One of the most thriving industrial establishments in Carrolltown is the wagon manufactory of Messrs. D. C. The pole is a stout, straight and stalwart hickory, 122 feet in height, and was raised just as easily as Han-cock will be elected in less than a month ce. The meeting, which was a very spirited and enthusiastic one, was somewhat annoved, it is said, by the contemptible black-guardism on a small scale of the J. O. P. In other words, their mutual affinity being stronger than the affin-ity of either for anybody else, they eloped, skedaddled, lit out. Steps are being taken to procure a divorce, the injured husband being the prime move rin the matter. Whether the woman took away with her any of the chil-dren or not, we have not learned, but as she s said never to have shown much affection for them, the presumption is that she heart-lessly deserted them as well as her husband. RESEARCE COL 4 (580)

Brisano, Oct. 4, 1880.

Draw Frienan.—On Friday evening last, Oct. 1st, the Mancock and English Club or this place, in conjunction with the Club from Strongstown, Indiana county, held a moeting here which was admitted by all to be the largest and most entimistastic that has ever convened in Blacklick township. After dark a grand torchlight procession, consisting of ninety-two men in uniform, accompanied by two martial bands, marched through the streets of the village, after which they halted in front of the residence of Mr. John B. Hite, President of the Belsano Club, where the meeting was organized by the selection of the following officers: President, Jos. Mardis, Esq., of Blacklick; Vice President, Samuel Wilson and Chas, Farabaugh, of Blacklick, and Moses Strong and Ephraim Orner, of Strongstown. Mr. Hite introduced Hon. John Fenlon, of your place, who spoke for an hour and a quarter in a foreible and convincing manner of the frauds and outrages perpetrated upon the people of this country by the Republican party during the past fifteen years or more. His remarks were frequently and loudly applanded. Thos, H. Cresswell, Esq., of Strongstown, was then introduced and for fully three-quarters of an hour held the attention of the meeting while he delivered a vigorous, conside speech, which was well received.

Mr. Hite, who did so much to make the meeting in all respects a success, was until recently a member of the Greenback party, but like a number of others in this locality has returned to the ranks of the Democrats of Biacklick and Strongstown are all heartily enlisted in the cause and will do their duty in stampling out the Great Fraud of 1876 and heartily enlisted in the cause and will do their duty in stampine out the Great Fraud of 1876 and turning out of power the Republican party, which only seeks to perpetuate itself by foul and lying abuse of more than one half the people of the Union.

JOHN WANAMAKER'S STORE.

THE STORE AND THE TRADE.

A study of this ground plan, incomplete as it is, will give you a better idea of the store, and of what is in it, than description can do. The store covers 21/4 acres: a basement is under, and galleries are over, a part. The whole affords

somewhere about 5 acres of room. This particular business is 4 years old; it began in 1876 with clothing; in 1877 it became a general store with such goods as you see in the plan, with carpets, upholstery, furniture, and kitchen-furnishing up-stairs. Since that time gallery after gallery has been added; and there is not an inch of room to spare anywhere. To the surprise of many, it has flourished while trade was languishing almost everywhere else.

surprising that so conspicuous a business should ever be misunderstood. We do facilities for your getting what you want. We don't mean to say that other facilities are not provided for distributing

goods; but that's a different thing. We provide so that you get what you want, exactly what you want! In the first place we've got it. In the second | we have won it, we shall have one means place we send it. And if we send you of keeping it, viz., by dealing with you the wrong thing, or if you think the charge is too much, you bundle it back large return for your money, and sup-We tell of these things in the news-

papers, because there are thousands of you who don't know what we are doing; thousands of you don't know the character of the stock that fills these 5 acres: thousands of you who, therefore, buy where you pay more money.

We are every merchant's fair and open competitor. We do not expect to gather millions of trade from all over the country without meeting opposition and misrepresentation. Some will believe whatever is said against us. The only answer we make is: Send back To us there is no mystery about it; whatever you don't want at the price,

We want your trade. You want our goods; or would want them, if you knew. No matter how far away you nothing more than simply to provide may be; you will do well to send to us for some things. We ask you to write to us about something you have present occasion for.

When we get in communication with you, we shall have one means of winning your trade, viz., by pleasing you. When as we deal with everybody: giving you plying your wants so intelligently that you will write us for what you want as naturally as you say "good morning" to your next-door neighbor.

FAMILY CHOCOLATE! An article superior in quality and lower than any other in the market. A promit ged New York physician gives it opinion that chosolate is preferable to tea or esflere because it adds strength to the body, new life to the exhausted brain, quiets the nervous system, harmonizes the workings of the digestive organs, and gives purity to the blood.
