JOSEPH HOGUE.	He stopped at the doorway for an in- stant; then, with a growl, he started into the room. I have heard people tell about thinking quickly in times of great danger, but for my part, I can say that on this occasion I did not think at all. Hardly knowing what I did, I seized a ruler, grasped the two little girls and drew them to me. The dog advanced towards us, but he	comes responsible for the collection of the	The foregoing is a digression which will be pardoned, as the battle has been fought thirty one years, and the narrator has the privilege of introducing fresh incidents into what is, in some measure, a twice told tale. It might be thresome, at this day, to en- ter into all the details of that memorable battle, in which the small American divis-	If arctic explorers have not discovered a practical northwest passage, whales have, as is shown by the fact that whales have been explored in the North Pacific having harpoons that were thrown into them on the other side of the continent. Captain Bauldry of the Helen Mar of San Francisco has taken a whale having in it a large flint harpoon, supposed to have been put in by	cheeks. "No, it didn't kill me," I said, "but I was a good deal discouraged." "Well, what did you do, Mr. Perkins?" "What did I do? Well, gentlemen, to tell the honest Connecticut truth, I went right out into the pasture, took off my cost, hummed my bare back, and took elseen clips of lightning right on my bare	This duel was fought in 1832. It was a very bloodyjone, both men being gashed fearfully, and Jones was family out into slices across his breast, and killed out- right. It is said that this duel was re- markable for having been fought in utter silence. Though the knives slipped in and out of the bodies of each mtn, neither said a word. With their lips elemended and their teeth set like a vize, they fought in silence. Not a sound came from the month of either. And when at last Jones fell in death, Orland inmod, and washing the blood from bea face, spoke for the first time, stidres og his strond.
