## The Democratic Platform.

The following is the platform adopted by -Patrick Carroll, a miner, who was the National Democratic Convention at Cin-

> The Democrats of the United States in Convey ention of the party.
>
> Reposition to contralization and to that dan

feated candidate to brite his way to the sent of a usurper by billeting villians upon the people.

2. The resolution of Samuel J. Tilden not again to be a randidate for the exaited place to which he was elected by a majority of his constrymen, and from which he was excluded by the lenders of the Republican party, is received by the bemoerate of the United States with sonsibility, and they declare their confidence in his wisdom, patriotism and integrity, unshaken by the assautis of a common enemy, and they forther assure him that he is followed into the relirement he has chosen for himself by the symathy and respect of his fellow. ratified of his country and his party.

10. Free ships and a fiving chance for American
commerce on the seas and on the land. No disrimination in favor of transportation lines, corpostions or monocoules.

mere Chinese immigration, except for trav-lextion and foreign commerce, and therein cafully guarded.

12. Fublic money and public credit for public purposes solely, and public land for actual settlers.

13. The Democratic party is the friend of labor and the laboring man, and pledges itself to protect him alike against the commune.

The Democratic Candidates,

The following brief sketches of the Denis eratic nominers for President and Vice President are turnished by the Philadelphia Ledger, of a recent date:

DESCRIPTION OF THE PROPERTY OF THE PROPERTY. Major General Winfield Scott Haureck, the sunddate of the Democratic party for Presiden of the United States, was found a Mentgomer county, Pa., February 14, 1824, which makes no at present 56 years old. He is the one of Berga with Franklin Haureck and Eduzabeth Haureck who removed to Narristowa in 1825. His falls was a soldier of the war of 1872, and otherward

in the war with Mexico be was conspicuous to In the war with Mexico be was conspicuous for his bravery and gallantry being cagaged in the defense of the convey at the National Bridge, August 12, 1817; the capture of San Artsulio, August 12, 1817; the capture of San Artsulio, August 12, 1817; the capture of the same day: Moline del Ruy, on the 820 of September, 1817, and the assault and capture of the City of Mexico on the Eath of September, 1817. For his gallant and incritorious co duct at the battle of Chapmass co he was breveted First Lieutenant, August 20, 1817. He was promoted to the rank of First Lieutenant January 27, 1838, and served as Assistant Advatant General of the Department of the Work with bendquarture at St. Louis, Mo., from Jane to November, 1835, and on November, 1835, and on November, 1835, and on November 1835, and the Scientific the against the Scientific Indians, and these was ordered to Kansar, in the gring of 1808, he marched with the Utah expedition as Quarter master on General Harvey's staff from Fort Leavenstont, Kansas, to Fort Pridger, Utah Territory, Later, during the summer and fail, he may be a staff that the arm the Sixth Indians as East Reduction. tory. Later, during the summer and fall, he more

California.

When the war against the rebellion broke out he was on duty in California, but as soon as he could get leave he came home to the Atlantic resteard seeking the most active service. It was seen at a very early day that the young fellow who had shown the soldierly qualifies he did at Charmonsee, Courterns, Melino del Rey and the City of buses, Courterns, Mislimo del Rey and the City of Mexico was the man for important command, and he was commissioned brigadier. From that that on his career at soldier and general is one of the brightest and most important pages of the Arm, of the Potennac.

Beginning with his brilliant charge at Williams have and following with his loss hatter in the

Beginning with his brilliant charge at Williamsburg, and following with his four battles in four days on the Pennsanh, continuing with South Mountain, Anticiam and Mary's Heights to froze of Fredericksburg, in 1852 Chancellorsville, May 1863, to Gettydorg, where he was Meade's tight arm, after Reynolds fell, and where he went down himself with what throatened to be a mostal wound. And then up again in December through the fearful Bgirts under Grant and Missile in the wilderness, at Spottsylvania, North Anna and Cold Harbor, in all these and many fights not mentioned until his famil murch up the river—General Hancock well wen the title of a superfer soldier and general. His command was always travited for severe and critical work, and he hierself was always in the frost of battle as an example and a simulay to he rent of battle as an example and a stime troops.

With this mero skeleton reference to his service.

We clo

se country in his espacity as soldier, we closed somervations on his utilitary career; for it is difficult when writing of Hancock as reser-

## HOW TO GET almost Everything.

Do you know how to use in the easiest way and to best advantage what you want for dress and house-furnishing

First, how: Write for a catalogue; see what you can learn from it about the things you want. If samples can be useful to you, ask for these and state your wants so plainly that exactly the right samples can be sent.

Second, where: The place where goods are kept in the greatest variety; where they are sold for what they really are in respect to quality where prices are lowest where most care is taken to serve customers accenably; and where you have the right to return whatever is not satisfactory.

There-no matter where you are-if you make your wants known and avail yourself of your privileges you will get the best things in the best way, promptly and without trouble or risk; sometimes by mail, some. times by express, almost always at less cost for carriage than the money was save in the price.
