ACTETTED.

That persons walk in their sleep and are unconscious of ordinary impressions, but yet retain sensations, there is, we admit, no doubt. One curious instance ved to rise every night about midnight,

occurs most often in sleep, when the or- rendered him liable to occupy the penidinary mental power is no longer gov- tentiary for a term of years if he were erning, and hence the attack is called caught. The case was placed in Pinkeroccurred in a school-girl who was obser- somnambulism. The somnambulist will ton's hands and one of his men detailed

Daggers got a shot at Bruin and wounded him, though not so as to disable him. The dog gained on the bear, however, and family pressed him so closely that he took refuge i a tree, climbing up thirty feet among the weave the somnambulism of one night to work it up. He was fortunate branches. At the first shot from Dagger Laggers knew that he had touched a vital pot. Before he could again use his knife, the hear struck him with one of his forepaws which knocked the hunter to the ground the ground. In backing away from the bea immediately lost all knowledge of those and determined to make the best of a he feil over backward among the stones and serub oaks. Fortunately for him, as he to tear the prostrate hunter to pieces. entered the bear's right eye, tearing it from the socket. The bear rolled over on the ground, how! ing with rage and pain. Daggers jumped which the two sat. The detective was him by the shoulder. With one sweep of him almost completely worn out from loss of paw he tore the clothing from the hunter's ody and tore the flesh from his shoulder Daggers was weak from pain and the strug gle he had, but for ten minutes he had t fight for life. Finally he dropped senseless to the ground. When he came to the bea him that be imagined the slightest move lay dead five feet away. Daggers THE BATTLE OF CHICKAMAUGA.

to mishap should occur to her, and to have all the doors opened, and the way kept clear for the return of the sleeping A PRODICY .- Thereare many persons who, if we are to place full credence in pedestrian. This continued for some their biographers, must have been extime. But at length the somnambulist's traordinary marvels of prococity and fancy took a more adventurous turn, cleverness. Anne Maria Schurmon, for Slaters had come to work on the roof of example, who was the boast of Germany, evinced a desire to star-gaze. Accord-ingly, on the next night, she turned to in paper the most delicate figures ; at the slater's ladder, and to the horror of eight she learned in a few days to paint

with a sloping roof on one side and a cost her only live hours's application to low parapet wall on the other. The attendants now became almost frightened out of their wits, and knew not what to do or think. The feared to call ; for selves till she was 12 years of age, when return to consciousness in such a place would almost inevitably lead to her stumbling on the roof or falling over the apartment where she sat, and it was the parapet. Their terror was, however, not yet at its height. The somnabulist came to a slight obstruction in the gut- little girl prompted them without any without hesitation, stepped upon the what she had gained from hearing the parapet, and continued her walk upon boys coon them over. In her education the narrow stone coping. A single slip, she made extraordinary progress, and is a false step, would have precipated her said to have perfectly understood the from a height of thirty or forty feet ; yet German, Low Dutch, French, English, to awaken her would almost certainly Latin, Greek, Italian, Hebrew, Syriac,

have led to the same catastrophe. The Chaldean, Arabic and Ethiopian lansleeper continued her walk to the end of guages. Her knowledge of science and the coping, and then turning round, re- her skill in music, painting and sculpsumed her walk to the dormer window, ture were also extraordinary, and her decended the ladder, reached her bed- talent for modeling was shown by the room in safety, and lay down in her bed | wax portrait she contrived to make of awaking in the morning quite unconscious of her midnight danger and of her narrow escape.
