...—An election for officers of the Ebensburg and Cresson Branch Railroad was held here last Monday, when the board as constituted last year was chosen to be their own successors. All of which means that free passes for about a dozen persons will continue to be the rule for yet another twelve-month.

—The board charged with the auditing of the receipts and expenditures of Cambria county for the past year are making good headway. They report two-thirds of their work already completed, with the likelihood looming up that they will be able to draw their salary and quit some time next week.

—Mr. Frank B. Davis, of Johnstown, has been granted a patent for a nut lock. We gather this information from the *Tribune*, which paper strangely enough omits mentioning whether it is the fruit of the beech, the hickory, the walnut or the chestnut tree which Mr. Davis proposes to turn the key on.

—The Johnstown *Tribune* has discovered that the well-to-do gentleman who recently changed his bearding house in this place—removing from the Cambria to the Crawford House—is Mr. Richard Tudor, and that it was not for forty years but twenty-five years he occupied a certain room at the hotel first named.

—Thus far, Judge John F. Barnes, of Johnstown, and Thomas R. Scanlan, Esq., of Carrolltown, are the only aspirants we have heard of for the Democratic nomination for the District Attorneyship of Cambria county. Wm. H. Rose, Esq., the present incumbent, is reported to have said that he will not be a candidate.

—Billy Long, of Du Bois, Clearfield county, is one of the oldest trappers and hunters in the State. He has passed his eighty-sixth year, and has searched the woods for game since boyhood. He has killed thousands of deer, hundreds of bears and wolves and lots of panther in his day. He still wears moccasins and dresses in buckskin.

—The value of being fully acquainted with all the important news of the day is as apparent to every thinking man as the entertainment afforded at the family fireside. This can be secured in such full degree by subscribing to our paper and receiving the Pittsburg *Weekly Dispatch* for the full year, that all should take advantage of the offer.

—It is not always possible to account for the milk in the cocoanut, but a little circumstance noted elsewhere seems to be accepted as a pretty fair indication of the reason why a certain Democrat whose habitation is not more than a thousand miles from Ebensburg thought it would be easier for him to vote for Mr. Griffith than Mr. Nagle at the recent election.

—Two mortgages were lately filed for record in the Recorder's office, Hollidaysburg, that are worthy of note. One was for $800,000, given by the Tide Water Pipe Company (Limited.) The other was for $400,000, given by the Bald Eagle Valley Railroad Company. Both mortgages are in favor of the Fidelity Insurance Trust and Safe Deposit Company Trustee.

—Our friend Mr. W. A. Todd, in renewing his subscription to the FREEMAN, advises us that he has accepted a position with H. C. Frick & Co., manufacturers and shippers of coke, at Scottdale, Westmoreland county. The position resigned by him of railroad agent at Scottdale has been filled by the appointment of Mr. S. C. Weber, formerly of Irwin, Westmoreland county.

—Our esteemed exchange the Bellefonte *Watchman* lately attained the age of twenty-five years, and we take this occasion to say that within the past quarter of a century few country journals have done so much for the advancement of the cause of Democracy as it. May the *Watchman* survive a hundred years, and may we be on deck to commemorate the event.

—Deputy Sheriff Kinkead has this week been engaged in the arduous task of serving notifications on the several jurors lately drawn to serve at the regular and special sessions of our County courts. The county from centre to circumference, east, west, north and south, must of necessity be traversed by him, and it is a high work with the roads a foot deep with mud.

—There is a great revival in trade, and it will likely continue through the next twelve months. No doubt there will be many fluctuations in the markets. Every farmer and storekeeper should, by subscribing to the FREEMAN, procure the Pittsburg *Weekly Dispatch* a month for nothing. Particular attention will be given to finance and trade reports during the coming year.

—Dr. Bowers can be consulted free of charge at the Blair House on the 16th, 17th and 18th of the present month. The Doctor has performed some great cures during the short visits he has made to our county, and claims to be eminently successful in the treatment of consumption, catarrh, heart disease, scrofula, spinal diseases, paralysis, cancer, tumors, falling fits, dyspepsia, etc, etc. [2.]

—"Uncle" Joe Weisser, of this place, proposes to pull up stakes, so to speak, about the first of April, and move to Summitville, where he intends to open a hotel, or rather is now occupied by Mr. Christ. Reich, and for which he hopes to obtain a license at either the special or March term of Court. Christ. says he hasn't got it (e)nough in the hotel business at Summitville, but that is no reason why a Weisser man may not succeed.

—Mr. W. C. Keller, lately a clerk in the Harrisburg postoffice, has been admitted to bail in the sum of $800 to answer the charge of robbing the United States mail. He will be tried before the United States court in Philadelphia on the third Monday of February, prox. Mr. Keller was formerly a resident of Hollidaysburg and Altoona, and twelve or fourteen years ago was largely engaged in the business of mining coal at Lilly's this county.

—If will be seen by an item in our general news department that Henry Clay has got an office—a postoffice down in Virginia. It will also be seen by reference to the jury list elsewhere that Andrew Jackson has been drawn to serve on the jury at the March term of Court in this county. The latter gentleman lives in Dean township and for aught we know is a lineal descendant of "Old Hickory" himself, though it's not at all likely.

—The name of Mr. James M. Singer, Register and Recorder of Cambria county for two terms, and late Quartermaster of the Fifth Regiment, N. G. P., appears in the list of persons recommended for special military pensions by Congressman Coffroth, of this district. Many old soldiers hereabout would like to know, you know, the exact nature of the claim thus advanced by Mr. Singer. They express a curiosity to discover what is wrong with the man, anyhow.

—We were a little previous in announcing the marriage of John Henry Roberts, a colored youth of this place who returned from Ohio a few days ago, the interesting event not having taken place until Wednesday evening last, when the nuptial knot was tied at the pastoral residence by Rev. Father Mullen. The bride is said to be a rather good looking colored girl—or rather woman now—and that is where she has considerably the advantage of her "worser half." May good luck attend them.

—We ought last week to have said that our friend and fellow-citizen Mr. A. J. Rhey is the gentleman to whom credit should be rendered for having put the brook trout waters of the Blacklick with black bass. The fish were procured at the State Fishery, entirely through the instrumentality of Mr. Rhey, and were by him, assisted by Mr. George Isenberg, planted in their new home in the midst of a storm rough enough to blow the shoes off the hind heels of a mule. Honor to whom honor is due.

—It is current rumor that a bid running up in the neighborhood of $10,000 has been offered F. A. Shoemaker, Esq., for the fee simple of the well-known summer resort, "Belmont Cottage." Should it be accepted, Mr. T. H. Heist, its landlord for the past two summers, will be left out—a result which we would greatly regret, for that which we would greatly regret, for that which we would greatly regret, for that
