTLE CHILD.—The Huntingdon Local News of Monday last contains the following account, furnished by a friend at Orbisonia, that county, of a most remarkable escape from death of a little child about two years of

On Monday of last week, a little child, aged two years, of Mr. Geo. Sinclair, a painter by trade, residing at Rockhill station, strayed away from its home, both parents being absent, and got on the track of the Bast Broad Top Railroad, where it was playing with two other children. The mixed train came along, when the engineer Mr. Allen noticed Mr. Sinclair's child on the track, and endeavored to stop the train, but finding he could not do so, he went forward upon the cow-catcher, for the purpose of picking the child up, but failed. The child fell, and the engine and seven cars passed over it. As soon as the cars were stopped, the child leil, and the engine and seven cars passed over it. As soon as the cars were stopped, the child remains of the little one, but his surprise was great when he discovered that it was unliquired, and had its hand upon the rail, making an effort to get away. It had faller between two ties, and in this critical position it had remained until the engine and cars had pussed over it.

Aug. 18, 1876:—3m. WALSH & ANDERSON, Proprietors.

THE most popular and most raluable medical works ever given to the press are those written by the Consulting Physician of the "Peabody Medical Institute," Boston, who has devoted his life to the study of the subjects of which he treats in their pages.— These books are published by the Institute, whose advertisement may be found in our columns, and should be perused carefully by the young of both sexes. "The Science of Life, or Self-Preservation," is a practical treatise upon matters deeply concerning the health and vigor of both old and young, and has already had a career of usefulness and popularity gratifying to the author. Equally admirable is the work entitled "Sexual Physiology of Woman and Her Discases," by the same able author, who has recently written and published still another, entitled "Diseases of the Nerves and Nervous Maladies," a timely production. A Gold Medal has recently been presented to the author of these works by the National Medical Association. See advertisement.

THE VERY WORST CHRONIC DISEASES CURED.—There is no disease, however long standing, which may not be cured by proper treatment. Dr. Keyser has given chronic diseases of the lungs, heart, throat, and adjacent organs, his serious attention for nearly forty years, and any of them that he cannot cure may be set down as hopeless. Dr. Keyser is the discoverer of Dr. Keyser's LUNG CURE, a medicine that bids fair to revolutionize the whole treatment of pulmonary affections. Thousands have been cured by it who never consulted the Doctor at ail,

THE AMERICAN PEOPLE.-No people in the world suffer as much with Dyspepsia as Americans. A'though years of experience in medicine had failed to accomplish a certain and sure remedy for this disease at dits effects, such as Sour Stomach, Hearburn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Conplaint, coming up of the food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER We believe there is no case of Dyspepsia that ca not be immediately relieved. 30,000 dezen sold last year without one case of failure reported. Go to your Druggists, Lemmon & Murray, Ebensburg, or P. M. Woleslagle & Son, Wilmore, and get a Sample Bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

NEW ADVERTISEMENTS.

JAMES J. OATMAN, M. D., PHY-SICIAN AND SURGEON, Ebensburg, Pa. Office and residence in new building on High street, one door west of Blair House.

Aug. 25, 18:6.-tf:

Ayer's Hair Vigor, For restoring to Gray Hair it

A dressing which is at once agreeable healthy, an effectual fo preserving th hair. It soo restores fade or gray hai to its origina color, with the

gloss and freshness of youth. Thir hair is thickened, falling hair checked, and baldness often, though not always, sured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated inte activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment. it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and Ebensburg Woolen consequently prevent baldness. The Ebensburg, June 9, 1876.-tf. scalp arrests and prevents the formstion of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING. nothing else can be found so desirable Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Aver & Co. Practical and Analytical Chemists. LOWELL MASS
