WHY SHOULD & MAN DRINK ?- There seems to be no valid reason why a man should take into his system intoxicating drink. It is neither food, shelter por raiment. WHAT THE PROMISED LAND FLOWED WITH .- Little children sometimes give strange answers to questions propounded on the subject of the Promised Land. A. Sunday school teacher asked : "Who led out the Israelites ?" "Moses," was the prompt reply. "And from where did he lead them ?" "From Bondage," answered several. "And to where did he take them ?" "To the Promised Land, sir."

"That's right, my little dears. Now what did that land flow with ?"

"With honey," said three or four. "And what else ?" Here was a sticker-no reply.

"Come, children, some of you surely remember. When you were babies, what did your mammas give to you ? What else did the Promised Land flow with besides honey ?"

Again a blank pause.

"I know, thir," said a little five yearolder, springing to his feet, and elevating his little hand. "I know what it wath, thir ; I know, thir."

"What was it, my dear ?"

The teacher, amid the laughter of the adult spectators, proceeded to shange the
