are many people who go to a premature grave, simply through neglect. The seeds of fatal disease often have their origin in slight pains in the head, back, or side ; indigestion, dizziness and nervousness, want of sleep, bad dreams, and various unnatural feelings. These will in time cause kidney and liver complaints, paralysis, and even consumption. Everyboly should realize that a sluggish circulation of the blood, headache, backache, and irregular breathing are certain indications of a torpid or discused liver, irritated kidneys and enfeebled nerves. MR. KIRRY DEFINES HIS POSITION .- The Johnstown Democrat of Wednesday last publishes a letter from Mr. P. F. Kirby, of Wilmore, in which he gives his reasons for withdrawing from the Shrievalty contest, and for supporting and asking his friends to support Mr. Nagle. Here is his tifth and last reason, and the one which contains the

Fight. Mr. Nagle being the older map and be bringing in a solid Northern delegation, and as that part of the county claimed the Sheriff at this time. I have withdrawn, rather than remain in the field and have the party and myself defeated ; and as I have withdrawn for the good and success of the Democratic party. I hope my riends will support the whole ticket, and nothing but the ticksupport the whole ticket, and nothing but the tick-et, and roll up an old time impority for the Demo-oratic party of Cambria county which we will never regret. And in regard to the editor of the Johns-town Tribune, he says Mr. Kirky is credited with \$1,500 for getting out of the way, and it is not im-probable that Nagle paid this sum to Kirky to get him off. Mr. Swank, I defy you or any man in the county or State, to prove the above assertion. Respectfully yours, P. F. KIRBY,
