rejects-scorns-does not care for me. I "Then you've robbed me of ten pounds will poison myself-mix a deadly drug I should have got for your wretched ear-

with this last glass, and be free of the cass." "I'll never do so no more, sir-I won't,

John re-turned his paper, gave it a 'pon my soul I won't." punch in the middle, got it folded conve-"Soul ?" cried John, shaking and kick-

niently, and went on reading. ing him, "you haven't got a soul in your "I say," continued the stranger, loadly, wretched, despicable body, or I'd shake it "I will poison myself where I stand, and out. Now," he continued; opening the fall here dead, as a warning to a brutal side door, "be off, and try and get some 1.00 and unfeeling world." honest work to do, and leave off swindling. John went on spelling through his paper You're one of the sort of scoundrels who without moving a muscle. put soap into your mouth to make froth, "Here, then, is an end of my worthless and then fall down, and humbug people

self," and the stranger, very deliberately with believing that you've got fits." took a small packet from an envelope-a "Yes, sir-no, sir ; pray let me go, sir," packet that looked like the white powder gasped the poor wretch. that goes with the blue under the name of And at last, John set him at liberty, seidlitz; and this he opened very deliber- sending him flying a little more readily by ately, and emptied into the beer, where, giving him a sharp kick with his anything

but light hoot for the most part, it lay on the froth. John looked up, saw what he was doing, "I saw him again a week after," said and the state of affairs-how the white John, "and he was carrying a pair of power emptied out of the paper refused to sandwich boards. I knew that he was mix with the beer. only trying it on, and that the poisoning "Like a spoon ?" he said, getting up and was a dodge. But I dont think he'll ever handing one. try to poison himself anymore. At least,' "A spoon? Yes," said the stranger, he added, after a pause, and his face puck

with a mocking laugh that would have ered up with a jovial smile-"not with been worth ten shillings a night at the chalk.' Surrey Theatre. A 100 B

As he spoke, he took the spoon, stirred How TO MAKE A PAPER,-Some people the liquor, and threw the little piece of estimate the ability of a newspaper by the metal down, while John resumed his place quantity of original matter. It is comand went on reading. paratively an easy matter for a frothy "Farewell, cold world, farewell !" said writer to pour out daily a column of words the stranger. "They may bury we where -words upon any and all subjects. His you?" they will. I might have been great ; but ideas may flow in one weak, washy, evernow-ab, now, poor, neglected one !- they lassing flood, and the command of his promptly, all hope being gone : may bury me in sunshine or in shadow, I language may enable him to string them together like bunches of onions, and yet care me not."

He took up the glass, drained it to the his paper may be a poor and meagre conlast drop, and then, standing the glass cero. Indeed, the mere writing part of down, held on by the counter, and heaved editing a paper is but a small portion of a tremendous sigh-one which sounded the work. The care, the time employed like satisfaction at the goodness of the bit- in selecting, is far more important, and the ried to-night, and leave early in the mornter beer.

As for John, he went on reading as coolly selections than anything else; and that, But on the judge turning toward him, he as could be, his lips moving as though he we know, is half the battle. Butjas we

which he did ample justice.

After support hey adjourned to the parlor and he entertained his new-made friends with the latest news from the outside world. trict, where the dwellers were half farmers their daughter to entertain him; and lean, lank, and yellow-haired, with the verwhether it was the puuch, or what, at all dure of green grass and hav seed clustering events he made hot love to her, and finally and clinging about him. The wife was verasked her to be his wife and go to Texas dant enough, but a few years spent in one with him, to which she consented. She, of the better families of New Bedford, as a
