\$29,335.99 A SKILLFUL PHYSICIAN. - Dr. George H. Keyser, of this city, is so well-known to the community in which he has been in successful practice for such a long series of years, that it is scarcely necessary to mention the location of his office. For the benefit of the few who may not be familiar with it, however, it may be stated that it is at No. 240 Peun avenue. The doctor, in his special liner of practice, may be said to be almost without a peer in this country. A lengthy experience and years of study have made him most thoroughly familiar with pulmonary complaints, and likewise with all that class of diseases that are to be cured by trusses and appliances of that character. Dr. Keyser is one of the best educated men in this locality-particularly so in his profession and in the particular branches of it to which we have referred. His thorough knowledge of diseases of this character and their treatment insure absolute safety, and those who place their reliance on him can rest assured that their faith is firmly grounded,-Pittsburgh Dispatch.
