THE large increase of our business thus far this year makes it necessary to

ENLARGE OUR PREMISES.

We have been cramped and crowded all the season in some of our Departments, and our only alternative is to make some important alterations and additions to give us the needed room. The only time to do this is during August and September, the duffest periods of the year, To allow the builders to get on rapidly with the work, some or our goods must be removed or sold. To save expense of removing certain stocks, to prevent loss and depreciation from dust during the alterations, we have concluded to offer many of our goods at or about cost, The whole of our stock will be found to be marked very, very low,
