

THE CAMBRIA FREEMAN.

EBENSBURG, PA., FRIDAY, - - - NOV. 22, 1878.

The Legislature of Georgia on last Tuesday re-elected General John B. Gordon to the United States Senate, every member of the Senate, and all five in the House of Representatives, voting for him.

The remarkable run for Congress made by Gen. Coffroth in Somerset county was eclipsed by that of J. Simpson Africa, the Democratic candidate for Secretary of Internal Affairs, in his own county, Huntingdon, in which Hoyt had a majority over Dil.

The official returns of the election in seven Congressional districts in this State, outside of Philadelphia, show that a union of the Democratic and Greenback vote would have defeated the following named successful Republican candidates.

COL. STANLEY WOODWARD, of Wilkesbarre, declares, so the Johnstown Tribune tells us, that next to General Grant, Gen. Hoyt is the most available candidate for the Presidency in 1880.

At the election in this county one year ago the Greenback party polled for Bentley, its candidate for Judge of the Supreme Court, 813 votes, distributed as follows:

It is not wholesome for a Democrat in Reading to play the part of political traitor. On Saturday night after the election, the Democratic Association of that city expelled Peter D. Wanner, who was a candidate against Hiestler Clymer for the nomination for Congress.

GENERAL WILLIAM McCANDLESS, who, for some reason unknown to us, is familiarly called "Buck McCandless," was the Democratic candidate for Congress in one of the Philadelphia districts, and was defeated by Gen. Harry Bingham by a majority of 7,400.

We don't know how much of the twelve or fifteen thousand dollars appropriated by Congress, at the instance of Harry White, for a survey of the Conemaugh and Kiski rivers with the pretense of making them navigable, was spent by Col. Worrall, the chief engineer, and his assistants, but presume the job has been completed as far as it was intended to be, judging from the fact, as we are stated, that last week Worrall was engaged as one of the Commissioners on this State in ascertaining the true boundary line between Pennsylvania and Ohio.

CHANGES IN CATHOLIC CHURCH GOVERNMENT.—A change in the government of the Roman Catholic Church in this country will go into effect on the first day of the coming year.

THAT pure and eminent statesman, Simon Cameron, has again expressed the opinion that Grant will be nominated for a third term in 1880, and that he will carry every northern State.

ALLEGHENY COUNTY IS THE SECOND COUNTY IN THE STATE, AND ENTITLED TO AT LEAST ONE OF THE SEVEN JUSTICES ON THE SUPREME BENCH.

The above sentence is taken from an editorial article which appeared in the Johnstown Tribune on the day succeeding the publication of Judge Agnew's letter, addressed to the people of Pennsylvania. It is the assertion of the superior claim of locality upon a State convention in the nomination of a candidate for a State of office, and is as often made by Democratic as by Republican editors.

At the election in this county one year ago the Greenback party polled for Bentley, its candidate for Judge of the Supreme Court, 813 votes, distributed as follows:

A terrible accident occurred Thursday night at Peal station, on the New Brunswick railway, a narrow gauge line which runs from Gibson, opposite Fredericktown, to Edinmaston, via a branch to Fort Fairfield and Cambridge, in Maine.

As the train passed the station the baggage master threw out a bundle of grain bags from the car, intending to throw them on the platform. Instead of reaching the top of the platform they struck the car and bounded back beneath the car wheels, where they were caught and dragged for some distance, the cars finally leaving the rails and running across a small bridge on the sleepers.

THE instant the first class car reached level ground it was seen to be on fire, and, although there was plenty of fuel near, the flames made such rapid progress that it was almost impossible to render any effective assistance to those who were struggling in their perilous position.
